A Wild Coast And Lonely Big Sur Pioneers

Marco Cascella

A Wild Coast And Lonely Big Sur Pioneers:

A Wild Coast and Lonely Rosalind S. Wall, 1989-12 **A Wild Coast and Lonely** Wall, 1993-01-15 The Beauty of the Big Sur coast is legend Thousands visit it each year on their way from San Francisco to Los Angeles But as the fame of Big Sur has spread its colorful pioneer history has been largely forgotten The once isolated sombre and mysterious landscape made famous by narrative poems of Robinson Jeffers has disappeared along with tales of feuds and murders Rosalind Wall a native herself shares her memories and knowledge of its colorful past She tells of the old timers and homesteaders that first settled the area and does so in a richly engrossing narrative **A Wild Coast and Lonely** Rosalind Sharpe Wall, 1989

Golden Dreams Kevin Starr, 2011-09-09 A narrative tour de force that combines wide ranging scholarship with captivating prose Kevin Starr's acclaimed multi volume Americans and the California Dream is an unparalleled work of cultural history In this new volume Starr covers the crucial postwar period 1950 to 1963 when the California we know today first burst into prominence In a powerful blend of telling events colorful personalities and insightful analyses he brilliantly illuminates the dominant economic social and cultural forces in California in these pivotal years **Big Sur** Shelley Alden Brooks, 2017-11-21 Jeffers Country Nature's highway Big Sur utopia U S A Open space at continent's end The influence of the counter culture community and State The battle for Big Sur or debating the national environmental ethic Defining the value of California's coastline Epilogue millionaires and beaches the socio political economics of California coastal preservation in the twenty first century **Henry Cowell, Bohemian** Michael Hicks, 2002 Hicks focuses on Cowell's formative and most prolific years from his birth in 1897 through his incarceration on a morals conviction in the 1930s The author also examines the philosophical fervor that drove Cowell's whirlwind compositions and tracks the ways the composer's irrepressible bohemian spirit helped foster an appreciation in the United States and Europe for a new brand of American music BOOK JACKET **The ^ADream Endures** Kevin Starr, 2002-11-28 What we now call the good life first appeared in California during the 1930s Motels home trailers drive ins barbecues beach life and surfing sports from polo and tennis and golf to mountain climbing and skiing sportswear a word coined at the time and sun suits were all a part of the good life perhaps California's most distinctive influence of the 1930s In The Dream Endures Kevin Starr shows how the good life prospered in California in pursuits such as film fiction leisure and architecture and helped to define American culture and society then and for years to come Starr previously chronicled how Californians absorbed the thousand natural shocks of the Great Depression unemployment strikes Communist agitation reactionary conspiracies in Endangered Dreams the fourth volume of his classic history of California In The Dream Endures Starr reveals the other side of the picture examining the newly important places where the good life flourished like Los Angeles where Hollywood lived Palm Springs where Hollywood vacationed San Diego where the Navy went the California Institute of Technology in Pasadena where Einstein went and changed his view of the universe and college towns like Berkeley We read about the rich urban life of San Francisco and Los Angeles and in newly

important communities like Carmel and San Simeon the home of William Randolph Hearst where each Thursday afternoon automobiles packed with Hollywood celebrities would arrive from Southern California for the long weekend at Hearst Castle. The 1930s were the heyday of the Hollywood studios and Starr brilliantly captures Hollywood films and the society that surrounded the studios. Starr offers an astute discussion of the European refugees who arrived in Hollywood during the period prominent European film actors and artists and the creative refugees who were drawn to Hollywood and Southern California in these years. Igor Stravinsky, Arnold Schoenberg, Man Ray, Bertolt Brecht, Christopher Isherwood, Aldous Huxley, Thomas Mann, and Franz Werfel. Starr gives a fascinating account of how many of them attempted to recreate their European world in California and how others like Samuel Goldwyn provided stories and dreams for their adopted nation. Starr reserves his greatest attention and most memorable writing for San Francisco. For Starr, despite the city's beauty and commercial importance, San Francisco's most important achievement was the sense of well-being it conferred on its citizens. It was a city that magically belonged to everyone. Whether discussing photographers like Edward Weston and Ansel Adams, hard-boiled fiction writers, or the new breed of female star, Marlene Dietrich, Jean Harlow, Bette Davis, Carole Lombard, and the improbable Mae West, *The Dream Endures* is a brilliant social and cultural history in many ways the most far-reaching and important of Starr's California books.

