of the city's water conservation efforts and watershed management regime Soll reveals the tremendous shifts in environmental practices and consciousness that occurred during the twentieth century Few episodes better capture the long standing upstate downstate divide in New York than the story of how mountain water came to flow from spigots in Brooklyn and Manhattan Soll concludes by focusing on the landmark watershed protection agreement signed in 1997 between the city watershed residents environmental organizations and the state and federal governments After decades of rancor between the city and Catskill residents the two sides set aside their differences to forge a new model of environmental stewardship His account of this unlikely environmental success story offers a behind the scenes perspective on the nation's most ambitious and wide ranging watershed protection program *Field & Stream*, 1998-01 FIELD STREAM America's largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations *Adventure Guide to the Catskills and Adirondacks* Wilbur H.
