Scribbling Women & the Short Story Form Ellen Burton Harrington, 2008 America is now wholly given over to a d d mob of scribbling women and I should have no chance of success while the public taste is occupied with their trash Taking Hawthorne s famous 1855 complaint about women writers as a starting point for consideration *Scribbling Women and the Short Story Form* is a collection of fourteen critical essays about the short fiction of British and American women writers This anthology takes a feminist approach examining the liberating possibilities for women writers of the form of the short story a genre often associated with alienation or subversion the writer Frank O Connor describes the form as marginal or outlaw Covering the work of selected women writers from the 1850s through the late twentieth century this collection includes essays on well known authors such as Rebecca Harding Davis Louisa May Alcott Kate Chopin Katherine Anne Porter Flannery O Connor Cynthia Ozick and Ursula K Le Guin alongside essays on Harriett Prescott Spofford Ruth Stewart L T Meade Alice Dunbar Nelson Zitkala Sa Sui Sin Far and Lydia Davis less known authors whose stories offer rich ground for consideration

The Hemingway Short Story George Monteiro, 2017-03-23 Ernest Hemingway revolutionized the American short story establishing himself as a master of realist fiction in the tradition of Guy de Maupassant Yet none of Hemingway s emulators has succeeded in duplicating his understated minimalist style In his Iceberg Theory of fiction only the tip of the story is seen on the surface the rest is submerged out of sight This study surveys the scope of Hemingway s mastery of the short story form enabling a fuller understanding of such works as *Indian Camp* *Big Two Hearted River* *The Killers* *The Mother of a Queen* *In Another Country* *Hills Like White Elephants* *The Snows of Kilimanjaro* and *The Mercenaries* among many others All 13 stories from his underrated *Winner Take Nothing* collection are evaluated in detail

British Short Fiction in the Early Nineteenth Century Tim Killick, 2016-05-23 In spite of the importance of the idea of the tale within Romantic era literature short fiction of the period has received little attention from critics Contextualizing British short fiction within the broader framework of early nineteenth century print culture Tim Killick argues that authors and publishers sought to present short fiction in book length volumes as a way of competing with the novel as a legitimate and prestigious genre Beginning with an overview of the development of short fiction through the late

eighteenth century and analysis of the publishing conditions for the genre including its appearance in magazines and annuals Killick shows how Washington Irving's hugely popular collections set the stage for British writers Subsequent chapters consider the stories and sketches of writers as diverse as Mary Russell Mitford and James Hogg as well as didactic short fiction by authors such as Hannah More Maria Edgeworth and Amelia Opie His book makes a convincing case for the evolution of short fiction into a self-conscious intentionally modern form with its own techniques and imperatives separate from those of the novel

The Influence of the European Culture on Hemingway's Fiction, Silvia Ammary, 2015-06-09 The Influence of the European Culture on

Hemingway's Fiction is an essential companion to all those who study Hemingway. The study deals with how Hemingway depicts Europe in his fiction not necessarily from a biographical point of view as most critical books have dealt with but how he assimilates to the culture of Europe how he portrays the different aspects of that culture in food music customs architecture and literature. This study views Hemingway's stories and novels through a new lens by applying new critical developments emergent approaches and transnational studies to aid in a fuller understanding of Hemingway. Europe for Hemingway was a land of discovery and one cannot study his major novels without analyzing this passion for these lands. The Europe that Hemingway experienced and recorded in his writing serves as an important element in his fiction becoming the other an alien culture that was sufficiently different from his American roots. Yet this otherness serves first to fulfill his psychological needs to learn and become one of the initiated through suffering whether it involves himself or the loss of other people around him.

The Canadian Short Story Reingard M. Nischik, 2007 Beginning in the 1890s reaching its first full realization by modernist writers in the 1920s and brought to its heyday during the Canadian Renaissance starting in the 1960s the short story has become Canada's flagship genre. It continues to attract the country's most accomplished and innovative writers today among them Margaret Atwood Mavis Gallant Alice Munro Carol Shields and many others. Yet in contrast to the stature and popularity of the genre and the writers who partake in it surprisingly little literary criticism and theory has been devoted to the Canadian short story. This collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well known and often anthologized Canadian short stories from the genre's beginnings through the twentieth century. A historical survey of the genre introduces the volume and a timeline comparing the genre's development in Canada the US and Great Britain via representative examples completes it. The collection is geared both to specialists in and to students of Canadian literature. For the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the Canadian short story.

Reingard M. Nischik is professor and chair of American Literature at the University of Constance Germany.

The Gothic Worlds of Peter Straub John C. Tibbetts, 2016-08-16 Horror novelist Peter Straub creates highly personalized fiction with an allusiveness and ambiguity that deny the genre's explicit nature. For him the Gothic style is to be created and recreated in a changing world. Faustian pacts buried secrets haunted places ghosts vampires and succubi take on strange new shapes and effects. Stephen King describes Straub's style as a synthesis of horror and beauty. Drawing on interviews with Straub and featuring an exclusive interview with King this study explores the work of the author who has been called a writer of rare wit and intelligence in a field beset with cynical potboilers. Douglas E. Winter Washington Post October 14 1984.

Florence Goyet, 2014-01-13 The ability to construct a nuanced narrative or complex character in the constrained form of the short story has sometimes been seen as the ultimate test of an author's creativity Yet during the time when the short story was at its most popular the late nineteenth and early twentieth centuries even the greatest writers followed strict generic conventions that were far from subtle This expanded and updated translation of Florence Goyet's influential *La Nouvelle 1870 1925 Description d'un genre son apogée* Paris 1993 is the only study to focus exclusively on this classic period across different continents Ranging through French English Italian Russian and Japanese writing particularly the stories of Guy de Maupassant Henry James Giovanni Verga Anton Chekhov and Akutagawa Ryunosuke Goyet shows that these authors were able to create brilliant and successful short stories using the very simple tools of brevity of that period In this challenging and far reaching study Goyet looks at classic short stories in the context in which they were read at the time cheap newspapers and higher end periodicals She demonstrates that despite the apparent intention of these stories to question bourgeois ideals they mostly affirmed the prejudices of their readers In doing so her book forces us to re think our preconceptions about this forgotten genre Edgar Allan Poe's the Tell-tale Heart and Other Stories Harold Bloom, Sterling
