The Second Shift By Arlie Russell Hochschild:

The Second Shift Arlie Hochschild, Anne Machung, 2012-01-31 An updated edition of a standard in its field that remains relevant more than thirty years after its original publication Over thirty years ago sociologist and University of California Berkeley professor Arlie Hochschild set off a tidal wave of conversation and controversy with her bestselling book *The Second Shift* Hochschild's examination of life in dual career households finds that factoring in paid work child care and housework working mothers put in one month of labor more than their spouses do every year Updated for a workforce that is now half female this edition cites a range of updated studies and statistics with an afterword from Hochschild that addresses how far working mothers have come since the book's first publication and how much farther we all still must go *The Second Shift* Arlie Russell Hochschild, Anne Machung, 1989 Helps couples through the practical and ideological difficulties of raising children and maintaining a household while both parents work **The Next Shift** Gabriel Winant, 2021-03-23

Winner of the Frederick Jackson Turner Award Winner of the Isaac and Tamara Deutscher Memorial Prize Winner of the C L R James Award A ProMarket Best Political Economy Book of the Year Men in hardhats were once the heart of America's working class now it is women in scrubs What does this shift portend for our future Pittsburgh was once synonymous with steel But today most of its mills are gone Like so many places across the United States a city that was a center of blue collar manufacturing is now dominated by the service economy particularly health care which employs more Americans than any other industry Gabriel Winant takes us inside the Rust Belt to show how America's cities have weathered new economic realities In Pittsburgh's neighborhoods he finds that a new working class has emerged in the wake of deindustrialization As steelworkers and their families grew older they required more health care Even as the industrial economy contracted sharply the care economy thrived Hospitals and nursing homes went on hiring sprees But many care jobs bear little resemblance to the manufacturing work the city lost Unlike their blue collar predecessors home health aides and hospital staff work unpredictable hours for low pay And the new working class disproportionately comprises women and people of color Today health care workers are on the front lines of our most pressing crises yet we have been slow to appreciate that they are the face of our twenty first century workforce *The Next Shift* offers unique insights into how we got here and what could happen next If health care employees along with other essential workers can translate the increasing recognition of their economic value into political power they may become a major force in the twenty first century **Everyday Ethics and Social**

Change Anna Lisa Peterson, 2009 Americans increasingly cite moral values as a factor in how they vote but when we define morality simply in terms of a voter's position on gay marriage and abortion we lose sight of the ethical decisions that guide our everyday lives In our encounters with friends family members nature and nonhuman creatures we practice a nonutilitarian morality that makes sacrifice a rational and reasonable choice Recognizing these everyday ethics Anna L Peterson argues helps us move past the seemingly irreconcilable conflicts of culture and refocus on issues that affect real

social change Peterson begins by divining a second language for personal and political values a vocabulary derived from the loving and mutually beneficial relationships of daily life Even if our interactions with others are fleeting and fragmentary they provide a viable alternative to the contractual and atomistic attitudes of mainstream culture Everyday ethics point toward a more just humane and sustainable society and to acknowledge moments of grace in our daily encounters is to realize a different way of relating to people and nonhuman nature an alternative ethic to cynicism and rank consumerism In redefining the parameters of morality Peterson enables us to make fundamental problems such as the distribution of wealth the use of public land and natural resources labor and employment policy and the character of political institutions the preferred focus of debate and action Handbook on the International Political Economy of Gender Juanita Elias,Adrienne

Roberts,2018-02-23 This Handbook brings together leading interdisciplinary scholarship on the gendered nature of the international political economy Spanning a wide range of theoretical traditions and empirical foci it explores the multifaceted ways in which gender relations constitute and are shaped by global politico economic processes It further interrogates the gendered ideologies and discourses that underpin everyday practices from the local to the global The chapters in this collection identify analyse critique and challenge gender based inequalities whilst also highlighting the intersectional nature of gendered oppressions in the contemporary world order **Reclaiming the F Word** Doctor Kristin Aune,Catherine

Redfern,2013-06-13 Feminism is so last century Surely in today s world the idea is irrelevant and unfashionable Wrong Since the turn of the millennium a revitalised feminist movement has emerged to challenge these assumptions Based on a survey of over a thousand feminists Reclaiming the F Word reveals the what why and how of today s feminism from cosmetic surgery to celebrity culture from sex to singleness and now in this new edition the gendered effects of possibly the worst economic crisis ever This is a generation defining book demanding nothing less than freedom and equality for all The Changing

