Eyewitness: The rise and fall of Dorling Kindersley Christopher Davis,2009-06-30 By the close of the last millennium Dorling Kindersley had become one of the most recognisable brands in publishing Across the range of illustrated household reference titles from children s books to travel guides its distinctive look of colourful images cut out against a white background could be seen on bookshelves throughout the country and indeed the publishing world Apart from three minor acquisitions DK had grown organically over 25 years to be a publicly listed company with a turnover of 200 million some 1500 employees publishing arms across the English language markets a 50 strong international sales force that dealt with more than 400 publishers a direct selling business with 30 000 independent distributors and had expanded its skills for delivering handsomely designed reference books into the new media of videos CD ROMs and online educational content Then

a series of catastrophic printing decisions brought the company to its knees and ultimately into the arms of Pearson Christopher Davis is uniquely positioned to tell the story of DK's rise and fall He joined the company at its foundation and in due course became Group Publisher The narrative he provides is a dual one encompassing the visionary genius of Peter Kindersley and the publishing revolution he fomented and charting the remarkable sometimes precarious frequently hilarious roller coaster ride as the company grew from a handful of people in a studio in South London to a substantial global business In the rapidly changing publishing climate of today this book is also a nostalgic reminder of a time when creativity could flourish unburdened by the shackles of corporate bureaucracy

Luke (Brazos Theological Commentary on the Bible) David Lyle Jeffrey, 2012-05-01 Highly acclaimed professor of literature David Lyle Jeffrey offers a theological reading of Luke in this addition to the well received Brazos Theological Commentary on the Bible This commentary like each in the series is designed to serve the church providing a rich resource for preachers teachers students and study groups and demonstrate the continuing intellectual and practical viability of theological interpretation of the Bible

Crucifixions and Resurrections of the Image George Pattison, 2013-02-11 George Pattison offers theological reflections on a range of works of art and films which have attracted wide discussion such as Anthony Gormley's Angel of the North Pattison takes seriously the modernist movement in art and constitutes an argument for its continuing relevance The book centres on artists active in the mid to late twentieth century whose work reflects both the cultural and social crises of that era Beuys Rothko Kiefer Natkin and film directors such as Bergman and Tarkovsky The studies are contextualized in broader reflections on modern art that suggest the death of God as a motif that links theology and modern art itself This enables a Christian theological engagement with works that often appear alien or even hostile to Christian faith George Pattison takes the secular seriously in its own right arguing that both secular art and theological reflection are often different but related responses to a common existential

situation
