In search of ancient gods Erich von Däniken, 1974 *From the Ashes of Angels* Andrew Collins, 2001-09-01 Provides convincing evidence that angels demons and fallen angels were flesh and blood members of a giant race predating humanity spoken of in the Bible as the Nephilim Indicates that the earthly paradise of Eden was a realm in the mountains of Kurdistan By the author of *Gateway to Atlantis* Our mythology describes how beings of great beauty and intelligence who served as messengers of gods fell from grace through pride These angels also known as Watchers are spoken of in the Bible and other religious texts as lusting after human women who lay with them and gave birth to giant offspring called the Nephilim These religious sources also record how these beings revealed forbidden arts and sciences to humanity transgressions that led to their destruction in the Great Flood Andrew Collins reveals that these angels demons and fallen angels were flesh and blood members of a race predating our own He offers evidence that they lived in Egypt prior to the ancient Egyptians where they built the Sphinx and other megalithic monuments before leaving the region for what is now eastern Turkey following the cataclysms that accompanied the last Ice Age Here they lived in isolation before gradually establishing contact with the developing human societies of the Mesopotamian plains below Humanity regarded these angels described as tall white haired beings with viperlike faces and burning eyes as gods and their realm the paradise wherein grew the tree of knowledge Andrew Collins demonstrates how the legends behind the fall of the Watchers echo the

faded memory of actual historical events and that the legacy they have left humanity is one we can afford to ignore only at our own peril **Paranormal America (second Edition)** Christopher D. Bader, Joseph O. Baker, F. Carson

Mencken, 2017-04-18 Based on extensive research and their own unique personal experiences the authors reveal that a significant number of Americans hold these beliefs and that for better or worse we undoubtedly live in a paranormal America Readers will join the authors as they participate in psychic and palm readings and have their auras photographed join a Bigfoot hunt follow a group of celebrity ghost hunters as they investigate claims of a haunted classroom and visit a support group for alien abductees Provided by publisher **Piri Reis Map of 1513** Gregory C. McIntosh, 2012-03-15 One of the

most beautiful maps to survive the Great Age of Discoveries the 1513 world map drawn by Ottoman admiral Piri Reis is also one of the most mysterious Gregory McIntosh has uncovered new evidence in the map that shows it to be among the most important ever made This detailed study offers new commentary and explication of a major milestone in cartography

Correcting earlier work of Paul Kahle and pointing out the traps that have caught subsequent scholars McIntosh disproves the dubious conclusion that the Reis map embodied Columbus's Third Voyage map of 1498 showing that it draws instead on the Second Voyage of 1493 1496 He also refutes the popular misinterpretation that Reis's depictions of Antarctica are evidence of either ancient civilizations or extraterrestrial visitation McIntosh brings together all that has been previously known about the map and also assembles for the first time the translations of all inscriptions on the map and analyzes all place names given for New World and Atlantic islands His work clarifies long standing mysteries and opens up new ways of looking at the history of exploration **A Meta-Psychological Perspective on the Individual Course of Life** Edgar

Krau, 2003-11-26 At one time or another everyone experiences an occult phenomenon It is not a matter of imagination or faith This book uses scientific knowledge from physics physiology psychology and other domains to both analyze and understand occult phenomena The author's basic position is to accept as real the forebodings and causal occurrences of unknown nature that can be verified in practice *The Orion Zone* Gary David, 2010-04-20 Ancient star lore exploring the mysterious location

of Pueblos in the American Southwest circa 1100 AD that appear to be a mirror image of the major stars of the Orion constellation Many readers are familiar with the correlation between the pyramids of Egypt and the stars of Orion Beginning in 1100 AD on the Arizona desert the Hopi constructed a similar pattern of villages that mirrors all the major stars in the constellation As Above so Below The Orion Zone explores this ground sky relationship and its astounding global significance Packed with diagrams maps astronomical charts and photos of ruins and rock art this useful guidebook decodes the ancient mysteries of the Pueblo Indian world In Search of Ancient Gods Erich von Däniken (is pseud.), 1975 The Human Face
