Eberl, 2016-04-04 Reunites the editors of *Star Trek and Philosophy* with Starfleet's finest experts for 31 new highly logical essays Features a complete examination of the Star Trek universe from the original series to the most recent films directed by J J Abrams *Star Trek 2009* and *Star Trek Into Darkness 2013* Introduces important concepts in philosophy through the vast array of provocative issues raised by the series such as the ethics of the Prime Directive Star Trek's philosophy of peace Data and Voyager's Doctor as persons moral relativism and the Federation's quest for liberation the effect of alternate universes on reality and identity the Borg as transhumanists Federation Treconomics Star Trek's secular society and much much more An enterprising and enlightening voyage into deep space that will appeal to hardcore fans and science fiction enthusiasts alike Publishing in time to celebrate the 50th Anniversary of the original TV series

**The Absolute and Star Trek** George A. Gonzalez, 2016-12-23 This volume explains how Star Trek allows viewers to comprehend significant aspects of Georg Hegel's concept the absolute the driving force behind history Gonzalez with wit and wisdom explains how Star Trek exhibits central elements of the absolute He describes how themes and ethos central to the show display the concept beautifully For instance the show posits that people must possess the correct attitudes in order to bring about an ideal society a commitment to social justice an unyielding commitment to the truth and a similar commitment to scientific intellectual discovery These characteristics serve as perfect embodiments of Hegel's conceptualization and Gonzalez's analysis is sharp and exacting

*Star Trek and Philosophy* Kevin Decker Jason Eberl, 2010-10 From cult to mainstream the Star Trek epic has gone where no work of dramatic art has gone before to become the most popular imaginary world yet conceived The same restless and relentless spirit of exploration that propels the voyages of the starship Enterprise is also the driving force of philosophical wonder throughout human history Star Trek and philosophy share the same prime directive testing ideas from our past and present to progressively improve our future In *Star Trek and Philosophy* twenty one professional philosophers put their brains into warp drive to probe the limits of the limitless expanding our knowledge of the furthest reaches of thought while also delving deep into the human essence A philosophical feast for Trekkies and other sci fi fans One of the things that makes Star Trek so exciting is the philosophical angle it has often presented Reading this terrific book will prolong and deepen that excitement

*Star Trek*

and *Philosophy* Kevin Decker, Jason Eberl, 2008-09-01 Philosophy and space travel are characterized by the same fundamental purpose exploration An essential guide for both philosophers and Trekkers Star Trek and Philosophy combines a philosophical spirit of inquiry with the beloved television and film series to consider questions not only about the scientific prospects of interstellar travel but also the inward journey to examine the human condition The expansive topics range from the possibilities for communication among different cultural backgrounds to questions about the stoic temperament exhibited by Vulcans to Ferengi business practices Specifically chosen to break new ground in exploring the philosophical dimensions of Star Trek these articles boldly go where no philosopher has gone before The Influence of Star Trek on Television, Film and Culture Lincoln Geraghty, 2014-07-15 When the first season of Star Trek opened to American television viewers in 1966 the thematically insightful sci fi story line presented audiences with the exciting vision of a bold voyage into the final frontiers of space and strange new galactic worlds Perpetuating this enchanting vision the story has become one of the longest running and most multifaceted franchises in television history Moreover it has presented an inspiring message for the future addressing everything from social political philosophical and ethical issues to progressive and humanist representations of race gender and class This book contends that Star Trek is not just a set of television series but has become a pervasive part of the identity of the millions of people who watch read and consume the films television episodes network specials novelizations and fan stories Examining Star Trek from various critical angles the essays in this collection provide vital new insights into the myriad ways that the franchise has affected the culture it represents the people who watch the series and the industry that created it *Philosophy goes to the Movies* Christopher Falzon, 2002-09-09 Philosophy goes to the Movies is a new kind of introduction to philosophy that makes use of movies including The Matrix Antz Total Recall and Cinema Paradiso to explore philosophical ideas Topics covered include the theory of knowledge the self and personal Identity moral philosophy social and political philosophy philosophy of science and technology critical thinking Ideal for the beginner this book guides the student through philosophy using lively and illuminating cinematic examples It will also appeal to anyone interested in the philosophical dimensions of cinema Star Trek Visions of Law and Justice Robert H. Chaires, Bradley Stewart Chilton, 2003 Star Trek Visions of Law and Justice collects fourteen articles connecting popular media with academic inquiry illustrating the connections between the future world of Star Trek and current issues in international law law and justice and the American legal system It makes an ideal text to teach students interdisciplinary academic concepts using a familiar popular media phenomenon *The Physics and Astronomy of Science Fiction* Steven D. Bloom, 2016-07-13 The great scientific astronomical and technological advances of the 20th century inspired the science fiction genre to imagine distant worlds and futures far beyond the discoveries of the here and now This book explores science fiction films television series novels and short stories from Lost in Space 1965 1968 to Fringe 2008 2013 to the works of Isaac Asimov and Stephen Baxter with a focus on their underlying concepts of physics and astronomy Assessing accuracy and

