groundwork for a closer analysis in regard to the play's themes. Second, an in-depth look at the film adaptation will provide an insight into the various possibilities for re-imagining Shakespeare's plays in modern popular culture, how the themes are reflected in the film, and how the specifics of each play come together on the screen. Finally, each chapter will end on methodological and pedagogical implications of using these works for learning and teaching purposes. The didactic perspective will be further discussed in the last chapter, *Teaching Shakespeare*, which offers an overview of important principles of teaching the bard and his work, discusses different approaches, and includes an exemplary lesson plan for a teaching unit to demonstrate how the theoretical and didactic considerations can play together in the practical application.
