## **The Truth Discworld 25 By Terry Pratchett:**

*The Truth* Terry Pratchett, 2013-10-10 William de Worde is the accidental editor of the Discworld's first newspaper. New printing technology means that words just won't obediently stay nailed down like usual. There's a very real threat of news getting out there. Now he must cope with the traditional perils of a journalist's life: people who want him dead, a recovering vampire with a suicidal fascination for flash photography, some more people who want him dead in a different way, and worst of all, the man who keeps begging him to publish pictures of his humorously shaped potatoes. William just wants to get at THE TRUTH. Unfortunately, everyone else wants to get at William. And it's only the third edition.

**The Truth** Terry Pratchett, 2025-07-08 The Discworld has seen just about everything. Then comes the Ankh-Morpork Times, its first paper of record, edited by struggling scribe William de Worde and staffed by a band of axe-wielding dwarfs and a recovering vampire with a life-threatening passion for flash photography. Reporting the news is a risky business. An ethical journalist, de Worde has a nasty habit of investigating stories that quickly creates powerful enemies eager to stop his presses. And what better way than to start the *Inquirer*, a titillating tabloid that conveniently interchanges what's real for what sells. When de Worde gets a tip on a hot story concerning Ankh-Morpork's leading patrician, Lord Vetinari, all hell breaks loose, leaving the city without a leader. The facts say Lord Vetinari is guilty. But as William de Worde learns, facts don't always tell the whole story. There's that pesky little thing called the truth. The Discworld novels can be read in any order, but *The Truth* is a standalone.

**The Truth** Terry Pratchett, 2008 The truth will out, or at least it's going to try to. Any minute. New printing technology means that words just won't obediently stay nailed down like usual. They can now be taken apart and used to make other words. Which is downright dangerous. There's a very real threat of news getting out there. Of people finding out what's really going on. And the powers that be aren't happy. They want that to be far from the truth. If they are to call a halt to this madness of free speech, they may have to succumb to their despotic tendencies. But will they in this brave new world still be able to have the last word?

**Subcreation: Fictional-World Construction from J.R.R. Tolkien to Terry Pratchett and Tad Williams**

Stefanie Schult, 2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J.R.R. Tolkien's original term sub-creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader's willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader's acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader's immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams's and Terry Pratchett's fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett's Discworld retains a feeling of Britishness that is not to be found in Williams's Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author's Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media
