The Third Policeman By Flann O'Brien:

The Third Policeman Flann O'Brien, 1939-11-12 One man wants to publish so another must perish in this darkly witty philosophical novel by a spectacularly gifted comic writer Newsweek The Third Policeman follows a narrator who is obsessed with the work of a scientist and philosopher named de Selby who believes that Earth is not round but sausage shaped and has finally completed what he believes is the definitive text on the subject But broke and desperate for money to get his scholarly masterpiece published he winds up committing robbery and murder From here this remarkably imaginative dark comedy proceeds into a world of riddles contradictions and questions about the nature of eternity as our narrator meets some policemen with an obsession of their own specifically bicycles and engages in an extended conversation with his dead victim and his own soul which he nicknames Joe By the celebrated Irish author praised by James Joyce as a real writer with the true comic spirit The Third Policeman is an incomparable work of fiction Tis the odd joke of modern Irish literature of the three novelists in its holy trinity James Joyce Samuel Beckett and Flann O'Brien the easiest and most accessible of the lot is O'Brien Flann O'Brien was too much his own man Ireland's man to speak in any but his own tongue The Washington Post

Long, 2014-01-02 Flann O'Brien also known as Brian O'Nolan or Myles na gCopaleen is now widely recognised as one of the foremost of Ireland's modern authors. Assembling Flann O'Brien explores the author's innovative and experimental work by reading him in relation to some of the 20th century's most important theorists including Derrida, Agamben, Freud, Lacan and Žižek. Assembling Flann O'Brien offers a detailed study of O'Brien's five major novels including *At Swim Two Birds* and *The Third Policeman* as well as his plays, short stories, journalistic output and unpublished archival material. The book presents new theoretical perspectives on his works exploring his compelling engagements with questions of the proper name, the archive, law and desire and the problems of identity, language, sexuality and censorship which acutely troubled Ireland's new state. Combining a wide range of contemporary theory with a sensitivity to the cultural and political context in which the author wrote, Maeabh Long opens up entirely new aspects of Flann O'Brien's writings and explores the ingenious and the problematic within his oeuvre.

Revisiting Modernism Maria-Ana Tupan, By shifting the centre of gravity from author to reader, Roland Barthes had certainly prepared us for a Copernican turn in aesthetics, yet Michael J. Pearce's *Art in the Age of Emergence* still sounds unfamiliar two years after its publication. While acknowledging the existence of homologies among the art objects of a cultural phase, the Californian academic also launches an explanatory hypothesis. I realized that in order to understand art instead of looking for the similarities between the paintings and the sculptures, we have to look at the similarities between the people looking at them. Art is better explained by looking at how the mind works than by looking at the products of mind.

XV The substitution of the phenomenology of mind for the phenomenology of the work of art can only have a partial contribution to the understanding of period terms yet not devoid of relevance. The numerous studies in modernism published of late for instance are revisionary, the changing views being motivated by the new historical context rather than by a new assessment of forms. The mind turns out to be working according to the critical theory it has been exposed to or which it has freely embraced. Relegated to the status of socio-political movement without aesthetic significance since 1939 when Clement Greenberg associated it with kitsch, to Renato Poggioli, Peter Bürger or Christopher Butler, Early Modernism (Literature, Music and Painting in Europe, 1900-1916, 1994) the avant-garde came to be enshrined as the weightiest artistic phenomenon and the last post of modernism by Richard Sheppard in *Modernism, Dada, Postmodernism* (2000) who joined thus a new party of postmodern critics among whom Linda Hutcheon who sees the historical avant-garde as the generative matrix of the post-war literature in the 50s and the 60s, stretching the term to include the French *nouveau roman* or the *Tel Quel*. Quoted by Sheppard on Marx's *Communist Manifesto* being the first great modernist work of art, Marshall Berman's *All That Is Solid Melts into Air* (1982) too welcomes modernism into the sixties and seventies. Titles such as *Avant-Garde* and *After Rethinking Art Now* by Brandon Taylor have tilted the scales measuring modernism against the avant-garde into a more balanced position even if also the leads of the earlier twentieth century have been the object of New Historicist and culturalist approaches that corrected the Axel Castle icon of egocentric aloofness through readings that evinced the

