**Girls to the Rescue** Emily Hamilton-Honey,Susan Ingalls Lewis,2020-05-25

During World War I as young men journeyed overseas to battle American women maintained the home front by knitting fundraising and conserving supplies These became daily chores for young girls but many longed to be part of a larger more glorious war effort and some were A new genre of young adult books entered the market written specifically with the young girls of the war period in mind and demonstrating the wartime activities of women and girls all over the world Through fiction girls could catch spies cross battlefields man machine guns and blow up bridges These adventurous heroines were contemporary feminist role models creating avenues of leadership for women and inspiring individualism and self discovery The work presented here analyzes the powerful messages in such literature how it created awareness and grappled with the engagement of real girls in the United States and Allied war effort and how it reflects their contemporaries awareness of girls importance

Stearns, 2014-03-20 Includes Forward by National Football League Commissioner Roger Goodell Written by experts in the field Emergency Management for Sport and Physical Activity is designed to educate non Athletic Training majors on the ways in which to prevent sudden death during sport Often these non medical professionals are the first on the scene and must at times serve the vital role of first responder and immediately act on behalf of athletes lives Due to the rigorous training and conditioning programs that are being undertaken by athletes effective emergency management has become a growing concern This text includes the recently published positioning statement released by the National Athletic Trainers Association NATA which address many of the important topics discussed throughout the book It goes on to address the associations task force document on Preventing Sudden Death During Conditioning Sessions Key Features Web based scenarios are included for each chapter Includes case studies feature boxes and emergency action plans First aid methods and techniques are included as an appendix Include position statements put forth by the National Athletic Trainers Association NATA      The Selling and Self-Regulation of Contemporary Poetry J.T. Welsch, 2020-03-31 The Selling and Self Regulation of Contemporary Poetry is the first book length study of the contemporary poetry industry By documenting radical changes over the past decade in the way poems are published sold and consumed it connects the seemingly small world of poetry with the other wider creative industries In reassessing an art form that has been traditionally seen as free from or even resistant to material concerns the book confronts the real pressures and real opportunities faced by poets and publishers in the wake of economic and cultural shifts since 2008 The changing role of anthologies prizes and publishers are considered alongside new technologies new arts policy and re conceptions of poetic labour Ultimately it argues that poetry s continued growth and diversification also leaves individuals with more responsibility than ever for sustaining its communities      Imagining Postcommunism Beverly Ann James, 2005 Although the 1956 Hungarian uprising failed to liberate the country from Soviet domination it became a symbol of freedom for people throughout Eastern Europe and beyond In Imagining Postcommunism Beverly A James demonstrates how 1956 became a foundational myth according to which the bloody events of that fall led to the ceremonial reburial of the martyred prime minister Imre Nagy in 1989 free elections in 1990 and the withdrawal of the last Soviet soldiers on June 19 1991 She shows how museums monuments and holiday rituals have aided the construction of a new Hungary through the reclamation and expression of competing memories of the critical events of 1956 Surveying the array of ceremonies exhibitions and memorials commemorating the revolution and its heroes James invites leaders to consider the difference between the communist regime s master narrative of 1956 with its smug false unity and the multiple polemical stories woven by competing political forces in postcommunist Hungary BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      *The Mobility Forum* ,2006      **Thinking about Science** Ferric C. Fang, Arturo

Casadevall, 2023-10-09 Thinking about Science Good Science Bad Science and How to Make It Better A riveting exploration of the world of science diving headfirst into its triumphs and tribulations Penned by seasoned microbiologists Ferric C Fang and Arturo Casadevall this book offers a comprehensive analysis of the scientific enterprise through various lenses including historical philosophical and personal From their unique vantage points as researchers clinicians and educators Fang and Casadevall dissect the intricate mechanisms of science shedding light on its strengths and weaknesses Through engaging historical anecdotes personal narratives and insightful academic studies they present a candid evaluation of science s performance including a thought provoking examination of its role during the COVID 19 pandemic A must read for anyone curious about the present predicaments and future potential of science Thinking about Science Good Science Bad Science and How to Make It Better is more than just a book it s a roadmap to understanding and improving the scientific endeavor for the benefit of society at large The authors have given us a thoughtful description of science and the joy of discovery an unflinching diagnosis of where improvements are needed and recommendations for remedies well worth considering Scientists science and society would benefit if this book were read by both future and established scientists as well as the administrators policymakers and regulators who are in a position to help us do better Michael Kalichman UC San Diego With a deep understanding of the profound impact of science on society the authors provide thought provoking perspectives on changes in the scientific enterprise that will support sustainable equitable practices and engender public trust An engaging read for everyone with an interest in science or science policy Stanley Maloy San Diego State University
