assessments and teacher evaluation schemes in the planning or early implementation phases this book takes a step back to  
examine the ideological and historical grounding potential benefits scholarly evidence and ethical basis for the new  
generation of test based accountability measures After providing the political and cultural contexts for the rise of the testing  
accountability movement in the 1960s that culminated almost forty years later in No Child Left Behind and Race to the Top  
this book then moves on to provide a policy history and social policy analysis of value added testing in Tennessee that is  
framed around questions of power relations winners and losers In examining the issues and exercise of power that are  
sustained in the long standing policy of standardized testing in schools this work provides a big picture perspective on  
assessment practices over time in the U S by examining the rise of value added assessment in Tennessee a fine grained and  
contemporary case is provided within that larger context The last half of the book provides a detailed survey of the research  
based critiques of value added methodology while detailing an aggressive marketing campaign to make value added  
modeling VAM a central component of reform strategies following NCLB The last chapter and epilogue place the  
continuation of test based accountability practices within the context of an emerging pushback against privatization high
