The Nature of Kingship Kathryn Dyt,2024-12-31

The Nature of Kingship is an innovative exploration of dynastic power and the environment in nineteenth century Vietnam It offers important insights into Vietnamese kingship by delving into the intricate workings of the Nguy n court and its interactions with the natural world Weaving together a rich array of sources including official histories royal poetry astrological manuals geography texts and provincial gazetteers Kathryn Dyt vividly demonstrates how Nguy n governance and court hierarchies were intertwined with a powerful agentive and emotional weather world a world inhabited by ecological actors such as rain wind land and skies While previous narratives have often faulted Nguy n rulers for being aloof and detached from their surroundings this new study considers how Nguy n dynastic rule was in fact highly responsive to its setting and sensitive to the environment It shows that Nguy n kings were not static inert individuals cut off from the world but rather were intensely engaged with their environment and its cosmological and spiritual dimensions Placing kings in the thick of lived experience in a land perceived to be alive and responsive to human incantations prayers and pleas this account demonstrates how Nguy n rulers consolidated their authority through displays of superior weather knowledge and modes of affective rule rooted in reciprocal emotional resonance with the weather world The king s exemplary affective responsiveness to the weather was central to his preeminence and it was a means by which the court validated its power within Vietnam s

extensive social field Exploring kingship from phenomenological perspectives this wide reaching study addresses diverse forms of court engagement with the environment including the observation of astronomical and meteorological phenomena divination practices rainmaking rituals travel through the kingdom the writing of environmental histories and imperial poetry
