inescapable bond in hopes of negotiating a greater understanding between them **Stephen King in the New Millennium** Despoina N. Feleki, 2018-06-11 This exciting exploration of Stephen King's digital writing maneuvers and electronic ventures on online platforms and e-readers unravels the author's latest writing techniques and justifies his unprecedented success in the new millennium. It investigates the latest additions to the Master of Horror's toolbox by studying King's media presence and writing oeuvre in the twenty-first century through online projects such as his videogame *Discordia*. The book closely traces King's shifts from print to the digital as he crafts his stories to share with his constant readers. Its examination of King's re-vitalized Gothic sheds light on his shift towards new realizations that take into consideration the needs and tastes of the contemporary consuming public in a constant dialogue with their contemporary fears and anxieties. While exploring King's literary generic and technological crossovers, the book stresses the need for an encompassing theory that takes into account literary tradition, norms, and motifs adjusted according to the materialities and technological specificities of each medium in specific socio-cultural and economic contexts **The Stephen King Companion** George W. Beahm (ed), 1989 Not a reference book but a pretty good fan book. Covers King's career, criticism, synopses, transcriptions to film and audio. Illustrated with pictures of King covers, movie sets. Perry, 2023-07-17 Science fiction cinema once relegated to the undervalued B movie slot has become one of the dominant film genres of the 21st century with Hollywood alone producing more than 400 science fiction films annually Many of these owe a great deal of their success to the films of one defining decade the 1950s Essays in this book explore how classic 50s science fiction films have been recycled repurposed and reused in the decades since their release Tropes from Don Siegel s Invasion of the Body Snatchers 1956 for instance have found surprising new life in Netflix s wildly popular Stranger Things Interstellar 2014 and Arrival 2016 have clear though indirect roots in the iconic 1950s science fictions films Rocketship X M 1950 and The Day the Earth Stood Still 1951 and The Shape of Water 2017 openly recalls and reworks the major premises of The Creature From the Black Lagoon 1954 Essays also cover 1950 s sci fi influences on video game franchises like Fallout Bioshock and Wolfenstein Stephen King, American Master Stephen Spignesi, 2018-10-30 Fascinating facts trivia and little known details about the Master of the Macabre s life from the world s leading authority on Stephen King Entertainment Weekly New York Times bestselling author Stephen Spignesi has compiled interviews essays and loads of facts and details about all of Stephen King s work into this fun and informative compendium for the author s many fans from the casual to the fanatical Did you know In his early teens Stephen King sold typed copies of his short stories at school King originally thought his novel Pet Sematary was too frightening to publish King s legendary Dark Tower series took him more than 30 years to write Thinner was the novel that revealed his Richard Bachman pseudonym to the world King wrote The Eyes of the Dragon for his daughter Naomi He has never liked Stanley Kubrick s film version of his novel The Shining It took him four years to write what some consider his magnum opus IT The 2017 film version of IT has grossed more than 700 million worldwide In addition to novels King has written essays plays screenplays and even poetry **A Horrible Experience of Unbearable Length** Roger Ebert, 2022-05-24 More of the Pulitzer Prize winning film critic s most scathing reviews A Horrible Experience of Unbearable Length collects more than 200 of his reviews from 2006 to 2012 in which he gave movies two stars or fewer Known for his fair minded and well written film reviews Roger is at his razor sharp humorous best when skewering bad movies Consider this opener for the one star Your Highness Your Highness is a juvenile excrescence that feels like the work of 11 year old boys in love with dungeons dragons warrior women pot boobs and four letter words That this is the work of David Gordon Green beggars the imagination One of its heroes wears the penis of a minotaur on a string around his neck I hate it when that happens And finally the inspiration for the title of this book the one star Transformers Revenge of the Fallen Transformers Revenge of the Fallen is a horrible experience of unbearable length briefly punctuated by three or four amusing moments One of these involves a doglike robot humping the leg of the heroine If you want to save yourself the ticket price go into the kitchen cue up a male choir singing the music of hell and get a kid to start banging pots and pans together Then close your eyes and use your imagination Roger Ebert s I Hated Hated Hated This Movie and Your Movie Sucks which

gathered some of his most scathing reviews were bestsellers This collection continues the tradition reviewing not only movies that were at the bottom of the barrel but also movies that he found underneath the barrel Movie buffs and humor lovers alike will relish this treasury of movies so bad that you may just want to see them for a good laugh **Cloverfield** Steffen Hantke, 2023-08-16 Upon its release in 2008 Matt Reeves's *Cloverfield* revitalized the giant creature a cinematic trope that had languished for over a decade The film addressed the attacks of September 11 2001 trading the jingoistic rhetoric of retributive military aggression for serious engagement with personal and collective trauma It applied the horror genre's fascination with personal stories captured by found footage to the grand violence of history Innovative and intense *Cloverfield* represented blockbuster filmmaking at its best *Cloverfield*'s franchising followed the path of high profile Hollywood properties This volume provides the first comprehensive overview of the franchise measuring how it steers precariously between the commercial potential creative risks and political challenges in Hollywood As *10 Cloverfield Lane* 2016 and *The Cloverfield Paradox* 2018 struggled to sustain and update the franchise's original concept both films strengths and weaknesses come into focus by comparison with the original just as the historical sequence of all three films allows for a reassessment of *Cloverfield* itself Author Steffen Hantke examines how in the broader context of postmillennial Hollywood the *Cloverfield* franchise remains both a harbinger of the way Hollywood does business and a test case for the cinematic fantasies of apocalyptic disaster that continue to dominate global box office long after the Cold War that gave rise to giant creatures has ended and 9/11 has lost its hold on the global imagination As an inspiration for the next stage of blockbuster filmmaking in which franchises have replaced the singular cinematic masterpiece and marketing plays to fans as critics and scholars *Cloverfield* remains as relevant today as when it first unleashed its giant creature onto New York City over a decade ago *Movies in the Age of Obama* David Garrett Izzo, 2014-08-26 The historic election of Barack Obama to the presidency of the United States had a significant impact on both America and the world at large By voting an African American into the highest office those who elected Obama did not necessarily look past race but rather didn't let race prevent them from casting their ballots in his favor In addition to reflecting the changing political climate Obama's presidency also spurred a cultural shift notably in music television and film In *Movies in the Age of Obama: The Era of Post Racial and Neo Racist Cinema* David Garrett Izzo presents a varied collection of essays that examine films produced since the 2008 election The contributors to these essays comment on a number of films in which race and otherness are pivotal elements In addition to discussing such films as *Beasts of the Southern Wild* *Black Dynamite* *The Blind Side* *The Butler* *Django Unchained* *The Help* and *Invictus* this collection also includes essays that probe racial elements in *The Great Gatsby* *The Hunger Games* and *The Mist* The volume concludes with several essays that examine the 2013 Academy Award winner for best picture *12 Years a Slave* Though Obama's election may have been the main impetus for a resurgence of black films this development is a bit more complicated Moviemakers have long responded to the changing times so it is inevitable that the Obama presidency would spark an

increase in films that comment either subtly or overtly on the current cultural climate By looking at the issue these films address *Movies in the Age of Obama* will be of value to film scholars of course but also to those interested in other disciplines including history politics and cultural studies
