An American Odyssey Mary Schmidt Campbell, 2018-08-06 By the time of his death in 1988 Romare Bearden was most widely celebrated for his large scale public murals and collages which were reproduced in such places as Time and Esquire to symbolize and evoke the black experience in America As Mary Schmidt Campbell shows us in this definitive defining and immersive biography the relationship between art and race was central to his life and work a

constant driving creative tension Bearden started as a cartoonist during his college years but in the later 1930s turned to painting and became part of a community of artists supported by the WPA As his reputation grew he perfected his skills studying the European masters and analyzing and breaking down their techniques finding new ways of applying them to the America he knew one in which the struggle for civil rights became all absorbing By the time of the March on Washington in 1963 he had begun to experiment with the Projections as he called his major collages in which he tried to capture the full spectrum of the black experience from the grind of daily life to broader visions and aspirations Campbell s book offers a full and vibrant account of Bearden s life his years in Harlem his studio was above the Apollo theater to his travels and commissions along with illuminating analysis of his work and artistic career Campbell who met Bearden in the 1970s was among the first to compile a catalogue of his works An American Odyssey goes far beyond that offering a living portrait of an artist and the impact he made upon the world he sought both to recreate and celebrate North American Odyssey Craig E. Colten,Geoffrey L. Buckley,2014-03-27 This groundbreaking volume offers a fresh approach to conceptualizing the historical geography of North America by taking a thematic rather than a traditional regional perspective Leading geographers building on current scholarship in the field explore five central themes Part I explores the settling and resettling of the continent through the experiences of Native Americans early European arrivals and Africans Part II examines nineteenth century European immigrants the reconfiguration of Native society and the internal migration of African Americans Part III considers human transformations of the natural landscape in carving out a transportation network replumbing waterways extracting timber and minerals preserving wilderness and protecting wildlife Part IV focuses on human landscapes blending discussions of the visible imprint of society and distinctive approaches to interpreting these features The authors discuss survey systems regional landscapes and tourist and mythic landscapes as well as the role of race gender and photographic representation in shaping our understanding of past landscapes Part V follows the urban impulse in an analysis of the development of the mercantile city nineteenth and twentieth century planning and environmental justice With its focus on human environment interactions the mobility of people and growing urbanization this thoughtful text will give students a uniquely geographical way to understand North American history Contributions by Derek H Alderman Timothy G Anderson Kevin Blake Christopher G Boone Geoffrey L Buckley Craig E Colten Michael P Conzen Lary M Dilsaver Mona Domosh William E Doolittle Joshua Inwood Ines M Miyares E Arnold Modlin Jr Edward K Muller Michael D Myers Karl Raitz Jasper Rubin Joan M Schwartz Steven Silvern Andrew Sluyter Jeffrey S Smith Robert Wilson William Wyckoff and Yolonda Youngs

Temples for Tomorrow Geneviève Fabre, Michel Feith, 2001-09-19 The Harlem Renaissance is rightly considered to be a moment of creative exuberance and unprecedented explosion Today there is a renewed interest in this movement calling for a re evaluation and a closer scrutiny of the era and of documents that have only recently become available Temples for Tomorrow reconsiders the period between two world wars which confirmed the intuitions of W E B DuBois on the color line

and gave birth to the American dilemma later evoked by Gunnar Myrdal Issuing from a generation bearing new hopes and aspirations a new vision takes form and develops around the concept of the New Negro with a goal to recreate an African American identity and claim its legitimate place in the heart of the nation In reality this movement organized into a remarkable institutional network which was to remain the vision of an elite but which gave birth to tensions and differences This collection attempts to assess Harlem s role as a Black Mecca as site of intimate performance of African American life and as focal point in the creation of a diasporic identity in dialogue with the Caribbean and French speaking areas Essays treat the complex interweaving of Primitivism and Modernism of folk culture and elitist aspirations in different artistic media with a view to defining the interaction between music visual arts and literature Also included are known Renaissance intellectuals and writers Even though they had different conceptions of the role of the African American artist in a racially segregated society most participants in the New Negro movement shared a desire to express a new assertiveness in terms of literary creation and identity building

Budgeting for Local Governments and Communities
 Douglas Morgan, Kent S. Robinson, Dennis Strachota, James A. Hough, 2017-09-19 Budgeting for Local Governments and Communities is designed as the primary textbook for a quarter or semester long course in public budgeting and finance in an MPA programme. Many currently available texts for this course suffer from a combination of defects that include a focus on federal and state budgeting, a lack of a theoretical governance framework, an omission of important topics and typically a lack of exercises and datasets for student use. Budgeting for Local Governments and Communities solves all of these problems. The book is exceptionally comprehensive and well written and represents the efforts of veteran authors with both teaching and real world experience.

Key Features
 Special Focus on Local Government Budgeting focuses exclusively on budgeting at the local levels of American government which are responsible for spending 40 percent of the taxes collected from citizens. Integration of Theory and Practice teaching cases and chapters capture the lessons learned by professional practitioners who have extensive experience in making local public budgeting work on the ground. Polity Approach to Local Budgeting presents an introduction to local budgeting as the central political activity that integrates the resources of the community into a unified whole. Budgeting is presented as governance work rather than as a unique set of skills possessed by analysts and financial specialists. Legal Historical Economic and Moral Foundations of Local Government Budgeting provides readers with an understanding of how the structures and processes of local budgeting systems are firmly tethered to the underlying core values, legal principles and historical development of the larger American federal state and local political systems. Electronic Datasets and Budgeting Exercises the text includes access to extensive electronic datasets and practice exercises that provide abundant opportunities for students to learn through doing. Extensive Glossary and Bibliography covers terms on the history and practice of local public budgeting.