Nature of Work Frank Ackerman,Neva R. Goodwin,Laurie Dougherty,Kevin Gallagher,1998-10 Human impacts on the environment are largely driven by economic forces If a more ecologically sustainable world is to be achieved significant changes must be made to the current growth and consumption dependent economic system The Frontier Issues in Economic Thought series was designed to assist the growing number of economists and others who are responding to the need for new thinking about economics in the face of environmental and social forces that are reshaping the world The Changing Nature of Work examines the causes and effects of the rapid transformation of the world of work It provides concise summaries of the key writings on work and workplace issues extending the frontiers of labor economics to include the often overlooked social and psychological dimensions of work The book begins with a foreword by former Secretary of Labor Robert Reich that presents labor in contemporary perspective An introductory overview provides a brief history of the changing nature of work and situates current problems in the context of longer term developments Following that are eight topical sections that feature three to five page summaries for each of the ten to twelve most important articles or book chapters on a subject

Sections cover new directions in labor economics social and psychological dimensions of work and unemployment globalization and labor new technologies and organizational change flexibility and internal labor markets new patterns of industrial relations family gender paid and unpaid work difference and diversity in the workplace The book provides a roadmap for scholars on the vast and diverse literature concerning labor issues and affords students a quick overview of that rapidly changing field It is an important contribution to the series and is a valuable book for anyone interested in labor as well as for students and scholars of labor economics industrial sociology industrial relations social psychology and their respective disciplines

Autoethnography in the 21st Century, Volume I Lisa Ortiz-Vilarelle, 2024-09-13

Autoethnography in the 21st Century offers interpretive analytic interactive performative experiential and embodied forms of autoethnography from around the globe Volume I Colonialism Immigration Embodiment Belonging examines forms of autoethnography as a decolonizing and dehegemonizing practice in the allegedly post racial post colonial and post hetero sexist twenty first century Contributors use autoethnographic methods and practices to interrogate the dominant cultural practices and political exigencies that have shaped their lives their arts and their academic work on bicultural queer gender subordinated or post colonial experience It features autobiographical and anthropological poetics autotheory and fieldwork grounded in Africa Argentina Australia Canada China and the United States The book will be of interest to students and researchers in the fields of critical autoethnography communication cultural and gender studies and other related disciplines

The chapters in this book were originally published as a special issue of Life Writing

American Tabloid Media and the Satanic Panic, 1970-2000 Sarah A. Hughes, 2021-10-27 This book examines the satanic panic of the 1980s as an essential part of the growing relationship between tabloid media and American conservative politics in the 1980s It argues that widespread fears of Satanism in a range of cultural institutions was indispensable to the development and success of both infotainment or tabloid content on television and the rise of the New Right a conservative political movement that was heavily guided by a growing coalition of influential televangelists or evangelical preachers on television It takes as its particular focus the hundreds of accusations that devil worshippers were operating America's white middle class suburban daycare centers Dozens of communities around the country became embroiled in trials against center owners the most publicized of which was the McMartin Preschool trial in Manhattan Beach California It remains the longest and most expensive criminal trial in the nation's history

Television and Postfeminist Housekeeping Elizabeth Nathanson, 2013

In this book Nathanson examines how contemporary American television and associated digital media depict women's everyday lives as homemakers career women and mothers Her focus on American popular culture from the 1990s through the present reveals two extremes narratives about women who cannot keep house and narratives about women who only keep house Nathanson looks specifically at the issue of time in this context and argues that the media constructs panics about domestic time scarcity while at the same time offering solutions for those very panics Analyzing TV programs such as

How Clean is Your House Up All Night and Supernanny she finds that media's portrayals of women's time is crucial to understanding definitions of femininity women's labor and leisure in the postfeminist context **The Social Economy of Single Motherhood** Margaret Nelson, 2014-06-03 Margaret Nelson investigates the lives of single working class mothers in this compelling and timely book Through personal interviews she uncovers the different challenges that mothers and their children face in small town America a place greatly changed over the past fifty years as factory work has dried up and national chains like Walmart have moved in **Love, Marriage, and Jewish Families** Sylvia Barack Fishman, 2015-12-22 The concepts of gender love and family as well as the personal choices regarding gender role construction sexual and romantic liaisons and family formation have become more fluid under a society wide softening of boundaries hierarchies and protocols Sylvia Barack Fishman gathers the work of social historians and legal scholars who study transformations in the intimate realms of partnering and family construction among Jews Following a substantive introduction the volume casts a broad net Chapters explore the current situation in both the United States and Israel attending to what once were considered unconventional household arrangements including extended singlehood cohabitating couples single Jewish mothers and GLBTQ families along with the legal ramifications and religious backlash Together these essays demonstrate how changes in the understanding of male and female roles and expectations over the past few decades have contributed to a social revolution with profound and paradoxical effects on partnering marriage and family formation This diverse anthology with chapters focusing on demography ethnography and legal texts will interest scholars and students in Jewish studies women's and gender studies Israel studies and American Jewish history sociology and culture Appeals in Modern Rhetoric M. Jimmie Killingsworth, 2005-09-26 Shunning the standard Aristotelian approach that treats ethos pathos and logos as modes of appeal M Jimmie Killingsworth uses common accessible language to explain the concept of the rhetorical appeal meaning the use of language to plead and to please The result is a practical and innovative guide to understanding how persuasion works that is suitable for graduate and undergraduate courses yet still addresses topics of current interest to specialists

