The Forgiveness of Others Ashraf H. A. Rushdy, 2025-05-02 The Forgiveness of Others claims that forgiveness is a complex and dynamic moral practice that raises metaphysical questions about the meaning of change and of personal identity When we forgive we are transformed from one state resentment say and one identity injured party to another state and identity someone forgiving By looking closely at various accounts of forgiving and being forgiven and of being unforgiving and unforgiven this book explores how often we find cases in which we have substitutions as well as transformations Rushdy focuses on two kinds of substitutions cases in which we have survivors who forgive on behalf of the absent injured party and cases in which we have proxies who are forgiven on behalf of the wrongdoer He contends that these substitutions help us more fully understand the dynamic conditions of forgiveness What might seem to some to be violations of the protocols of forgiveness being offered by and to others is arguably the crux of forgiveness as a moral practice that transforms those who offer and receive it in a way that represents or effects their transformation This volume advocates a pluralist approach that traces an alternative path between those who argue that forgiveness is meaningful only if it follows a particularly restrictive paradigm and those who argue that it is meaningless because it is either futile or impossible

Love's Forgiveness John Lippitt,2020
Love's Forgiveness combines a discussion of the nature and ethics of forgiveness with a discussion inspired by Kierkegaard of the implications of considering interpersonal forgiveness as a work of love It introduces the reader to some key questions that have exercised recent philosophers of forgiveness discussing the relationship between forgiveness and an extended notion of resentment considering whether forgiveness should be conditional or unconditional showcasing a particular understanding of the latter and arguing that there are legitimate forms of third party forgiveness It then introduces the idea of forgiveness as a work of love through a discussion of Kierkegaard key New Testament passages on forgiveness and some contemporary work on the philosophy of love Drawing on both philosophy and the New Testament it offers an understanding of forgiveness that incorporates both agapic love and a proper concern for justice John Lippitt explores religious and secular uses of key metaphors for forgiveness and the idea of forgivingness as a character trait suggesting that seeking to correct for various cognitive biases is key to the development of such a virtue and connecting it to other putative virtues such as humility and hope Lippitt draws on both Kierkegaard's discourse literature and contemporary philosophical work on these latter characteristics before turning to a discussion of the nature of self forgiveness Throughout the book the philosophical and theological literature is rooted in a discussion of various forgiveness narratives including Helen Prejean's *Dead Man Walking* Thordis Elva and Tom Stranger's *South of Forgiveness* and Ian McEwan's *Atonement*

Dilemmas of Reconciliation

Carol Prager,Trudy Govier,2010-10-30 How can bitter enemies who have inflicted unspeakable acts of cruelty on each other live together in peace At a time in history when most organized violence consists of civil wars and when nations resort to genocidal policies when horrendous numbers of civilians have been murdered raped or expelled from their homes this book explores the possibility of forgiveness The contributors to this book draw upon the insights of history political science philosophy and psychology to examine the trauma left in the wake of such actions using as examples numerous case studies

from the Holocaust Russia Cambodia Guatemala South Africa and even Canada They consider the fundamental psychological and philosophical issues that have to be confronted offer insights about measures that can be taken to facilitate healing and summarize what has been learned from previous struggles Dilemmas of Reconciliation is a pioneering effort that explores the extraordinary challenges that must be faced in the aftermath of genocide or barbarous civil wars How these challenges of reconciliation are faced and resolved will affect not only the victims ability to go on with their lives but will impact regional stability and ultimately world peace The Gospel of Luke Amy-Jill Levine, Ben Witherington, III, 2018-06-28 This volume surfaces distinct historical claims nuanced theological conclusions and a mutual respect in an area where disagreement often results in consignment to hell **Perspectives on Evil**, 2019-10-07 The question of evil is one of the oldest and most intensely studied topics in intellectual history In fiction legend and mythology the boundary between good and evil is often depicted as clear cut at least to the reader or listener who is supposed to understand such tales as lessons and warnings Evil is something that must be avoided by the hero in some cases and vanquished in others it is either the exact opposite of the expected good behaviour or its complete absence Even so for the characters in these didactic fictions it turns out to be deceptively easy to fall to the infernal dark side This volume draws on the expertise of an interdisciplinary group of contributors to chart events and deeds of an evil nature that have been lived in the recent past and have become part of history from individual to institutionalised evil *Forgiveness in a Wounded World* Janet Howe Gaines, 2003 **Amish Grace** Donald B.
