The Story Of My Life - The Classic Autobiography of Helen Keller Helen Keller, 2018-12-02 The Story Of My Life The Autobiography of Helen Keller First published in 1903 The book was the basis for the well known movie *The Miracle Worker* by William Gibson It is with a kind of fear that I begin to write the history of my life I have as it were a superstitious hesitation in lifting the veil that clings about my childhood like a golden mist The task of writing an autobiography is a difficult one When I try to classify my earliest impressions I find that fact and fancy look alike across the years that link the past with the present The woman paints the child s experiences in her own fantasy A few impressions stand out vividly from the first years of my life but the shadows of the prison house are on the rest Besides many of the joys and sorrows of childhood have lost their poignancy and many incidents of vital importance in my early education have been forgotten in the excitement of great discoveries In order therefore not to be tedious I shall try to present in a series of sketches only the episodes that seem to me to be the most interesting and important