plausibility the author considers the possibilities of solar system interstellar and faster than light travel intelligent planets dark anti matter the multiverse and string theory time travel alternate universes teleportation and replication weaponry force fields extraterrestrial life subatomic life emotional robots super human and parapsychological powers asteroid impacts space colonies and many other topics Popular Culture Studies Across the Curriculum Ray B. Browne,2005-01-13

Academic curricula are being strengthened and enriched through the enlightened realization that no discipline is complete unto itself In the interdisciplinary studies that result the one theme that remains universal is popular culture Academia throughout the disciplines is rapidly coming to understand that it should be used in courses campus wide and on all levels All in the world of education benefit from the use of the cultures around them This work emphasizes the need for interdisciplinary mingling and explores the ways in which instructors can utilize popular culture studies in order to deepen both their own areas of specialization and their students appreciation of education The collection of 18 essays spans campus curricula including the humanities English literature American studies folklore and popular culture the social sciences anthropology history sociology and communications religion and philosophy geography women s studies economics and sports Also addressed is the importance of popular culture courses in both community colleges and high school settings

**Battlestar Galactica and Philosophy** Josef Steiff,Tristan D. Tamplin,2008-06-01 In attempting to retain her human side does Sharon really have free will Is killing a Cylon murder or garbage disposal These are some of the questions addressed in this thoughtful collection of writings on the philosophical underpinnings of Battlestar Galactica The book includes a brief analysis of the original 1970s and 80s series but concentrates primarily on the episodes characters and issues from the entirely reimagined current series including its fourth and final season scheduled for airing in early 2008 as well as the two hour TV movie and direct to DVD release *Razor* *Memento* Andrew Kania,2009-06-02 Within a short space of time the film Memento has already been hailed as a modern classic Memorably narrated in reverse from the perspective of Leonard Shelby the film s central character it follows Leonard s chaotic and visceral quest to discover the identity of his wife s killer and avenge her murder despite his inability to form new long term memories This is the first book to explore and address the myriad philosophical questions raised by the film concerning personal identity free will memory knowledge and action It also explores problems in aesthetics raised by the film through its narrative structure ontology and genre Beginning with a helpful introduction that places the film in context and maps out its complex structure specially commissioned chapters examine the following topics memory emotion and self consciousness agency free will and responsibility personal identity narrative and popular cinema the film genre of neo noir Memento and multimedia Including annotated further reading at the end of each chapter Memento is essential reading for students interested in philosophy and film studies **American Book Publishing Record Cumulative 1998** R R Bowker Publishing,1999-03 **The Routledge Companion to Metaphysics** Robin Le Poidevin,Simons Peter,McGonigal Andrew,Ross P. Cameron,2009-04-02 The Routledge Companion to Metaphysics

