Painted Bird Jerzy Kosinski,2009-07-01 A young boy is abandoned by his parents during World War II *Kosinski's Novel The Painted Bird in Thirteen Languages* ,2022-09-19 The viscerally haunting and politically disturbing Painted Bird the most famous novel by the Polish American writer Jerzy Kosinski finally receives a long overdue fresh scientific perspective a truly insightful study of linguistic and cultural controversy in translation against the benchmark of a tailor made iron clad methodology of such concepts as involved culture detached culture and the universe of the opus The study presents the kaleidoscopic cross section of renditions into as many as thirteen languages making it a pioneering elaboration of a macrocosm of the afterlife of a translated novel and a tour de force of comparative translation studies The dark contents of the work heavily loaded with political and moral issues vulnerable to shifts and refractions in the process of translation have been analysed unaffected by ideological sway debunking any persistent myths about Kosinski s harrowing work

The Holocaust Industry Norman G. Finkelstein,2024-05-14 A scathing argument against those who exploit the Holocaust for personal and political gain by a major figure at the center of the Israel Palestine debate The most controversial book of the year Guardian This iconoclastic study was one of the most widely debated books of 2000 Finkelstein indicts with both vigor and honesty those who exploit the tragedy of the Holocaust for their own personal political and financial gain This new edition includes updated material discussing the initial reception to the book s publication In an iconoclastic and controversial new study Norman G Finkelstein moves from an interrogation of the place the Holocaust has come to occupy in American culture to a disturbing examination of recent Holocaust compensation agreements It was not until the Arab Israeli War of 1967 when Israel s evident strength brought it into line with US foreign policy that memory of the Holocaust began to acquire the exceptional prominence it enjoys today Leaders of America s Jewish community were delighted that Israel was now deemed a major strategic asset and Finkelstein contends exploited the Holocaust to enhance this newfound status Their subsequent interpretations of the tragedy are often at variance with actual historical events and are employed to deflect any criticism of Israel and its supporters Recalling Holocaust fraudsters such as Jerzy Kosinski and Binjamin Wilkomirski as well as the demagogic constructions of writers like Daniel Goldhagen Finkelstein contends that the main danger posed to the

memory of Nazism's victims comes not from the distortions of Holocaust deniers but from prominent self-proclaimed guardians of Holocaust memory. Drawing on a wealth of untapped sources, he exposes the double shakedown of European countries as well as legitimate Jewish claimants and concludes that the Holocaust industry has become an outright extortion racket. Thoroughly researched and closely argued, *The Holocaust Industry* is all the more disturbing and powerful because the issues it deals with are so rarely discussed.
