The Mermaids Singing By Lisa Carey:

The Mermaids Singing Lisa Carey, 2009-04-07 There is an island off the west coast of Ireland called Inis Murch. The Island of the Mermaids a world where myth is more powerful than truth and love can overcome even death. It is here that Lisa Carey sets her lyrical and sensual first novel weaving together the voices and lives of three generations of Irish and Irish American women. Years ago the fierce and beautiful Grace stole away from the island with her small daughter Grinne unable to bear its isolation. Now Grinne is motherless at fifteen and a grandmother she has never met has come to take her back. Her heart is pulled between a life in which she no longer belongs and a family she cannot remember. But only on Inis Murch can she begin to understand the forces that have torn her family apart. *In the Country of the Young* Lisa Carey, 2000-10-24 From Lisa Carey critically acclaimed author of *The Mermaids Singing* comes an evocative hauntingly beautiful tale of grief, love and redemption. She came to them from the sea. On a stormy November night in 1848 a ship carrying more than one hundred Irish emigrants to America's shores ran aground twenty miles off the coast of Maine. Many were saved but some were not including a young girl who died crying out the name of her brother. A century and a half later the descendants of the survivors still remember that fateful voyage and the children who lost their lives to the sea. In the present day the artist Oisín MacDara lives in self-imposed exile on Tiranogue, the small island where the shipwrecked Irish settled. The past is Oisín's curse as memories of the twin sister who died tragically when he was a boy haunt him still. In the isolated community he inhabits life is so separated from mainland influences that an Irish lilt still flavors the islanders' speech. But Oisín's lingering pain is so great that even in this intimate place he has been incapable of forming a single meaningful relationship. Then on a quiet All Hallows' Eve a restless spirit is beckoned into his home by a candle flickering in the window: the ghost of the girl whose brief life ended on Tiranogue's shore more than a century earlier. In Oisín's house she seeks comfort and warmth and a chance at the life that was denied her so long ago. For an empty man chained by painful memories nothing will ever be the same again. *In the Country of the Young* is a luminous modern fable of a heart's reawakening and an unforgettable journey back to the country of the living.

Reading Irish-American Fiction M. Hallissy, 2006-03-01 This book analyzes five novels all published between 1989 and 1999 in which the main characters are hyphenated people: Americans who are ancestrally joined to yet realistically separated from the Irish. Hallissy explores why these characters think of themselves as Irish though they have known little of Ireland or its people.

Every Visible Thing Lisa Carey, 2009-10-06 Five years ago the eldest Furey son Hugh ran off into the night and never returned. His parents, estranged by grief, are trying to put the tragedy behind them after a long exhausting and fruitless search. His mother, recovering from an emotional breakdown, has lost herself in a new career. Hugh's father, having abandoned his faith and his position as a theology professor, now cares halfheartedly for their two remaining children. Left more or less to fend for themselves, ten-year-old Owen and fifteen-year-old Lena struggle to hold on to their brother's memory, an increasingly self-destructive obsession that gives rise to angel fantasies, drug use, quixotic

quests and dangerous experimentation that will ultimately force a damaged family to confront its past and find a future

A study of the key themes and events essential to understanding Irish fiction and drama. In Understanding Contemporary Irish Fiction and Drama, Margaret Hallissy examines the work of a cross section of important Irish writers of the late twentieth and early twenty-first centuries who are representative of essential issues and themes in the canon of contemporary Irish literature. Included are early figures John Millington Synge and James Joyce, dramatists Brian Friel, Conor McPherson, and Tom Murphy, and prize-winning contemporary fiction writers such as Edna O'Brien, Joseph O'Connor, William Trevor, Roddy Doyle, and Colum McCann. Each chapter focuses on one significant representative piece of contemporary Irish fiction or drama by filling in its cultural, historical, and literary background. Hallissy identifies a key theme or key event in the Irish past essential to understanding the work. She then analyzes earlier literary compositions with the same theme and, through a close reading of the contemporary work, provides context for that background. The chapters are organized chronologically by relevant historical events, with thematic discussions interspersed. Background pieces were chosen for their places in Irish literature and the additional insight they provide into the featured works. **Quill & Quire**, 1998. **Encyclopedia of American Literature of the Sea and Great Lakes**. This reference is a comprehensive survey of American sea literature. The scope of the encyclopedia ranges from the earliest printed matter produced in the colonies to contemporary experiments in published prose, poetry, and drama. The book also acknowledges how literature gives rise to adaptations and resonances in music and film and includes coverage of nonliterary topics that have nonetheless shaped American literature of the sea and Great Lakes. The alphabetical arrangement of the reference facilitates access to facts about major literary works, characters, authors, themes, vessels, places, and ideas that are central to American sea literature. Each of the several hundred entries is written by an expert contributor, and many provide bibliographical information. While the encyclopedia includes entries for white male canonical writers such as Herman Melville and Jack London, it also gives considerable attention to women at sea and to ethnically diverse authors, works, and themes.
