It is told from the perspective of Stevens, an elderly head butler who during a six-day road trip to England's West Country reflects on his past at the country mansion Darlington Hall. He dedicated his life to serving Lord Darlington, a labelled traitor and Nazi sympathizer, and to the task of being a great butler. Shortly after the war, Mr Farraday, an American, purchases the estate and minimizes the staff drastically. Under him, Darlington Hall is no longer the meeting point for the wealthy and influential.

Seminar paper from the year 2013 in the subject English Language and Literature Studies. Literature grade 1.0. University of Leipzig Institut für Anglistik. language English abstract This paper examines the themes of imprisonment and release in Kazuo Ishiguro's 1989 novel *The Remains of the Day*. It discusses the relation between the two main narratives as well as the peculiarities of the language of Stevens, the butler at Darlington Hall, who is the protagonist and first person narrator. The author examines in what ways Stevens' demeanour resembles that of a man to whom has been granted release following a life spent in prison. The nature of this prison is investigated as well as

whether Stevens is conscious of his imprisonment and if his journey through England provides him an opportunity for escape The question of Stevens self awareness is an important one for this paper and draws upon an essay by Meghan Marie Hammond about Stevens role as an author The Image of the English Gentleman in Twentieth-Century Literature Dr Christine Berberich, 2013-04-28 Studies of the English gentleman have tended to focus mainly on the nineteenth century encouraging the implicit assumption that this influential literary trope has less resonance for twentieth century literature and culture Christine Berberich challenges this notion by showing that the English gentleman has proven to be a remarkably adaptable and relevant ideal that continues to influence not only literature but other forms of representation including the media and advertising industries Focusing on Siegfried Sassoon Anthony Powell Evelyn Waugh and Kazuo Ishiguro whose presentations of the gentlemanly ideal are analysed in their specific cultural historical and sociological contexts Berberich pays particular attention to the role of nostalgia and its relationship to Englishness Though Englishness and by extension the English gentleman continue to be linked to depictions of England as the green and pleasant land of imagined bygone days Berberich counterbalances this perception by showing that the figure of the English gentleman is the medium through which these authors and many of their contemporaries critique the shifting mores of contemporary society Twentieth century depictions of the gentleman thus have much to tell us about rapidly changing conceptions of national class and gender identity **Kazuo Ishiguro's *The Remains of the Day* (ELL).** ,2009 *Kazuo Ishiguro* Rosemary Taylor, Nick Raissakis,
