CLASH! Sandra Vavra, Sharon L. Spencer, 2011-09-01 This book offers ideas that secondary teachers university content faculty and teacher educators can use to challenge traditional literacy practices and demonstrate creative innovative ways of incorporating new literacies into the classroom all within a strong theoretical framework Teachers are trying to catch up to the new challenges of the twenty first century It is a superheroic feat that must be achieved if education is to stay relevant and viable There is a lot of zip bam whap and wow in the fast paced social networking technological world but not so much in the often laboriously slow paced educational world Where is the balance How do teachers and students learn together since one group has seasoned wisdom with limited technological know

how and the other uses all the cool new tools but not in the service of learning These are some important issues to consider in finding the balance in an unstable fast moving ever changing world This book is practical and useful to literacy teachers teacher educators and university faculty by bringing together the expertise of composition rhetoric researchers and writers literacy specialists technology specialists and teachers who are on the cutting edge of new literacies *The Computer's Voice* Liz W. Faber,2020-12-22 A deconstruction of gender through the voices of Siri HAL 9000 and other computers that talk Although computer based personal assistants like Siri are increasingly ubiquitous few users stop to ask what it means that some assistants are gendered female others male Why is Star Trek s computer coded as female while HAL 9000 in 2001 A Space Odyssey is heard as male By examining how gender is built into these devices author Liz W Faber explores contentious questions around gender its fundamental constructedness the rigidity of the gender binary and culturally situated attitudes on male and female embodiment Faber begins by considering talking spaceships like those in Star Trek the film Dark Star and the TV series Quark revealing the ideologies that underlie space age progress She then moves on to an intrepid decade by decade investigation of computer voices tracing the evolution from the masculine voices of the 70s and 80s to the feminine ones of the 90s and 00s Faber ends her account in the present with incisive looks at the film Her and Siri herself Going beyond current scholarship on robots and AI to focus on voice interactive computers The Computer s Voice breaks new ground in questions surrounding media technology and gender It makes important contributions to conversations around the gender gap and the increasing acceptance of transgender people *Global Media Giants* Benjamin Birkinbine,Rodrigo Gomez,Janet Wasko,2016-07-01 Global Media Giants takes an in depth look at how media corporate power works globally regionally and nationally investigating the ways in which the largest and most powerful media corporations in the world wield power Case studies examine not only some of the largest media corporations News Corp The Microsoft Corporation in terms of revenues but also media corporations that hold considerable power within national regional or geolinguistic contexts Televisa The Bertelsmann Group Sony Corporation Each chapter approaches a different corporation through the lens of economy politics and culture giving students and scholars a thoughtful and data driven guide with which to interrogate contemporary media industry power *The Emergence of Charismatic Business Leadership* Richard S. Tedlow,2021-09-14 Harvard Business School Emeritus professor Richard S Tedlow examines how the role of the business leader has changed since World War II A handful of individuals have helped transform the face of modern day leadership making charisma essential to the role Through Tedlow s in depth accounts of modern business history we see how charismatic leadership enables the creation of revolutionary new products and makes it possible for former outsiders to attain power and influence Tedlow shows the skills and tools necessary to oversee a successful business and become a charismatic business leader *Ponyville Confidential* Sherilyn Connelly,2017-03-28 Beloved by young girls around the world Hasbro s My Little Pony franchise has been mired in controversy since its debut in the early 1980s Critics dismissed the cartoons as toy

advertisements and derided their embrace of femininity The 2010 debut of the openly feminist My Little Pony Friendship Is Magic renewed the backlash as its broad appeal challenged entrenched notions about gendered entertainment This first comprehensive study of My Little Pony explores the history and cultural significance of the franchise through Season 5 of Friendship Is Magic and the first three Equestria Girls films The brand has continued to be on the receiving end of a sexist double standard regarding commercialism in children's entertainment while masculine cartoons such as the Transformers have been spared similar criticism *The Oxford Handbook of Video Game Music and Sound* William Gibbons, William James Gibbons, Mark Grimshaw-Aagaard, Mark Grimshaw, 2024 Bringing together dozens of leading scholars from across the world to address topics from pinball to the latest in virtual reality The Oxford Handbook of Video Game Music and Sound is the most comprehensive and multifaceted single volume source in the rapidly expanding field of game audio research

Ubiquitous Musics Marta García Quiñones, Anahid Kassabian, Elena Boschi, 2016-02-17 Ubiquitous Musics offers a multidisciplinary approach to the pervasive presence of music in everyday life The essays address a variety of situations in which music is present alongside other activities and does not demand focused attention from sometimes involuntary listeners The contributors present different theoretical perspectives on the increasing ubiquity of music and its implications for the experience of listening The collection consists of nine essays divided into three sections Histories Technologies and Spaces The first section addresses the historical origins of functional music and the debates on how reproduced music including a wide range of styles and genres spread so quickly across so many environments The second section focuses on more contemporary sound technologies including mobile phones in India the role of visible playback technology in film and listening to portable digital players The final section reflects on settings such as malls stores gyms offices and cars in which ubiquitous musics are often present but rarely thought about This last section and ultimately the whole collection seeks to foster a wider understanding of listening practices by lending a fresh critical ear **To the Cloud** Vincent
