The Plague of Fantasies Slavoj Žižek, 1997 Slavoj Žižek is without doubt one of the most stimulating and vibrant thinkers of our time and his idiosyncratic blend of Lacan and Hegel is always sparkling with insight and studded with amusing stories anecdotes and jokes In The Plague of Fantasies Žižek approaches another enormous subject with characteristic brio and provocativeness The current epoch is plagued by fantasms there is an ever intensifying antagonism between the process of ever greater abstraction of our lives whether in the form of digitalization or market relations and the deluge of pseudo concrete images which surround us Traditional critical thought would have sought to trace the roots of abstract notions in concrete social reality but today the correct procedure is the inverse from pseudo concrete imagery to the abstract process which structures our lives Ranging in his examples from national differences in toilet design to cybersex and from intellectuals responses to the Bosnian war to Robert Schumann's music Žižek explores the relations between fantasy and ideology the way in which fantasy animates enjoyment while protecting against its excesses the associations of the notion of fetishism with fantasized seduction and the ways in which digitalization and cyberspace affect the status of subjectivity To the already initiated The Plague of Fantasies will be

a welcome reminder of why they enjoy Zizek's writing so much. For new readers it will be the beginning of a long and meaningful relationship.

Blood Falls: An Epic Urban Fantasy Anna McCluskey, 2025-08-19 Enjoy this epic urban fantasy series starter with cryptids and an unusual magic system by fantasy author Anna McCluskey. Between strange cryptids, forgotten artifacts, and dangerous magics, a Warrior Mage Librarian's work is never done. Trevor and Sister Margaret might seem like an odd pairing. He's a mild-mannered historian with a wry sense of humor, and she curses like a sailor and carries an arsenal of weapons everywhere she goes. But they're fast becoming one of the Vatican's best teams of Warrior Mage Librarians: mages who travel between remote secret libraries, defending them from accidentally summoned demons, mages with ill intent, and other threats. Then cryptids suddenly reveal their existence to the human mage world, and everything changes. Sister Margaret and Trevor are sent as emissaries to the annual summit of the Cryptid Collective, where they find that not all cryptids want mages around. And some of them want to wipe humanity from the earth altogether. Will Trevor and Sister Margaret be able to root out the enemies of humanity? Or will the world be plunged into a war like nothing it's ever seen before? Find out in Book 1 of this epic urban fantasy series. *Blood Falls* is the first installment of the epic urban fantasy series *Warrior Mage Librarians*. Great for readers who love fantasy books that get a little dark and have diverse casts, including queer, neurodivergent, and BIPOC characters, plus a good dose of action, humor, and intrigue. If you enjoy books by Jessica Cage, Devin Hanson, Shannon Mayer, Angela Wallace, and Alistair Rennie, you'll love this series.

A touch of fantasy Free Calliope,2025-07-31 When a koala family goes on vacation in Africa rubber ducks take creative action against a dripping faucet and monsters are afraid of the dark one thing is for sure a touch of fantasy is at play here In entertaining short stories young readers are taken on exciting and educational adventures They not only learn about nature but also that it is okay to be different and that everyone is allowed to be afraid sometimes They also learn that it is worth being patient taking on new challenges and always seeing the positive side of things *Modern Fantasy* Colin N. Manlove,2020-04-16 After a decade from 1965 which had seen the growth in Britain and America of an enormous interest in fantasy literature and a rise in its academic repute from cold to lukewarm a serious study of the subject seemed long overdue In this first critical book in its time on modern English fantasy Colin Manlove surveys a representative group of modern fantasies in the Victorian period in the children's scientific and Christian fantasy *The Water Babies* by Charles Kingsley and the mystical fantasy of the Scottish writer George MacDonald and from the twentieth century the interplanetary romances of C S Lewis the post war fantasy of rebellious youth in Mervyn Peake's *Gormenghast* books and the quest to avert apocalypse in J R R Tolkien's *The Lord of the Rings* The aim with all these works is to show the peculiar literary experiences they offer and to assess their strengths and limitations in relation to wider English literature In the introduction to his book Manlove gives a definition of fantasy marking off the genre from its near neighbors science fiction and Gothic or horror story and distinguishing between fantasies that are serious works of imagination and those that are fanciful or escapist Each chapter that follows is primarily a literary analysis set in a context of the writer's life thought and other works As the book proceeds there begins to emerge a picture of the originality and merit of the writers but at the same time the sense of a division in the purpose of each writer whereby their works fail to abide by their own laws In the conclusion to this book Manlove draws the different types of division found into one and argues that the problem is one that is endemic to the writing of modern fantasy

The Fantasy of J. R. R. Tolkien Robert J. Dobie, 2024 At the heart of Tolkienian fantasy is recovery a cleaning of the windows of our perception that we may learn to see the world again in all its strange and bewildering beauty And for Tolkien to recover the world anew is to recover a sense of the world as a meaningful act of creation by a living and loving Creator How does Tolkien accomplish this Through sub creation or mythopoeia the fashioning of myth For it is in creating an imaginary world ourselves through poetry fairy story and myth that we come to see our primary world as itself an act of creation In short mythopoeic creation far from being lies breathed through silver uncovers for us the truth of our world as a story of creation This book is the first sustained attempt to show not only the centrality of recovery to Tolkien's fantasy but the way in which his fantasy affects that primal recovery in every reader In doing so this book not only reveals the marvelous philosophical and theological riches that underlie Tolkien's fantasy but shows how his mythopoeic fiction allows the recovery and enactment of these riches in our own lives In these pages we learn how Tolkien's fantasy addresses fundamental problems such as the relation of language to reality the nature of evil the distinction between time and eternity and its relation to death and immortality the paradox of necessity and free will in human action and the grounds for providential hope in a happy ending Indeed The Fantasy of J R R Tolkien shows how for Tolkien fantasy has within itself a healing power through which intellectual moral and existential paradoxes are resolved and our intellectual and perceptual faculties are made whole again so that they may participate with renewed vigor in the life giving work of creation of every sort

Nature and the Numinous in Mythopoeic Fantasy Literature Chris Brawley, 2014-07-14 This book makes connections between mythopoeic fantasy works that engage the numinous and the critical apparatuses of ecocriticism and posthumanism Drawing from the ideas of Rudolf Otto in The Idea of the Holy mythopoeic fantasy is a means of subverting normative modes of perception to both encounter the numinous and to challenge the perceptions of the natural world Beginning with S T Coleridge's theories of the imagination as embodied in The Rime of the Ancient Mariner the book moves on to explore standard mythopoeic fantasists such as George MacDonald C S Lewis and J R R Tolkien Taking a step outside these men particularly influenced by Christianity the concluding chapters discuss Algernon Blackwood and Ursula Le Guin whose works evoke the numinous without a specifically Christian worldview
