Shapiro, 2001 Under the banner of family values a war of more than words is being waged At stake is the control of contemporary national culture and the consciousness of succeeding generations Michael J Shapiro enters the fray with this galvanizing book which exposes the assumptions misconceptions and historical inaccuracies that mark the neoconservative campaign to redeem an imagined past and colonize the present and future with a moral and political commitment to the traditional family Challenging the neoconservative assumption of a natural relation between a historically constant traditional family structure and civic life Shapiro shows how the situation of the family in relation to public life has emerged differently in different historical periods *For Moral Ambiguity* juxtaposes moralizing versus historically sensitive critical treatments of familial and public attachments revealing how the family as represented in historical and contemporary fiction cinema television and other genres and media emerges as a contingent cultural and historical structure Shapiro treats the ways in which family space however changeable

serves as a critical locus of enunciation as a space from which diverse family personae challenge the relationships and historical narratives that support dominant structures of power and authority and offer ways to renegotiate the problem of the political By extending recognition to less heeded voices and genres of expression he seeks to frame the political within a democratic ethos Ultimately the book compels us to understand the political as the continuous negotiation of different modes of civic presence
