Directed Reading for Content Mastery

What are electromagnetic waves?

Directions: Draw a line between each term on the left to the most appropriate phrase on the right.

- | | |
|------------------------------|---------------------------------|
| 1. magnetic field | electromagnetic wave |
| 2. vibrating electric charge | number of vibrations per second |
| 3. frequency | dependent on material |
| 4. photon | moving electric charge |
| 5. wave speed | carries energy |

Directions: Circle the term that correctly completes the sentence.

- Electromagnetic waves are made by vibrating electrical charges that can travel through (photons, matter).
- Particles with the (same, opposite) electric charge repel each other, while particles with the (same, opposite) charge attract each other.
- As the frequency of a wave (increases, decreases), the wavelength becomes smaller.
- The (speed, intensity) of the wave depends upon the material the wave travels through.
- The energy carried by an electromagnetic wave is from vibrating (electrical charges, magnets).
- One Hz is one vibration each (second, minute).
- Light can behave as a particle, called a (neutron, photon) whose energy depends on the frequency.
- All electromagnetic waves travel at 300,000 km/s through a (vacuum, diamond).

Committee on Small Business. Subcommittee on Empowerment,1998 A hearing was held before the Subcommittee on
Empowerment of the House Committee on Small Business to build a record of a lot of things that are working in urban
education in high risk zones In his opening remarks Representative Souder Indiana noted that there is no question but that
the best way to combat unemployment and the problems that flow from it is to provide people with the best possible training
For most of the work force training begins in school Strengthening basic skills is not exclusively an urban problem but it is
one that is of particular concern in the cities The purpose of this hearing was not why so many schools are failing but why
some succeed Five educators who run successful urban schools appeared at the hearing to explain why their schools work
Thaddeus S Lott Sr principal of a charter school district in Houston Texas described the experiences of a successful
elementary school that used an intensive reading program beginning in kindergarten and direct instruction to raise academic
achievement Vera White principal of a junior high school in the District of Columbia achieved academic success with a
program that focused on student learning and high expectations and that was supported in a partnership with COMSAT
Comments by hearing participants follow these statements In the second panel discussion of the hearing Oscar J Underwood
headmaster of a Christian college preparatory school Indiana spoke about the importance of the educational environment
and teacher attitudes Leah White administrator of an urban Christian school Maryland noted the importance of promoting
parent participation and the importance of an atmosphere focused on learning William Elliott headmaster of a Christian
academy in Philadelphia Pennsylvania emphasized the importance of good relationships between teachers and students and
the importance of accountability and high standards Comments from panelists completed the hearing An appendix contains