Serving the Household and the Nation Shu-Ju Ada Cheng, 2006-01-01 Serving the Household and the Nation is an absorbing sociological study of the globalization of domestic service Using the case of Filipina domestics in Taiwan Cheng examines how nationalist politics shape the experience of migrant women under the context of globalization For migrant domestics it is often the state policy that creates their structural vulnerability in public and in private Cheng focuses on the question of how the intervention of the state and the development of nationhood shape the localization of domestic service and explores the nexus between homemaking and nation building This revealing book demonstrates how the management of foreign domestics is not only important for labor control but also central to the state's administration over alien subjects the development of nationhood and in this case study the changing ethnoscape in Taiwan *Gender in the Legal Profession* Joan Brockman, 2001 An analysis of the causes and implications of the gendered structure of the legal profession in Canada and

elsewhere The author concludes that until there is significant change in how women are perceived in relation to domestic duties it is unlikely that they will attain equality within the legal profession *The Routledge Companion to Mobile Media* Gerard Goggin, Larissa Hjorth, 2014-05-09 The last decade has witnessed the rise of the cell phone from a mode of communication to an indispensable multimedia device and this phenomenon has led to the burgeoning of mobile communication studies in media cultural studies and communication departments across the academy The Routledge Companion to Mobile Media seeks to be the definitive publication for scholars and students interested in comprehending all the various aspects of mobile media This collection which gathers together original articles by a global roster of contributors from a variety of disciplines sets out to contextualize the increasingly convergent areas surrounding social geosocial and mobile media discourses Features include comprehensive and interdisciplinary models and approaches for analyzing mobile media wide ranging case studies that draw from this truly global field including China Africa Southeast Asia the Middle East and Latin America as well as Europe the UK and the US a consideration of mobile media as part of broader media ecologies and histories chapters setting out the economic and policy underpinnings of mobile media explorations of the artistic and creative dimensions of mobile media studies of emerging issues such as ecological sustainability up to date overviews on social and locative media by pioneers in the field Drawn from a range of theoretical artistic and cultural approaches The Routledge Companion to Mobile Media will serve as a crucial reference text to inform and orient those interested in this quickly expanding and far reaching field **Exploiting Fandom** Mel Stanfill, 2019-02-15 As more and more fans rush online to share their thoughts on their favorite shows or video games they might feel like the process of providing feedback is empowering However as fan studies scholar Mel Stanfill argues these industry invitations for fan participation indicate not greater fan power but rather greater fan usefulness Stanfill's argument controversial to some in the field compares the domestication of fandom to the domestication of livestock contending that just as livestock are bred bigger and more docile as they are domesticated so too are fans as the entertainment industry seeks to cultivate a fan base that is both more useful and more controllable By bringing industry studies and fan studies into the conversation Stanfill looks closely at just who exactly the industry considers proper fans in terms of race gender age and sexuality and interrogates how digital media have influenced consumption ultimately finding that the invitation to participate is really an incitement to consume in circumscribed industry useful ways **Gender Through the Prism of Difference** Maxine Baca Zinn, Pierrette Hondagneu-Sotelo, Michael A. Messner, 2016 Gender Through the Prism of Difference adopts a global transnational perspective on how race class and sexual diversity are central to the study of sex and gender In contrast with other books in this area which tend to focus on U S or European viewpoints this wide ranging anthology features many articles based on research done elsewhere throughout the world Now in its fifth edition the book opens with a revised and updated Introduction that sets the stage for understanding gender as a socially constructed experience Featuring twenty eight new

readings this edition covers compelling subjects like transgendered people intersex issues men and masculinity sexual and gender violence disabilities obesity reproductive technologies educational testing aging and ageism and Occupy Wall Street

Salsa Dancing into the Social Sciences Kristin Luker, 2010-04-10 This book is both a handbook for defining and completing a research project and an astute introduction to the neglected history and changeable philosophy of modern social science

The Myth of Empowerment Dana Becker, 2005-02 Her power today her power is said to reside in her ability to relate to others or to take better care of herself so that she can take care of others Dana Becker argues that ideas like empowerment perpetuate the myth that many of the problems women have are medical rather than societal personal rather than political From mesmerism to psychotherapy to the Oprah Winfrey Show women have gleaned ideas about who they are as psychological beings Becker questions what women have had to
