

Mini-DBQ: Meiji Restoration and Japanese Resistance to Western Imperialism

Essential Question (EQ): How did Japan change after the 1853 encounter with Commodore Matthew Perry and the United States?

Historical context: Up to the mid-19th century, the Tokugawa Shogunate governed Japan. The government's foreign policy was isolationist backed by the use of extreme force. As a result of this policy, Japan was significantly less technologically-advanced compared to the industrializing Western Hemisphere. Between 1853-54, the United States--through Matthew Perry, Commodore of the U.S. Navy,--engaged in negotiations (driven by gunboat diplomacy) to open relations between the two countries. This event led to changes in Japanese politics/society and its relationship with the outside world.

Directions: The accompanying documents 1-6 provide evidence and data to help you answer the essential questions. As you read the documents, reflect on the source (creator) of the document and the sources' points of view. In addition, follow these steps:

1. **Do-Now:** Read over the Essential Question. What do you already know about this topic? How could you answer the Aim without any documents? (In a "real" Document-Based Question, you have to bring in outside historical knowledge and context, so it is a good idea to write down everything you know about the topic at hand before looking at the documents).
2. **Document Analysis:** Read or look over each document carefully, and underline key phrases and words that address the Essential Question. In addition, you can make notes by using the "comments" or "footnote" feature. Answer the question(s) that follow each document before moving on to the next document.
3. **Evaluation:** Based on the information you have gathered, draft a thesis that directly answers the EQ. Provide evidence from the sources and relevant background information to support your thesis.

Do-Now: Write down anything you know about the topic of the Essential Question here (before analyzing documents):

Document 1 is from the first of several letters from U.S. President Millard Fillmore, via Matthew Perry, to the Emperor of Japan, dated July 7, 1853.

...Our great State of California produces about sixty millions of dollars in gold every year, besides silver, quicksilver, precious stones, and many other valuable articles. Japan is also a rich and fertile country, and produces many very valuable articles.

Your imperial majesty's subjects are skilled in many of the arts. I am desirous that our two countries should trade with each other, for the benefit of both Japan and the United States.

We know that the ancient laws of your imperial majesty's government do not allow of foreign trade, except with the Chinese and the Dutch; but as the state of the world changes and new governments are formed, it seems to be wise, from time to time, to make new

Insurgent Empire Priyamvada Gopal,2019-06-25 Much has been written on the how colonial subjects took up British and European ideas and turned them against empire when making claims to freedom and self determination The possibility of reverse influence has been largely overlooked Insurgent Empire shows how Britain s enslaved and colonial subjects were not merely victims of empire and subsequent beneficiaries of its crises of conscience but also agents whose resistance both contributed to their own liberation and shaped British ideas about freedom and who could be free Insurgent Empire examines dissent over the question of empire in Britain and shows how it was influenced by rebellions and resistance in the colonies from the West Indies and East Africa to Egypt and India It also shows how a pivotal role in fomenting dissent was played by anti colonial campaigners based in London at the heart of the empire
