Black Student Politics Saleem Badat, 2016-04-29 Black Student Politics Higher Education and Apartheid examines two black national higher education student political organizations the South African National Students Congress SANSCO and the South African Students Organization SASO popularly associated with Black Consciousness It analyzes the ideologies and politics and organization of SASO and SANSCO and their intellectual political and social determinants It also analyzes their role in the educational political and social spheres and the factors that shaped their activities Finally it assesses their contributions to the popular struggle against apartheid education and race class and gender oppression and the extent to and ways in which their activities reproduced undermined and or transformed apartheid and capitalist social relations institutions and practices

**Year of Fire, Year of Ash** Baruch Hirson, 2016-06-15 We can say without fear of being contradicted by history that June 16 1976 heralded the beginning of the end of the centuries old white rule in this country Nelson Mandela Originally banned on publication by the apartheid government Year of Fire Year of Ash is an eye opening account of how in June 1976 20 000 school students faced down the tanks and guns of a vicious racist regime in a revolt that galvanized the black working class and became a pivotal turning point for the anti apartheid movement More than this the book overturns much of the conventional logic that served to explain the event at the time showing it was not simply a student protest but part of a wider uprising Released in this new edition to mark the fortieth anniversary Year of Fire Year of Ash provides an unparalleled insight into the origins and events of the uprising from its antecedents in the 1920s to its role in inspiring global solidarity against apartheid As South Africa experiences a new wave of popular discontent and as new forms of black consciousness come to the fore in movements around the world Baruch Hirson s book provides a timely reminder of the Soweto revolt s continued significance to struggles against oppression today

White on Black in South Africa Michael Wade, 2016-07-27 The English speaking whites of South Africa participate in the larger culture of the English speaking world while rejecting its unspoken consensual positions on many basic issues This study analyses texts of different kinds produced by the group to examine the way these deviant English speakers see themselves and particularly how this self image is influenced by the presence of the blacks who constitute a crucial part of their perceptual field Economically powerful but politically marginal for many years the English speaking whites have always been mediators of their community s experience to the world culture of the English language the study shows how the act of mediation operates in more than one direction producing a literary tradition that is essentially and perhaps surprisingly dissident
