Germany Since 1945

Elana Passman

Germany Since 1945:

Germany since 1945 Pól Ó Dochartaigh, 2019-10-10 Since its crushing military defeat in 1945 Germany has faced occupation and division economic success amidst Cold War bitterness the rise and spectacular fall of the Berlin Wall and now more than a decade as a country united for only the second time in its history It has become a slumbering economic superpower at the heart of the drive towards European unity while divisions between east and west remain among its own people Germany since 1945 Offers a comprehensive introduction to every stage in Germany's political social and economic development from 1945 right up to the present day Examines in depth both German states their differences and their similarities as well as the period of occupation 1945-49 and the year of unification 1989-90 Concludes with the first short survey in English of more than a decade of post unification Germany covering the period right up to the Iraq crisis in spring 2003

Germany Since 1945 Peter C. Caldwell, Karrin Hanshew, 2018-10-04 Germany Since 1945 traces the social political and cultural history of Germany from the end of the Second World War right up to the present day It underscores both the particularities of German history and the international trends and transactions that shaped it giving good coverage to key aspects of post 1945 German society and politics including East and West German paths to reconstruction The development of consumer society and the welfare state The Cold War New social political movements that opposed the postwar status Immigration and the move toward a multicultural society From back cover *Longman Companion to Germany Since 1945* Adrian Webb, 2014-09-09 This new Companion provides a wealth of information on the history of Germany since the Second World War including much material which is not readily available Throughout equal attention is devoted to East and West Germany and covers political social cultural and economic developments The author provides information on for example political parties and office holders living standards crime and the environment Germany's relationship with the European Union and East Germany up to 1990 Attention is also devoted to topical issues such as opposition and dissent in the East terrorism neo nazism and racial violence An essential reference book for anyone studying or teaching postwar Germany in history or politics departments *Coming of Age* Helga Haftendorn, 2006-03-30 Covering German foreign policy since the end of World War II this book explores Germany's recovery from wartime defeat and destruction Through a chronological series of case studies it offers a document based account of 60 years of German policymaking

The Federal Republic of Germany since 1949 Klaus Larres, Panikos Panayi, 2014-08-27 Today the problems of reunification seem to feature more often in the international spotlight than the benefits This timely volume offers a reassessment of Germany's postwar development from its inception through to reunification including a thorough examination of the implications for economic political and social policies The impressive team of contributors include leading names in the history of modern Germany together with some of the ablest younger scholars in the field They are Hartmut Berghoff David Childs Immanuel Geiss Graham Hallett Klaus Larres Terry McNeill Torsten Opelland Richard Overly Stephen

Padgett Panikos Panayi and Mathias Siekmeier **A History of Modern Germany Since 1815** Frank B. Tipton, 2003
Tipton's book will prove a godsend to teachers and students of Modern German History not only does it provide a fresh and compelling account of the whole period from 1815 right up to the present it achieves a rare synthesis of social political economic and cultural history You get the equivalent of about six good books for the price of one John Milfull University of New South Wales A comprehensive balanced up to date and fair synthesis that will be extremely valuable to undergraduate students The writing is superior and the approach is sound This study will challenge student readers to make the sorts of connections that are demanded of them in too few of the competing texts James Retallack University of Toronto

Memorialization in Germany since 1945 B. Niven, C. Paver, 2009-12-18 Difficult Pasts provides a wide ranging discussion of contemporary Germany's rich memorial landscape It discusses the many memorials to German losses during the Second World War to the victims of National Socialism and to those of GDR socialism With up to date coverage of many less well known memorials as well as the most publicised ones *Germany 1945* Richard Bessel, 2012-09-27 In 1945 Germany experienced the greatest outburst of deadly violence that the world has ever seen Germany 1945 examines the country's emergence from the most terrible catastrophe in modern history When the Second World War ended millions had been murdered survivors had lost their families cities and towns had been reduced to rubble and were littered with corpses Yet people lived on and began rebuilding their lives in the most inauspicious of circumstances Bombing military casualties territorial loss economic collapse and the processes of denazification gave Germans a deep sense of their own victimhood which would become central to how they emerged from the trauma of total defeat turned their backs on the Third Reich and its crimes and focused on a transition to relative peace Germany's return to humanity and prosperity is the hinge on which Europe's twentieth century turned For years we have concentrated on how Europe slid into tyranny violence war and genocide this book describes how humanity began to get back out **Technology Transfer out of Germany after 1945** Burghard Ciesla, Matthias Judt, 2013-05-13 Technology Transfer Out of Germany studies the movement of technology and scientists between East Germany and the Soviet Union and West Germany and the Western Allies using documented examples and case studies and asks whether the confiscation of documents equipment and scientists can really be considered to be a form of intellectual reparation *The Routledge Companion to Modern European History since 1763* Chris Cook, John Stevenson, 2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the

post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history *Britain and Germany in Europe, 1949-1990* Jeremy Noakes, Peter Wende, Jonathan Wright, 2002 Anglo German relations since 1945 have been generally cordial but subject to bouts of acute tension This volume by leading historians from both countries examines major political issues and broader contacts between the two societies It suggests that British perceptions have remained coloured by fears of German dominance aggravated by the success of the Federal Republic and the relative decline of Britain in the post war period

