Jaime,Wei-Peng Teo,Thomas Rupp,2023-01-02 Understanding Writing Transfer Randall Bass,Jessie L. Moore,2023-07-03 While education is based on the broad assumption that what one learns here can transfer over there across critical transitions what do we really know about the transfer of knowledge The question is all the more urgent at a time when there are pressures to unbundle higher education to target learning particular subjects and skills for occupational credentialing to the detriment of integrative education that enables students to make connections and integrate their knowledge skills and habits of mind into a adaptable and critical stance toward the worldThis book the fruit of two year multi institutional studies by forty five researchers from twenty eight institutions in five countries identifies

enabling practices for and five essential principles about writing transfer that should inform decision making by all higher education stakeholders about how to generally promote the transfer of knowledge This collection concisely summarizes what we know about writing transfer and explores the implications of writing transfer research for universities institutional decisions about writing across the curriculum requirements general education programs online and hybrid learning outcomes assessment writing supported experiential learning e portfolios first year experiences and other higher education initiatives This volume makes writing transfer research accessible to administrators faculty decision makers and other stakeholders across the curriculum who have a vested interest in preparing students to succeed in their future writing tasks in academia the workplace and their civic lives and offers a framework for addressing the tensions between competency based education and the integration of knowledge so vital for our society   <u>Clinical Application of Artificial Intelligence in Emergency and Critical Care Medicine, Volume IV</u> Zhongheng Zhang,Rahul Kashyap,Longxiang Su,Nan Liu,Qinghe Meng,2024-01-23 This Research Topic is the fourth volume of the series Clinical Application of Artificial Intelligence in Emergency and Critical Care Medicine Volume I Clinical Application of Artificial Intelligence in Emergency and Critical Care Medicine Volume I Volume II Clinical Application of Artificial Intelligence in Emergency and Critical Care Medicine Volume II Volume III Clinical Application of Artificial Intelligence in Emergency and Critical Care Medicine Volume III Analytics based on artificial intelligence has greatly advanced scientific research fields like natural language processing and imaging classification Clinical research has also greatly benefited from artificial intelligence Emergency and critical care physicians face patients with rapidly changing conditions which require accurate risk stratification and initiation of rescue therapy Furthermore critically ill patients such as those with sepsis acute respiratory distress syndrome and trauma are comprised of heterogeneous population The one size fit all paradigm may not fit for the management of such heterogeneous patient population Thus artificial intelligence can be employed to identify novel subphenotypes of these patients These sub classifications can provide not only prognostic value for risk stratification but also predictive value for individualized treatment With the development of transcriptome providing a large amount of information for an individual artificial intelligence can greatly help to identify useful information from high dimensional data Altogether it is of great importance to further utilize artificial intelligence in the management of critically ill patients   **Moody's Municipal & Government News Reports** ,1997-03   **Food and Nutrition for Athletics: Redefining the Role and Application** Xiao Li Shen,Baoming Tian,2025-04-28 Food and nutrition play crucial roles in athletic performance and overall health Traditionally the focus has been on providing athletes with adequate energy and nutrients to support training and competition demands However recent advancements in sports science and nutrition research have led to a re evaluation of the role and application of food and nutrition in athletics This includes exploring innovative dietary strategies to optimize performance enhance recovery and mitigate the risk of injury and illness Additionally there is growing recognition of the individualized nature of

nutrition requirements among athletes considering factors such as training load metabolic demands and genetic predispositions As such redefining the role and application of food and nutrition in athletics is essential for maximizing the potential of athletes and promoting long term health and well being *School's Choice* Wagma Mommandi,Kevin Welner,2021 Access issues are pivotal to almost all charter school tensions and debates How well are these schools performing Are they segregating and stratifying Are they public and democratic Are they fairly funded Can apparent successes be scaled up Answers to all these core questions hinge on how access to charter schools is shaped This book describes the incentives and pressures on charter schools to restrict access and examines how charters navigate those pressures explaining access restricting practices in relation to the ecosystem within which charter schools are created It also explains how charters have sometimes responded by resisting the pressures and sometimes by surrendering to them The text presents analyses of 13 different types of practices around access each of which shapes the school s enrollment The authors conclude by offering recommendations for how states and authorizers can address access related inequities that arise in the charter sector School s Choice provides timely information on critical academic and policy issues that will come into play as charter school policy continues to evolve Book Features Examines how charter schools control who gains and retains access Explores policies and practices that undermine equitable admission and encourage opportunity hoarding Offers a set of policy recommendations at the state and federal level to address access related issues   Introduction to School Counseling Jered B. Kolbert,Laura M. Crothers,Tammy L.
