Might is Right Anton Szandor LaVey,Ragnar Redbeard,2014-10-17      **French Idioms and Proverbs** De V. Payen-Payne,2022-08-15 In French Idioms and Proverbs De V Payen Payne offers an extensive exploration of the rich tapestry of the French language through its idiomatic expressions and proverbial wisdom This scholarly work not only catalogs an array of idioms and proverbs but also delves into their historical and cultural contexts demonstrating how they reflect the nuances of French thought and lifestyle Payen Payne employs a meticulous and engaging literary style weaving contemporary analysis with traditional interpretations ensuring that readers glean comprehensive insights into the linguistic features and significances of these phrases De V Payen Payne a distinguished linguist and cultural historian has dedicated much of his career to studying the interplay between language and culture His expertise in both French linguistics and socio cultural dynamics informs this work allowing him to present a compelling narrative that reflects on how idioms and proverbs encapsulate the spirit of French speaking societies Through his scholarship Payen Payne provides readers a window into the collective consciousness of a culture revealing how language shapes and is shaped by shared experiences Recommended for both language enthusiasts and scholars French Idioms and Proverbs serves as an invaluable resource for anyone seeking a deeper understanding of the French vernacular and its socio cultural implications This book is a must read for linguists translators and students alike as it not only enhances their appreciation of the French language but also enriches their grasp of the culture s subtleties      *The ICJ and the Evolution of International Law* Karine Bannelier,Théodore Christakis,Sarah Heathcote,2012-03-12 In 1949 the International Court of Justice ICJ handed down its first judgment in the Corfu Channel Case In diffusing an early Cold War dispute the Court articulated a set of legal principles which continue to shape our appreciation of the international legal order Many of the issues dealt with by the Court in 1949 remain central questions of international law including due diligence forcible intervention and self help maritime operations navigation in international straits and the concept of elementary considerations of humanity The Court s decision has been cited on numerous occasions in subsequent international litigation Indeed the relevance of this judgment goes far beyond the subject matter dealt with by the Court in 1949 extending to pressing problems such as trans boundary pollution terrorism and piracy In short it was and remains a thoroughly modern decision a landmark for international law and one which today warrants reconsideration Taking a critical approach this book examines the decision s influence on international law generally and on some fields of international law like the law of the sea and the law of international responsibility specifically The book collects the commentary of a distinguished set of international law scholars including four well known international judges The contributors consider not only the history of the Corfu Channel Judgment and its contribution to the development of international law but also its resonance in many contemporary issues in the field of international law This book will be of particular interest to academics and students of International Law International Relations and Legal History

**A soldier born, or, The adventures of a subaltern** John Percy Groves,1886      *Endless War?* David Keen,2006-04-20

Was the Iraq war really an act of goodwill to liberate people from injustice Or was it a strategic move to maintain US dominance globally This book casts a critical light on the real motives behind war and conflict David Keen explores how winning war is rarely an end in itself rather war tends to be part of a wider political and economic game that is consistent with strengthening the enemy Keen devises a radical framework for analysing an unending war project where the war on terror is an extension of the Cold War The book draws on the author s detailed study of wars in Sudan Sierra Leone as well as in a range of other conflicts

**Business Ethics** Jacques Cory,2012-12-06 Morten And what are we going to do when you have made liberal minded and high minded men of us Dr Stockman Then you shall drive all the wolves out of the country my boys Ibsen An Enemy of the People Act V The theoretical and empirical research of this book describes how the traditional safeguards of the rights of minority shareholders have failed in their duty and how those shareholders have remained practically without any protection against the arbitrariness of the companies and majority shareholders The law the SEC society boards of directors independent directors auditors analysts underwriters and the press have remained in many cases worthless panaceas Nevertheless in the Ethics of 2000 new vehicles have been developed for the protection of minority shareholders mainly the Internet transparency activist associations and ethical funds Those vehicles give the shareholders at least the chance to understand the pattern and methods that are utilized to wrong them and give them a viable alternative for investment in ethical funds The new vehicles will prevent minority shareholders from using the Armageddon weapon by ceasing to invest in the stock exchange and causing the collapse of the system that discriminates against them

frameworks Noteworthy pieces emerge throughout each one a testament to the intricate dance between personal history and collective consciousness The contributing authors represent a rich mosaic of voices that speak across time and locale providing a stunning cross section of literary thought Among them thinkers of varied backgrounds join their voices drawing upon their personal histories and tapping into significant cultural and literary movements The works resonate with historical underpinnings while also contributing to current dialogues thus enriching the reader s understanding of interconnected human narratives Together these authors construct a diverse dialogue that is as impactful as it is revealing Readers seeking to immerse themselves in the profound exploration of identity will find Profiles an invaluable resource This anthology offers the rare opportunity to engage with varied perspectives through a single lens fostering an appreciation for the unique contributions each piece brings to the thematic mosaic As a cornerstone of literary exploration Profiles beckons readers to reflect analyze and converse with the multitude of voices it shelters rendering it a must read for both devoted literary connoisseurs and new enthusiasts of cultural critique alike

**Who Is Right and Who Is Left** Raphael Israeli,2017-11-20

This volume deals with the dilemma of just wars if any war can be justified In fact it is like many other things in life in the eye of the beholder For what is just in the eye of the winner and victor will be wrong and unjustified in the eye of the victim and loser This is the reason history is written by victors while the defeated indulge in lamentations and nostalgia In several historical chapters this volume brings up several cases from antiquity to our days of big powers that took the liberty to conquer small nations and subject them to their whims in the belief that might was right as well as reversals in history where the crushed victims ultimately gained the upper hand Therefore the question of who is right and who is left to tell the story will remain a tale of relative narratives leaving it to subsequent generations and their usually biased historians to rewrite history to their taste