Legacies of Stalingrad Christina Morina, 2014-05-14 Christina Morina's book examines the history of the Eastern Front war and its impact on German politics and society throughout the postwar period She argues that the memory of the Eastern Front war was one of the most crucial and contested themes in each part of the divided Germany Although the Holocaust gained the most prominent position in West German memory official memory in East Germany centered on the war against the USSR The book analyzes the ways in which these memories emerged in postwar German political culture during and after the Cold War and how views of these events played a role in contemporary political debates The analysis pays close attention to the biographies of the protagonists both during the war and after drawing distinctions between the accepted public memory of events and individual encounters with the war **A History of Modern Germany** Martin Kitchen, Lauren Faulkner Rossi, 2023-08-15 A HISTORY OF MODERN GERMANY A History of Modern Germany provides a comprehensive account of the social political and economic history of Germany from 1800 to the present Written in an engaging and accessible narrative style this popular textbook offers an expansive view of the nation's complex and fragmented past tracing the development of the German national consciousness through Napoleonic rule the unification of Germany the German Empire the Weimar Republic the Third Reich post war division the collapse of Communism reunification and the first two decades of the 21st century Throughout the text the authors discuss the tensions prompted by structural changes within Germany long term shifts in demographics social and economic reforms and more Now in its third edition A History of Modern Germany offers richer coverage of German cultural history the German Democratic Republic modernization class religion and gender Updated chapters explore continuity in imperial projects from Bismarck to Hitler memory and commemoration since 1945 the distinct but intertwined histories of the two Germanys between 1949 and 1989 and the experience of diversity after the Second World into the post unification era A History of Modern Germany 1800 to the Present Third Edition is an excellent textbook for undergraduate students taking courses in modern German history or modern European history as well as general readers with an interest in the subject Germany since Unification Klaus Larres, 2016-07-27 Almost a decade after the opening of the Berlin Wall the collapse of the GDR and the end of the Cold War

Germany has begun to cope with the political economic social and nationalistic challenges unification has posed to its institutions and way of life in both the western and eastern part of the once divided country The books nine authors all experts in their field analyse the way united Germany has tackled the many unforeseen problems and highlight Germany's slow adjustment to the new realities The emergence of a new economic political and perhaps military superstate as feared by many in 1990 has not materialised Instead Germany today is only just coping with the domestic and external challenges of unification The economic and social integration of the former East Germany may yet take another 10 to 15 years This timely and well researched book outlines the many challenges facing Germany and its European neighbours in the post Cold War world

A Brief History of Germany, Second Edition Jason Coy, 2021-05-01 A Brief History of Germany Second Edition provides a clear lively and comprehensive account of the history of Germany from ancient times to the present day It relates the central events that have shaped the country and details their significance in historical context touching on all aspects of the history of the country from political international and economic affairs to cultural and social developments Illustrated with full color maps and photographs and accompanied by a chronology bibliography and suggested reading this accessible overview is ideal for the general reader Coverage includes Prehistoric Germany Germania Barbarian Germany Medieval Germany Reformation Germany Confessional Germany and the Thirty Years War Absolutism and Enlightenment Napoleonic Germany and the Revolution of 1848 Unification and Empire The Great War and Weimar Germany Nazism and World War II The Cold War Division and Reunification Contemporary Germany

The Routledge Companion to European History Since 1763 Chris Cook, John Stevenson, 2005 The Routledge Companion to European History since 1763 is a compact and highly accessible work of reference with a fully comprehensive glossary a biographical section a thorough bibliography and informative maps

The Spoils of War Aidan Crawley, 1973

Reinventing Germany Anthony Glees, 1996-08 In this stimulating book a leading expert on German affairs provides an overview of German political development since 1945 The key to the well being and prosperity of Europe after 1945 was the creation of a stable and democratic West Germany Unification in 1990 not only transformed Germany's role in Europe and the world but brought new political social and economic problems caused by the vast expense of unity and high labour costs The author argues that these great changes provide a new and daunting challenge to the Bonn system by calling into question the Berlin Republic's ability to meet the needs of the German nation The difficulties resulting from Germany's commitment to European integration are also addressed Within Europe German insistence on deeper integration is often seen as evidence of a German wish to dominate Europe even though the stated aim of Kohl's government is to prevent this from happening The author believes that Germany's new power is clearly visible and must be carefully managed if future conflict is to be avoided

The History of Modern Germany Since 1945 Bruce Walabbe, 2019-08-18 the history of modern germany since 1945

The French-German Dynamic in an Age of Conflict, 1925-1963 Elana Passman, 2025-02-04 This book investigates the radical transformation of the

relationship between Germany and France neighbors whose border constituted one of the deepest fault lines of European history For generations the French and the Germans believed they were eternal enemies and this myth of primordial hatred was the lens through which they interpreted each other's every move Yet today a Franco German war is unimaginable Passman locates the reshaping of the French German dynamic in the civic organizations that made the very notion of cooperation credible After World War I and in the decades to follow Franco German associations kept calling for an end to their animus Through journals cultural exchanges events and charitable ventures activists opened up the possibility of imagining friendship with the enemy The pursuit of French German cooperation did not begin with politicians after World War II It took flight in the 1920s and persisted through decades of turmoil In anchoring the history of collaboration in a longer arc of French German cooperation Passman illuminates how entangled were the histories of 1920s rapprochement Nazi era collaborationism and postwar reconciliation This volume will appeal to scholars students and general readers interested in the histories of modern France and modern Germany European integration and peace studies