is an outstanding comprehensive and accessible guide to the major themes thinkers and issues in metaphysics The Companion features over fifty specially commissioned chapters from international scholars which are organized into three clear parts History of Metaphysics Ontology Metaphysics and Science Each section features an introduction which places the range of essays in context while an extensive glossary allows easy reference to key terms and definitions The Routledge Companion to Metaphysics is essential reading for students of philosophy and anyone interested in surveying the central topics and problems in metaphysics from causation to vagueness and from Plato and Aristotle to the present day *Popular Culture and the Political Values of Neoliberalism* George A. Gonzalez, 2019-02-01 Reality is made up of the Absolute and Causality The absolute most saliently philosophized about by Georg Hegel is where normative values inhere Causality can be described as the measurable effects of the normative values of the absolute and the laws of physics also ostensibly a product of the absolute Humans are special insofar as they access the higher aspects of the Absolute altruism compassion love humor science engineering etc The Absolute also contains what can be considered the less attractive values or impulses greed lust for power hate self centeredness conceit etc Predicating society on what I deem the lower spirits aspects of the absolute most prominently greed results in personal social dysfunction and ultimately the end of civilization Conversely a society based on justice is stable and vibrant Justice is a classless society free of gender and ethnic biases My argument is based on popular culture especially the Star Trek franchise One implication of my thesis is that capitalist values generate psychological neurosis and societal instability even catastrophe Additionally the political values that dominate the current neoliberalist world system and especially the American government are the other the will to power resulting in war and global political instability Popular culture is germane to philosophy and contemporary politics because television movie creators frequently try to attract viewers by conveying authentic philosophical and political motifs Conversely viewers seek out authentic movies and television shows This is in contrast to opinion surveys for instance as the formation of the data begins with the surveyor seeking to directly solicit an opinion however impromptu or shallow Subjectivity and Globalisation Misa Nikolic, 2008 **Webslinger** Gerry Conway, Leah Wilson, 2009-06-22 The tangled web of vengeance love and loss woven by Spider Man comics and films is explored in this collection of insightful essays by acclaimed writers of comics and science fiction A variety of topics from the superhero s sarcasm to the science behind radioactive spiders are discussed in essays on Turning Rage into Responsibility A Psychology of Loss Love Is Selfish Can a Hero Afford Personal Attachments and Self Identity and Costume Design The popular rival Green Goblin the bumbling yet influential media and the part New York City itself plays in stories are skillfully explored as is the overall philosophy of mild mannered Peter Parker and Spidey s relationship with the rest of the characters in the Marvel universe *Doctor Who and Philosophy* Courtland Lewis, Paula Smithka, 2010-10-22 Not only is Doctor Who the longest running science fiction TV show in history but it has also been translated into numerous languages broadcast around the world and referred to as the way of the future by some

British politicians The Classic Doctor Who series built up a loyal American cult following with regular conventions and other activities The new series relaunched in 2005 has emerged from culthood into mass awareness with a steadily growing viewership and major sales of DVDs The current series featuring the Eleventh Doctor Matt Smith is breaking all earlier records in both the UK and the US Doctor Who is a continuing story about the adventures of a mysterious alien known as the Doctor a traveller of both time and space whose spacecraft is the TARDIS Time and Relative Dimensions in Space which from the outside looks like a British police telephone box of the 1950s The TARDIS is bigger on the inside than on the outside actually the interior is immense The Doctor looks human but has two hearts and a knowledge of all languages in the universe Periodically when the show changes the leading actor the Doctor regenerates

*Popular Culture, Conspiracy Theory, and the Star Trek Text* George A. Gonzalez, 2020-03-04 The forward progress of society is not automatic and should not be taken for granted The assassination of President John F Kennedy in 1963 can be viewed as ending his effort to deploy American prestige and power to forward change worldwide Today there are political forces seeking to stop progressive social political and economic change Whatever the reasons such forces are conspiring to impose authoritarianism to suppress the public's desire for just democratic government The brutality violence viciousness and racism dystopia of authoritarianism are becoming more and more the hallmark of world politics Perhaps the most glaring aspect of this dystopia is the fact that the American state has been almost continuously at war for the past thirty years including a sinister dastardly drone assassination program One means to obscure the ongoing conspiracy to ultimately impose outright dictatorship on the American people and the rest of the world is to smear and malign critics of this conspiracy as guilty of conspiracy theory advocating and embracing baseless fantasies

Gene Roddenberry's Star Trek Douglas Brode, Shea T. Brode, 2015-05-14 When it premiered on NBC in September 1966 Star Trek was described by its creator Gene Roddenberry as Wagon Train to the stars Featuring a racially diverse cast trips to exotic planets and encounters with an array of alien beings who could be either friendly or hostile the program opened up new vistas for television Along with The Twilight Zone and The Outer Limits Star Trek represented one of the small screen's rare ventures into science fiction during the 1960s Although the original series was a modest success during its three year run its afterlife has been nothing less than a cultural phenomenon To celebrate the show's debut fifty years later it's time to reexamine one of the most influential programs in history In Gene Roddenberry's Star Trek The Original Cast Adventures Douglas and Shea T Brode present a collection of essays about the series and its various incarnations over the years Contributors discuss not only the 1960s show but also its offshoots ranging from novels and graphic novels to toys and video games as well as the films featuring Captain Kirk Mr Spock and the rest of the Enterprise crew Essays address the show's religious implications romantic elements and its role in the globalization of American culture Other essays draw parallels between the series and the Vietnam War compare Star Trek II to Milton's Paradise Lost posit Roddenberry as an auteur and consider William Shatner as a romantic object With its far reaching and

provocative essays this collection offers new insights into one of the most significant shows ever produced Besides television and film studies Gene Roddenberry's Star Trek a companion volume to The Star Trek Universe will be of interest to scholars of religion history gender studies queer studies and popular culture not to mention the show's legions of fans
