international migrants Notwithstanding the forces of globalization states have maintained their monopoly power over whom to admit and whom to deny within their borders In other words they remain the sovereign authority regulating the entry and exit of people However in recent years a number of states have singled out international immigration as the greatest political and social threat to their cultural and national security The securitization of immigration is founded upon the premise that the international movement of people represents an exceptional risk for the survival of the nation and this is often associated with terrorism instability and criminality The securitization of immigration is also based on the idea that the traditional authority vested in states to regulate immigration is somehow insufficient and needs to be enhanced These assumptions correspond with a real policy shift in some countries such as the United States where the government is planning to spend approximately 23 Billion Dollars on border security and immigration enforcement in 2019 alone This edited volume is an exploration of the global landscapes inhabited by refugees and labour migrants although the focus is largely on the former Despite the fact that most of the empirical studies are drawn from within Europe the book also includes research on Nepal Australia the Middle East and Japan in order to reveal the truly global dimensions of migration and the regimes governing this Content INTRODUCTION by Arma an Teke Lloyd PART A Ideology and Governance of Migration CHAPTER 1 Coming to Terms with Liberal Democracy by the Populist Radical Right Parties of Western Europe Evidence from European Parliament Speeches over Minorities and Migration by Caner Tekin CHAPTER 2 A Forest with many trees Mapping migration governance and the dispersion of authority in Europe by Lisa Marie Borrelli Rebecca Mavin and Giorgia Trasciani CHAPTER 3 Policing Migrants in Transit and Upon Arrival The Bordering Tactic of Integration in Austria and Germany by Olivia Johnson PART B Regulations Suspension of Human Rights CHAPTER 4 Borders Exception and Sovereignty Australia s Migration Policies as Instruments of Suspension of Human Rights and International Obligations by Ana Carolina Macedo Abreu CHAPTER 5 Power and Sandwiched Sovereignty Nepali Migrant Workers in the Gulf Countries by Hari KC CHAPTER 6 The Body and Embodied Experiences in the British Asylum System Developing a Conceptual Perspective by Rebecca Mavin CHAPTER 7 Eritrean Unaccompanied Refugee Minors in The Netherlands Wellbeing and Health by Anna de Haan Yodit Jacob Trudy Mooren and Winta Ghebreab PART C Migrants Strategies and Identities CHAPTER 8 Social Inclusion Processes for unaccompanied minors in the city of Palermo Fostering Autonomy through a New Social Inclusion Model by Roberta Lo Bianco and Georgia Chondrou CHAPTER 9 Urban Resistances and Migrant Activism Challenging the Border Regime in Madrid City by Ana Santamarina and Almudena Cabezas CHAPTER 10 RefConnect A Mobile Social Network for Refugees by Evdokia Kogia Styliani Liberopoulou Nikolaos Alamanos Vasilis Pierros and Christos Michalakelis CHAPTER 11 Halo Halo Nostalgia and Navigating Life for Overseas Filipino Workers OFW s in the Kingdom of Saudi Arabia by Simeon S Magliveras

The book features a series of accessible case studies describing how we all can reach rational conclusions about the danger of typical chemical exposures we experience every day. Conflict Areas in the Balkans Pinar Yürür, Arda

Özkan, 2020-10-27. The situation in the Balkans such as the solution to the status of Kosovo is currently the largest international political problem in Europe with the potential to burst into a world crisis regarding the Eastern Western relations. On the other hand, a successful solution to the problem in the Balkans could serve as a model for solving the Muslim Christian tensions elsewhere in the world. It is the intention of this book to contribute proposals for solutions to the problems of Balkans. The starting principle for the solutions to be effective is that they should come in a natural way from the people below and should not be enforced by the political elites from above. Based on self determination of nations as a starting principle, they should encourage intra regional cooperation among the regional entities, economic cultural sport as a basis for political social understanding and cooperation, secondly accelerate their economic political and social development and thirdly as a final step enable the inclusion of the Balkan countries into the European Union.
