Insider Computer Fraud Kenneth Brancik, 2007-12-06 An organization's employees are often more intimate with its computer system than anyone else. Many also have access to sensitive information regarding the company and its customers. This makes employees prime candidates for sabotaging a system if they become disgruntled or for selling privileged information if they become greedy. **Insider Comput** **Standards and Standardization: Concepts, Methodologies, Tools, and Applications** Management Association, Information Resources, 2015-02-28 Effective communication requires a common language a truth that applies to science and mathematics as much as it does to culture and conversation.
