Moving Towards Everlasting Artificial Intelligent Battery-Powered Implants Marvellous Moyo, Tawanda Mushiri, 2024-10-15 *Moving Towards Everlasting Artificial Intelligent Battery Powered Implants* presents the development process of new artificial intelligent AI charging systems for battery powered implants that can last for a lifetime after implantation. This book introduces new strategies to address the limitations of technologies that have been employed to improve the lifespan of medical implants. This book also provides guidelines that medical implant manufacturers can adopt during their product development stages. This adds a new dimension of research on medical device implants that can be a game changer for the AI medical implants industry. Researchers, engineers, and graduate students in the fields of biomedical engineering, electrical engineering, and computer science will find this text helpful as they seek to understand the potential of AI systems to help achieve sustainability in healthcare and make current medical implants relevant in the future. Presents basic and advanced concepts in medical implants design. Explores various uses of AI and engineering concepts in optimization and enhancement of medical devices. Facilitates new approaches in improving patient safety and reliability of medical devices. Teaching in Nursing - E-Book Diane M. Billings, Judith A. Halstead, 2023-05-12 Selected for Doody's Core Titles 2024 in Education. Now in its 25th anniversary edition, Billings and Halstead's *Teaching in Nursing: A Guide for Faculty*, 7th Edition, prepares you for the day-to-day challenges of teaching future nurses for practice in today's rapidly evolving healthcare system. This comprehensive resource covers all four components of nursing education: teaching and learning, curriculum evaluation, and technology empowered learning. You'll benefit from the expert guidance on such key issues as curriculum and test development, diverse learning styles, the redesign of healthcare systems, advances in technology and information, global health, and curricular experiences.
