Indian ecocriticism has not yet adequately demonstrated the applicability of ecological deep ecological tinai principles to visual texts Culture and Media Ecocritical Explorations closes this gap at the most opportune moment Though this volume accommodates ecologically oriented interpretations from several cultures across the world it reserves the centre stage for Indian ecocriticism and ecotheory quite appropriately The volume effectively challenges the major documents on ecocriticism and theory published by international presses which have been reluctant to give space to tinai criticism and theory that transcend Dravidian or Tamil boundaries The day is not far when cinema of the world shaped by tinai theory will employ tinai hermeneutics to gain fresh insight which in turn will feed into the processes of creation and production of relevant and great movies **P.O. Box Love** Paola Calvetti,2025-10-16 A charming epistolary novel that chronicles the love story between

Emma and Frederico former high school sweethearts who meet again thirty years later At Dreams Desires 50 year old Emma s quaint bookshop in Milan dedicated to romantic fiction the passionate bookseller serves coffee and tea to her customers and completes order slips in pen rather than using a computer One day she finds a mysterious handwritten note stuck between the pages of a novel The message is from her high school sweetheart Frederico who is now a successful architect in New York and whom she hasn t seen in thirty years When she finally meets Frederico again Emma is convinced that her life is about to turn into a romance novel an intercontinental fairy tale between Milan and New York between two post office boxes and two lovers that are separated by the Atlantic Ocean and half a life But Frederico is married and their epistolary romance punctuated by once a year sojourns on the island of Belle Ile seems to have no future Paola Calvetti s PO Box Love is an ode to old fashioned relationships the ones that last a lifetime old fashioned habits such as writing letters by hand in fountain pen and old fashioned notions such as politeness and the great lost art of conversation and will enchant readers of such perennial favorites as 84 Charing Cross Road by Helene Hanff and Same Time Next Year by Bernard Slade **A**

Creature Discomfort Scott M. DeVries, 2016-05-02 In *Creature Discomfort* Fauna criticism Ethics and the Representation of Animals in Spanish American Fiction and Poetry Scott M DeVries uncovers a tradition in Spanish American literature where animal ethical representations anticipate many of the most pressing concerns from present debates in animal studies The author documents moments from the corpus that articulate long standing positions such as a defense of animal rights or advocacy for liberationism that engage in literary philosophical meditations concerning mind theory and animal sentience and that anticipate current ideas from Critical Animal Studies including the rejection of hierarchical differentiations between the categories human and nonhuman *Creature Discomfort* innovates the notion of fauna criticism as a new literary approach within animal studies this kind of analysis emphasizes the reframing of literary history to expound animal ethical positions from literary texts both those that have been considered canonical as well as those that have long been neglected In this study DeVries employs

Rogers, 2012 The sinister jungle that ill defined and amorphous place where civilization has no foothold and survival is always in doubt is the terrifying setting for countless works of the imagination Films like Apocalypse Now television shows like Lost and of course stories like Heart of Darkness all pursue the essential question of why the unknown world terrifies adventurer and spectator alike In Jungle Fever Charlotte Rogers goes deep into five books that first defined the jungle as a violent and maddening place The reader finds urban explorers venturing into the wilderness encountering and living among the native inhabitants and eventually losing their minds The canonical works of authors such as Joseph Conrad Andre Malraux Jose Eustasio Rivera and others present jungles and wildernesses as fundamentally corrupting and dangerous Rogers explores how the methods these authors use to communicate the physical and psychological maladies that afflict their characters evolved symbiotically with modern medicine While the wilderness challenges Conrad s and Malraux s European travelers to question their civility and mental stability Latin American authors such as Alejo Carpentier deftly turn pseudoscientific theories into their greatest asset as their characters transform madness into an essential creative spark Ultimately Jungle Fever suggests that the greatest horror of the jungle is the unknown regions of the character s own mind
