Examination for Acceleration/Credit by Exam Study Guide

This EA/CBE Study Guide can help you prepare for the exam by giving you an idea of what you need to study, review, and learn. To succeed, you should be thoroughly familiar with the subject matter before you attempt to take the exam.

Every question that appears on the EA/CBE is grounded in the knowledge and skills statements and student expectations within the state-mandated standards, the Texas Essential Knowledge and Skills (TEKS). It should be noted that the exam will not test every student expectation. However, it is important that students study and know the entire scope of the TEKS so that they can develop a complete understanding of the content. The EA/CBEs are global exams grounded in the TEKS and are not designed to be a final exam for the University of Texas high school courses. You can view the TEKS for this exam online at <http://www.tea.state.tx.us/teks/>. Since questions are not taken from any one source, you can prepare by reviewing any of the state-adopted textbooks.

About the Exam

The EA/CBE consists of 50 multiple-choice questions that are worth 1 point each. The exam may consist of multiple-choice, true-false, and matching type questions. You will be allowed **3 hours** to take the exam.

Concepts and Objectives

The Concepts and Objectives below may not refer to all the material that will be on the exam. They provide additional information for some of the expectations tested in English 3, Second Semester. The sample questions will give you a better idea of the types of questions you can expect on the exam. These are provided to illustrate the format of the exam. They are not the actual exam. In order to be successful on the exam, you should use the TEKS to guide your preparation.

Part I: Reading Assessment

This part of the exam tests your understanding of the given selections and their literary elements, your understanding of the way in which the selections are written, and your ability to analyze and evaluate the selections.
