

Ques. ► 6. $A = (n-1)d^5ns^1$, $B = (n-1)d^1ns^2$, Here $n = 4$

[D.B.-16]

- What is common-ion effect?
- In which orbital between 3d and 4p electron will enter first?
- Determine the four quantum number of the last electron of the element A.
- Which among the elements A and B will produce colored compound? Explain with reason.

Answer to the question no. 6

[a] The process by which the dissociation rate of the weak electrolyte is reduced due to the presence of a strong electrolyte is known as similar-ion effect.

[b] In which orbital the electron will enter first is determined by Aufbau's principle or $(n + l)$. According to this principle, the orbital of which $(n + l)$ value is low has low energy and electron will enter to it first. But if the $(n + l)$ value of two orbitals are same, then electron will enter the orbital whose n value is lower. For both 3d and 4p orbital the $(n + l)$ value is 5. But for 3d orbital the n value is 3 and for 4p orbital the n value is 4. So, electron will enter 3d orbital first.

[c] The last electron of the given element A enters into $(n-1)d$ orbital.

As, the value of n is 4.

So, the value of four quantum numbers of the last electron are :

(i) Principal quantum number $= n - 1 = 4 - 1 = 3$

(ii) The value of subsidiary quantum number, l for d orbital is 2.

(iii) Magnetic quantum number, $m = 2$.

Ques. ► 7

[D.B.-16]

- Write down the law of mass action.
- Which between H_2SO_3 and HNO_3 is more acidic and why?
- If the MN solution of the stem is saturated then calculate the solubility product of MN at $20^\circ C$.
- If the two solutions in the stem are mixed, will there be any ppt? Explain with reason.

Answer to the question no. 7

[a] At a fixed temperature the rate of any reaction is proportional to the active mass (partial pressure in case of liquid and concentration in case of gas) of its reactants. This is the law of mass action.

[b] Between H_2SO_3 and HNO_3 , HNO_3 is more acidic. Because we know that the acid whose oxidation number of the central atom is more is more acidic.

Here for H_2SO_3 , the oxidation number of the central atom S is

$2x + 3(-2) = 0$
 $2x - 6 = 0$
 $2x = 6$
 $x = 3$

For HNO_3 , the oxidation number of the central atom N is

$x + 3(-2) = 0$
 $x - 6 = 0$
 $x = 6$

Since the oxidation number of N is greater than that of S, HNO_3 is more acidic than H_2SO_3 .

[c] The solubility product of MN at $20^\circ C$ is K_{sp} .

$MN \rightleftharpoons M^+ + N^-$
 $K_{sp} = [M^+][N^-]$

Let the solubility of MN be s mol/L.

At equilibrium, $[M^+] = s$ and $[N^-] = s$.

So, $K_{sp} = s \times s = s^2$

Hsc Chemistry 1st Paper 2014

Hsc Chemistry 1st Paper 2014:

Cambridge Checkpoints HSC Chemistry 2017-19 Maureen Slade, Roger Slade, 2016-06-29 *Energy Technology 2014* Cong Wang, Jan de Bakker, Cynthia K. Belt, Animesh Jha, Neale R. Neelameggham, Soobhankar Pati, Leon H. Prentice, Gabriella Tranell, Kyle S. Brinkman, 2013-12-30 This book addresses the issues intricacies and challenges relating to energy and environmental sciences Papers cover various technological aspects of sustainable energy eco systems and processes that improve energy efficiency and reduce and sequester carbon dioxide CO₂ and other greenhouse emissions The collection also emphasizes the need for sustainable technologies in extractive metallurgy materials processing and manufacturing industries with reduced energy consumption and CO₂ emission Industrial energy efficient technologies include innovative ore beneficiation smelting technologies recycling and waste heat recovery The book also carries contributions from all areas of non nuclear and non traditional energy sources including renewable energy sources such as solar wind and biomass Papers from the following symposia are presented in the book Energy Technologies and Carbon Dioxide Management High temperature Material Systems for Energy Conversion and Storage Solar Cell Silicon **Material Science, Civil Engineering and Architecture Science, Mechanical Engineering and Manufacturing Technology II** H.W. Liu, G. Wang, G.W. Zhang, 2014-09-30 Selected peer reviewed papers from the 2014 3rd International Conference on Advanced Engineering Materials and Architecture Science ICAEMAS 2014 July 26 27 2014 Huhhot Inner Mongolia China **High Temperature Experimental Techniques and Measurements 2** Torsten Markus, Rob Walker, Greg Jackson, 2015

Yearbook of International Organizations 2014-2015 (Volume 2) Union Of International Associations, Union of International Associations, 2014-07-16 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Volume 2 allows users to locate organizations by the country in which secretariats or members are located