Silence in Modern Irish Literature is the first book to focus exclusively on the treatment of silence in modern Irish literature It reveals the wide spectrum of meanings that silence carries in modern Irish literature a mark of historical loss a form of resistance to authority a force of social oppression a testimony to the unspeakable an expression of desire a style of contemplation This volume addresses silence in psychological ethical topographical spiritual and aesthetic terms in works by a range of major authors including Yeats Joyce Beckett Bowen and Friel *Flann O'Brien* Sue Asbee, 1991 Modernism

and the Machinery of Madness Andrew Gaedtke, 2017-10-26 This book shows that a distinct form of technological madness emerged within modernist culture transforming much of the period's experimental fiction *Pained Screams from Camps* Aisling Reid, Valentina Surace, 2024-06-17 Detention camps exceed the juridical concept of punishment and crime This book comprises two parts 1 a collected volume that discusses camps not as something of the past but as a paradigmatic political space in which ordinary law is completely suspended and 2 an Italian English parallel text of the war diary of an Italian prisoner during his confinement at the Stalag X B internment camp near Sandbostel from 1943-1945 1 *The Human Condition of Exception* Collected Essays Edited by Aisling Reid and Valentina Surace Written in Italian and English the essays collected in this volume explore the issue of camps and suffering from various perspectives including philosophical inquiry literary analysis historical description and legal assessment As Agamben suggests the camp embodies the state of exception A dehumanising camp life will therefore emerge every time such a structure is created What happens in camps exceeds the juridical concept of punishment as well as that of crime Prisoners are faced with a useless pain Levinas as it is not the expiation of a fault Prisoners attempt to describe their extreme suffering through their diaries Their experience however cannot be entirely communicated Even their screams which express humanity at the extreme limit of its unpower are silenced Given the recent popularity of right wing politics as well as the centenary of Mussolini's march on Rome such research is more urgent than ever The book will appeal to readers with an interest in philosophy as well as Irish history scholars studying internment during Partition and The Troubles in Northern Ireland 2 Aldo Quarisa's *Diary* An Italian English Edition Edited by Aisling Reid and Valentina Surace Transcribed and with a preface by Galileo Sartor Translation of the diary by Aisling Reid Italian English In 1943 Aldo Quarisa worked at a military school in Florence where he taught literature In October of that year one month after Italy had surrendered to the Allied forces the Italians declared war on the Germans In Florence the German occupiers responded quickly by arresting and deporting people with military connections to numerous concentration camps in Austria Quite suddenly Aldo was detained and deported through a network of camps including Benjaminovo and the Stalag X B internment camp near the German village of Sandbostel For two years he found himself imprisoned alongside other Italians including the celebrated journalist Giovannino Guareschi who secretly kept a diary that was later published as his *Diario Clandestino* 1943-1945 In 1946 Much like Guareschi Aldo also kept a diary and excerpts are published here in both Italian and English for the first time The diary describes in unprecedented detail the monotony of camp life the cruelty of the guards and the prisoners struggle to survive The text is an important document that preserves the memory and voices of all those who suffered during the war and will inevitably be of interest to readers with an interest in World War II *The Distance of Irish Modernism* John Greaney, 2022-07-14 Rethinking the relationship between form and history in Irish modernist writing and its aftermath this book examines how critics have previously categorized the Irish modernist novel as an evidentiary form of cultural memory John Greaney exposes the problems with such a stance exploring

this paradox by analysing novels by Elizabeth Bowen Kate O'Brien Samuel Beckett Flann O'Brien and John McGahern through new critical paradigms in modernist studies This approach contrasts the untranslatable gap between modernist literature and national history world literature translation studies with materialist approaches to modernism affect theory new materialism and in so doing delineates how Irish modernism becomes both a world problematic as well as a container for national history As such *The Distance of Irish Modernism* demonstrates that modernist fictions and fictions influenced by the legacies of modernism are engaged with but different to the cultural memories they supposedly transmit Constituting new methodologies for understanding how stories are told and memories are formulated in and after Irish modernist writing this book re conceptualizes the parameters of Irish modernism
