Laine,Christopher Changwe Nshimbi**

How Many Zimsec Papers Have Licked In 2014:

Human Trafficking and Exploitation Belachew Gebrewold, Johanna Kostenzer, Andreas Th. Müller, 2017-09-22 Human trafficking is a serious human rights violation that leads to the gross exploitation of its victims who are coerced into forced labor and slavery across the globe As the current migration movement and refugee situation reaches crisis point in Europe the risk of human trafficking from the Mediterranean Sea through Italy into Central and Western Europe has become a critical emergency Focusing on human trafficking along this route into Europe this book discusses the systematic exploitation of victims and the subsequent violation of human rights within an international context providing an overview of the causes regulation and prevention of the issue Academic researchers practitioners and policy makers are brought together to provide both theoretical perspectives and practice based approaches for addressing the issue of human trafficking As well as scholarly contributions from experts in the field the book also includes experiences and strategies of policy makers and practitioners from governmental and non governmental organizations along with the real life scenarios and practice reports Human Trafficking and Exploitation should be considered essential reading for academics policy makers advocates and activists interested in preventing human trafficking and protecting human rights It will also be of interest to those with research interests within the broader themes of law politics and international relations and social and health policy

Intra-Africa Migrations Inocent Moyo, Jussi P. Laine, Christopher Changwe Nshimbi, 2021-02-21 This book discusses regional and continental integration in Africa by examining the management of migration across the continent It examines borders and securitisation of migration and the challenges and opportunities that arise out of reconfigured continental demographics The book offers insights on intra Africa migrations and highlights how intra continental migration creates socio economic and cultural borders It explores how these borders beyond the physical boundaries of states including the Berlin Conference constructed borders create cultural divides challenges for economic integration and cross border security and irregular migration patterns While the movement of economic goods is valued for regional economic integration the mobility of people is seen as a threat This approach to migration contradicts the intentions of true integration and development and triggers negative responses such as xenophobia that cannot be addressed by simply managing the physical border and allowing free movement This book engages in a pivotal discussion of these issues which are hitherto missing in African border studies by demonstrating the ubiquity and overreaching influence of various kinds of borders on the African continent With multidisciplinary contributions that provide an in depth understanding of intra Africa migrations and strategies for enhanced migration management this book will be a useful resource for scholars and students studying geography politics security studies development studies African studies and sociology

Lion Hearted Andrew Loveridge, 2018-04-10 Until the lion has its own storyteller tales of the lion hunt will always glorify the hunter Zimbabwean proverb In 2015 an American hunter named Walter Palmer shot and killed a lion named Cecil The lion was one of dozens

slain each year in Zimbabwe which legally licenses the hunting of big cats But Cecil s death sparked unprecedented global outrage igniting thousands of media reports about the peculiar circumstances surrounding this hunt At the center of the controversy was Dr Andrew Loveridge the zoologist who had studied Cecil for eight years In *Lion Hearted* Loveridge pieces together for the first time the fascinating life and murky details of this beloved lion s slaying In the tradition of *Born Free* and *Gorillas in the Mist* *Lion Hearted* chronicles Loveridge s long acquaintance with a host of charismatic lions that his team has tracked often from birth to death Born and raised in Zimbabwe Loveridge learned to love predators at the knee of his father an eminent herpetologist who stored baby crocodiles in the family bathtub After earning his doctorate at Oxford he seized an invitation to study the lions of Zimbabwe s Hwange National Park There he meets Stumpy Tail who despite her name has the dignity of the Queen of the Animal Kingdom Dynamite a venerable coalition leader who muscled out by younger males sets off on an incredible thirty seven day 137 mile journey to find a new home and Kataza who escapes another lion s claws and whom Loveridge twice saves from death at the hands of humans And of course there is Cecil Dethroned in an epic battle he forms an alliance with a former rival He also becomes a favorite of photographers and tourists until the fateful night when a Minnesota dentist and his hunting guide entice the trusting cat with a free meal Loveridge unravels the complexities of lion society and the dangers the cats face both within their ranks and from the outside world Despite their ruthless reputation lions can form deep emotional bonds females live in prides a sisterhood of mothers daughters sisters and aunts that can exhibit military precision when hunting in formation males band together in coalitions to vie for control of territory and the female prides They also display a wide range of emotional behavior including mourning the loss of their mates partners and cubs Africa s lion population is estimated to have shrunk by 43 percent in the last twenty years There may now be as few as 20 000 wild lions across the entire continent far fewer than the number of elephants While deploring the killing of lions for sport Loveridge does not believe that banning trophy hunting by itself will halt the decline of Africa s lion populations He sees greater threats in human population growth the loss of habitat to agriculture and the illegal trade in lion body parts for use in traditional medicines And he offers concrete proposals for averting the lion s extinction More than a gripping detective story *Lion Hearted* is an exploration of humanity s relationship with the natural world and an attempt to keep this majestic species from disappearing Lions are one of the most beloved animals on the planet Loveridge observes They are the national symbol of no fewer than fifteen countries Surely we can think of a better way to save the wild animals we love besides killing them