Materials Processing Fundamentals 2018 Guillaume Lambotte, Jonghyun Lee, Antoine Allanore, Samuel Wagstaff, 2018-01-09 This book includes contributions from the Materials Processing Fundamentals Symposium held at the TMS 2018 Annual Meeting Exhibition in Phoenix Arizona Covering the physical and numerical modeling of materials processing the volume covers a range of metals and minerals Authors present models and results related the basics of processing such as extraction joining separation and casting The corresponding fundamentals of mass and heat transport as well as physical and thermodynamics properties are addressed allowing for a cross disciplinary vision of the field

Materials Science, Civil Engineering and Architecture Science, Mechanical Engineering and Manufacturing Technology

H.W. Liu, 2014-01-08 Selected peer reviewed papers from the 2014 International Conference on Advanced Engineering Materials and Architecture Science ICAEMAS 2014 January 4-5 2014 Xi'an Shaanxi China *Proceedings of the 8th International Symposium on Heating, Ventilation and Air Conditioning* Angui Li, Yingxin Zhu, Yuguo Li, 2013-09-24 *Proceedings of the 8th International Symposium on Heating Ventilation and Air Conditioning* is based on the 8th International Symposium of the same name ISHVAC2013 which took place in Xi'an on October 19-21 2013 The conference series was initiated at Tsinghua University in 1991 and has since become the premier international HVAC conference initiated in China playing a significant part in the development of HVAC and indoor environmental research and industry around the world This international conference provided an exclusive opportunity for policy makers designers researchers engineers and managers to share their experience Considering the recent attention on building energy consumption and indoor environments ISHVAC2013 provided a global platform for discussing recent research on and developments in different aspects of HVAC systems and components with a focus on building energy consumption energy efficiency and indoor environments These categories span a broad range of topics and the proceedings provide readers with a good general overview of recent advances in different aspects of HVAC systems and related research As such they offer a unique resource for further research and a valuable source of information for those interested in the subject The proceedings are intended for researchers engineers and graduate students in the fields of Heating Ventilation and Air Conditioning HVAC indoor environments energy systems and building information and management Angui Li works at Xi'an University of Architecture and Technology Yingxin Zhu works at Tsinghua University and Yuguo Li works at The University of Hong Kong **Light Metals 2024** Samuel Wagstaff, 2024-02-03 The Light Metals symposia at the TMS Annual Meeting Exhibition present the most recent developments discoveries and practices in primary aluminum science and technology The annual Light Metals volume has become the definitive reference in the field of aluminum production and related light metal technologies The 2024 collection includes contributions from the following symposia Alumina Bauxite Aluminum Alloys Development and Manufacturing Aluminum Reduction Technology Electrode Technology for Aluminum Production Melt Processing Casting and Recycling Scandium Extraction and Use in Aluminum Alloys Chapter's Online Monitoring of Metal Oxides in Molten Fluoride Electrolytes is available open access under a Creative Commons Attribution 4.0 International License via Springerlink

Extraction 2018 Boyd R. Davis, Michael S. Moats, Shijie Wang, Dean Gregurek, Joël Kapusta, Thomas P. Battle, Mark E. Schlesinger, Gerardo Raul Alvear Flores, Evgueni Jak, Graeme Goodall, Michael L. Free, Edouard Asselin, Alexandre Chagnes, David Dreisinger, Matthew Jeffrey, Jaeheon Lee, Graeme Miller, Jochen Petersen, Virginia S. T. Ciminelli, Qian Xu, Ronald Molnar, Jeff Adams, Wenying Liu, Niels Verbaan, John Goode, Ian M. London, Gisele Azimi, Alex Forstner, Ronel Kappes, Tarun Bhambhani, 2018-08-18 This three volume set presents papers from the first collaborative global metallurgy conference focused exclusively on extractive topics including business and economic issues Contributions examine new

developments in foundational extractive metallurgy topics and techniques and present the latest research and insights on emerging technologies and issues that are shaping the global extractive metallurgy industry The book is organized around the following main themes hydrometallurgy pyrometallurgy sulfide flotation and extractive metallurgy markets and economics

Advances in Analytical and Coordination Chemistry - Applications and Innovations Mozaniel Santana de Oliveira, Berta Barta Holló, Muhammad Zafar, Eloisa Helena De Aguiar Andrade, Mirjana M. Radanović, 2025-02-26 This comprehensive work explores recent analytical and coordination chemistry advancements highlighting how cutting edge research drives innovation across diverse industries The book covers topics such as the versatile chemistry of Schiff bases and chelating agents advanced chromatographic techniques microfluidics and crystallization processes among others The text emphasizes the potential of Schiff bases and their metal complexes in practical applications including materials science sustainable energy e g solar cells and industrial processes such as petroleum field operations It also explores innovative analytical technologies such as chromatographic methods for isolating bioactive molecules and microfluidic systems for medical diagnostics underscoring the interdisciplinary role of analytical chemistry in healthcare and environmental science Additionally the book examines crystallization processes and their impact on material properties featuring detailed studies on sulfur curing systems and their influence on elastomer performance These insights offer valuable guidance for industrial applications Authored by renowned experts this volume is an essential resource for researchers academics and industry professionals seeking to stay at the forefront of analytical and coordination chemistry

