

The background of the slide is white, decorated with several orange puzzle pieces. These pieces are scattered around the edges: one in the top-left corner, one on the left side, one on the right side, and one in the bottom-right corner. The puzzle pieces are of various shapes and sizes, some showing interlocking tabs and sockets.

You are trapped in a room with two doors.  
One leads to certain death and the other leads to  
freedom. You don't know which is which.

There are two robots guarding the doors.  
They will let you choose one door but upon doing so  
you must go through it.

You can, however, ask one robot one question.  
The problem is one robot always tells the truth,  
the other always lies and you don't know which is which.

What is the question you ask?