Earth's Early Atmosphere and Oceans, and The Origin of Life George H. Shaw, 2015-10-07 This book provides a comprehensive treatment of the chemical nature of the Earth's early surface environment and how that led to the origin of life This includes a detailed discussion of the likely process by which life emerged using as much quantitative information as possible The emergence of life and the prior surface conditions of the Earth have implications for the evolution of Earth's surface environment over the following 2.25 billion years The last part of the book discusses how these changes took place and the evidence from the geologic record that supports this particular version of early and evolving conditions

Proceedings of the 4th International Gas

Processing Symposium, 2015-06-15 Natural gas continues to be the fuel of choice for power generation and feedstock for a range of petrochemical industries This trend is driven by environmental economic and supply considerations with a balance clearly tilting in favor of natural gas as both fuel and feedstock Despite the recent global economic uncertainty the oil and gas industry is expected to continue its growth globally especially in emerging economies The expansion in LNG capacity coupled with recently launched and on stream GTL plants poses real technological and environmental challenges These important developments coupled with a global concern on green house gas emissions provide a fresh impetus to engage in new and more focused research activities aimed at mitigating or resolving the challenges facing the industry Academic researchers and plant engineers in the gas processing industry will benefit from the state of the art papers published in this

collection that cover natural gas utilization sustainability and excellence in gas processing Provides state of the art contributions in the area of gas processing Covers solutions to technical and environmental problems Input from academia and industry Nanotechnology in Cancer Treatment Steve N. Fiering ,Robert Ivkov,2020-12-16 The collection is diverse in the topics covered as well as the contributors who come from across the globe The overall topic is inherently a complex one since it integrates the exceptional complexity of cancer biology and treatment with the large and rapidly growing number of potential nanostructures and modifications that could be applied to treatment In both cancer and nanotechnology a very small change of a relevant variable can generate exceptional variability in biological outcome creating inherent challenges to clinical adoption As with many high potential fields in medicine the recognition of exceptional potential for nanotechnology in cancer therapy with associated expectations of rapid clinical impact has been followed by disappointingly slow progress that highlights not failure but rather unrealistic expectations for rapid progress We have passed that period of expected rapid clinical impact for nanoparticle treatment of cancer and are now well entrenched in the more realistic phase of exploiting the easiest applications in this case packaging of established chemotherapy drugs while carefully studying the exceptional numbers of relevant variables that must be evaluated for efficacy and safety of innovative strategies Although never as rapid as hoped the progress is clear and clinical impact is growing **Large Meteorite Impacts and Planetary Evolution VI** Wolf Uwe Reimold,Christian Koeberl,2021-09-23 This volume contains a sizable suite of contributions dealing with regional impact records Australia Sweden impact craters and impactites early Archean impacts and geophysical characteristics of impact structures shock metamorphic investigations post impact hydrothermalism and structural geology and morphometry of impact structures on Earth and Mars Making Sense of Secondary Science Rosalind Driver,Ann Squires,Peter Rushworth,Valerie Wood-Robinson,2014-09-19 What ideas do children hold about the natural world How do these ideas affect their learning of science Young learners bring to the classroom knowledge and ideas about many aspects of the natural world constructed from their experiences of education and from outside school These ideas contribute to subsequent learning and research has shown that teaching of science is unlikely to be effective unless it takes learners perspectives into account Making Sense of Secondary Science provides a concise accessible summary of international research into learners ideas about science presenting evidence based insight into the conceptions that learners hold before and even despite teaching With expert summaries from across the science domains it covers research findings from life and living processes materials and their properties and physical processes This classic text is essential reading for all trainee secondary elementary and primary school science teachers as well as those researching the science curriculum and science methods who want to deepen their understanding of how learners think and to use these insights to inform teaching strategies It also provides a baseline for researchers wishing to investigate contemporary influences on children s ideas and to study the persistence of these conceptions Both components of Making Sense of Secondary Science this book and the accompanying teacher s

resource file Making Sense of Secondary Science Support materials for teachers were developed as a result of a collaborative project between Leeds City Council Department of Education and the Children s Learning in Science Research Group at the University of Leeds UK

Understanding Student Participation and Choice in Science and Technology Education

Ellen Karoline Henriksen,Justin Dillon,Jim Ryder,2014-09-17 Drawing on data generated by the EU s Interests and Recruitment in Science IRIS project this volume examines the issue of young people s participation in science technology engineering and mathematics education With an especial focus on female participation the chapters offer analysis deploying varied theoretical frameworks including sociology social psychology and gender studies The material also includes reviews of relevant research in science education and summaries of empirical data concerning student choices in STEM disciplines in five European countries Featuring both quantitative and qualitative analyses the book makes a substantial contribution to the developing theoretical agenda in STEM education It augments available empirical data and identifies strategies in policy making that could lead to improved participation and gender balance in STEM disciplines The majority of the chapter authors are IRIS project members with additional chapters written by specially invited contributors The book provides researchers and policy makers alike with a comprehensive and authoritative exploration of the core issues in STEM educational participation

Emerging Energy Alternatives for Sustainable Environment D. P. Singh,Richa Kothari,V. V.

Tyagi,2019-02-14 Sustainability of environment is an emerging global issue at present Unsustainable or deteriorating environment is a matter of concern as it has threatened the survival of living creatures Recently climate change has been a matter of great concern at a global platform owing to imbalances in natural environment Increasing population has increased the demand for energy which has ultimately put pressure on natural resources and caused a paradigm shift from resource generation to exploitation Emerging Energy Alternatives for Sustainable Environment aims to address the role of sustainable technologies in energy generation options for clean environment It covers a wide spectrum of energy generation approaches with an emphasis on five key topics i renewable energy sources and recent advances ii emerging green technologies for sustainable development iii assessment of biomass for sustainable bioenergy production iv solid waste management and its potential for energy generation and v solar energy applications storage system and heat transfer This book provides essential and comprehensive knowledge of green energy technologies with different aspects for engineers technocrats and researchers working in the industry universities and research institutions The book is also very useful for undergraduate and graduate students of science and engineering who are keen to know about the development of renewable energy products and their corresponding processes Please note This volume is Co published with The Energy and Resources Institute Press New Delhi Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Like a Lily Among Thorns

Inno Chukuma Onwueme,2014-03-24 Awarded RECOMMENDED status by US Review of Books Awarded FIVE STARS by Readers Favorite Reviews Imagine yourself having one foot planted on one continent while

the other foot is on another continent A huge transformational step isnt it Thats precisely what Inno Onwuemes early life story does One foot is planted firmly in the traditional African village where age old customs mingle with poverty disease ignorance and deprivation The other foot pivots tantalizingly in 1960s California at the cutting edge of western civilization Here searing social and political upheavals of global significance were shaking the very foundations of modern America and the world Add to the mix a second dimension where your journey starts with a decade of colonial rule and extends through the first decade of post colonial independence straddling both eras And did we mention a civil war and his becoming a refugee It was a time of great fomentation personally nationally and globally Read this engaging story and enjoy it as a thrilling novel richly spiced with African proverbs Then pinch yourself and recall that this is not fiction It all truly happened This was a real life being lived in exciting times Challenge yourself to explore how the changes of the political transition intertwined with Professor Innos transformation from an African village boy to a cosmopolitan man in America Marvel at how the history of an era was acted out in microcosm by this village boy LIKE A LILY AMONG THORNS takes global and national metamorphosis down to the personal level It invites you to see history in a new light **The Role of Halogens in**

Terrestrial and Extraterrestrial Geochemical Processes Daniel E. Harlov, Leonid Aranovich, 2018-01-30 The book summarizes the knowledge and experiences concerning the role of halogens during various geochemical processes such as diagenesis ore formation magma evolution metasomatism mineralization and metamorphism in the crust and mantle of the Earth It comprises the role of halogens in other terrestrial worlds like volatile rich asteroids Mars and the ice moons of Jupiter and Saturn Review chapters outline and expand upon the basis of our current understanding regarding how halogens contribute to the geochemical geophysical evolution and stability of terrestrial worlds overall

Yeah, reviewing a books **Hsc Chemistry 1st Paper 2014** could build up your near links listings. This is just one of the solutions for you to be successful. As understood, exploit does not suggest that you have astonishing points.

Hsc Chemistry 1st Paper 2014 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Hsc Chemistry 1st Paper 2014 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Hsc Chemistry 1st Paper 2014 has opened up a world of possibilities. Downloading Hsc Chemistry 1st Paper 2014 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Hsc Chemistry 1st Paper 2014 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Hsc Chemistry 1st Paper 2014. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Hsc Chemistry 1st Paper 2014. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Hsc Chemistry 1st Paper 2014, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Hsc Chemistry 1st Paper 2014 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By

doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Hsc Chemistry 1st Paper 2014 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Hsc Chemistry 1st Paper 2014 is one of the best book in our library for free trial. We provide copy of Hsc Chemistry 1st Paper 2014 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Hsc Chemistry 1st Paper 2014. Where to download Hsc Chemistry 1st Paper 2014 online for free? Are you looking for Hsc Chemistry 1st Paper 2014 PDF? This is definitely going to save you time and cash in something you should think about.