The Unknown Henry Miller Arthur Hoyle, 2016-08-02 Henry Miller was one of the most distinctive voices in twentieth-century literature yet he remains misunderstood. Better known in Europe than in his native America, for most of his career he achieved international success and celebrity during the 1960s when his banned Paris books, beginning with *Tropic of Cancer*, were published here and judged by the Supreme Court not to be obscene. *The Unknown Henry Miller* recounts Miller's career from its beginnings in Paris in the 1930s but focuses on his years living in Big Sur, California, from 1944 to 1961, during which he wrote many of his most important books, including *The Rosy Crucifixion* trilogy, married and divorced twice, raised two children, painted watercolors, and tried to live out a credo of self-realization. Written with the cooperation of the Henry Miller and Anaïs Nin estates, *The Unknown Henry Miller* draws on material previously unavailable to biographers, including interviews with Lepska Warren, Miller's third wife. Behind the bad-boy image, Arthur Hoyle finds a man whose challenge of literary sexual taboos was part of a broader assault on the dehumanization of man and commercialization during the postwar years, and he makes the case for restoring this groundbreaking writer to his rightful place in the American literary canon. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and

to authors whose work might not otherwise find a home *Raven and Crow* Ellen W. Williams, 2025-10-14 Ravens and crows both members of the Corvidae family have long captured human imagination Ornithologists have noted their problem solving capabilities but the interest extends beyond science Artists are moved to depict them while backyard bird enthusiasts delight in their antics Found around the world the raven and the crow have inspired thousands of myths legends and fairytales These stories regard corvids as powerful beings with the crow sometimes seen as a witch or a goddess in disguise and the raven portrayed as a creator trickster being The fascination with these birds spans centuries and they are represented in mythology from every corner of the planet This book explores the multi dimensional aspects of ravens and crows they are the subject of scientific research as well as ancient texts and artwork From traditional and contemporary renderings of the birds in art to the wealth of mythology about them the enigmatic nature of the birds remains a point of fascination for many Recent scientific findings have revealed a use of language problem solving skills and the ability to count positioning these birds at the intersection of science mythology and art *Artists at Continent's End* Scott A. Shields, 2006-04-17 From 1875 to the first years of the twentieth century artists were drawn to the towns of Monterey Pacific Grove and then Carmel Artist at Continent's End is the first in depth examination of the importance of the Monterey Peninsula which during this period came to epitomize California art Beautifully illustrated with a wealth of images including many never before published this book tells the fascinating story of eight principal protagonists Jules Tavernier William Keith Charles Rollo Peters Arthur Mathews Evelyn McCormick Francis McComas Gottardo Piazzoni and photographer Arnold Genthe and a host of secondary players who together established an enduring artistic legacy prospectus **The Collected Letters of Robinson Jeffers, with Selected Letters of Una Jeffers** James Karman, 2015-07-15 This volume of correspondence the last in a three volume edition spans a pivotal moment in American history the mid twentieth century from the beginning of World War II through the years of rebuilding and uneasy peace that followed to the election of President John F Kennedy Robinson Jeffers published four important books during this period *Be Angry at the Sun* 1941 *Medea* 1946 *The Double Axe* 1948 and *Hungerfield* 1954 He also faced changes to his hometown village of Carmel experienced the rewards of being a successful dramatist in the United States and abroad and endured the loss of his wife Una Jeffers letters and those of Una written in the decade prior to her death offer a vivid chronicle of the life and times of a singular and visionary poet *Marine Historical Ecology in Conservation* John N. Kittinger, Loren McClenachan, Keryn B. Gedan, Louise K. Blight, 2015-03-25 This pioneering volume provides a blueprint for managing the challenges of ocean conservation using marine historical ecology an interdisciplinary area of study that is helping society to gain a more in depth understanding of past human environmental interactions in coastal and marine ecosystems and of the ecological and social outcomes associated with these interactions Developed by groundbreaking practitioners in the field *Marine Historical Ecology in Conservation* highlights the innovative ways that historical ecology can be applied to improve conservation and management efforts in the oceans The book focuses

on four key challenges that confront marine conservation 1 recovering endangered species 2 conserving fisheries 3 restoring ecosystems and 4 engaging the public Chapters emphasize real world conservation scenarios appropriate for students faculty researchers and practitioners in marine science conservation biology natural resource management paleoecology and marine and coastal archaeology By focusing on success stories and applied solutions this volume delivers the required up to date science and tools needed for restoration and protection of ocean and coastal ecosystems Rolling in Ditches with Shamans Wendy Leeds-Hurwitz, 2004-01-01 Rolling in Ditches with Shamans charts American anthropology in the 1920s through the life and work of one of the amateur scholars of the time Jaime de Angulo 1887 1950 Although he earned a medical degree de Angulo chose to live on an isolated ranch in Big Sur California where he participated fully in the lives of the people who were his ethnographic informants The period of his most extensive research coincides almost perfectly with the professionalization of anthropology and de Angulo provides a link between those who are generally recognized as the most important figures of the day Franz Boas Alfred Kroeber and Edward Sapir The fields of salvage ethnography and linguistics which Boas emphasized were aimed at recording the culture language and myths of the Native groups before they became completely acculturated In keeping with these dictates de Angulo recorded data from thirty groups mostly in California which otherwise might have been lost In an unusual move for that time he also wrote fiction and poetry describing the modern lives of the people he studied something of little interest to Boas but of great interest today His most enduring work is Indian Tales a fictional synthesis of myths learned from various California Indians De Angulo's range of interests originality and expertise exemplified the curiosity and brilliance of those who pioneered American anthropology at this time **Mother Jones**, 1989-11 Significant Others Richard Handler, 2004-06-15 Anthropology is by definition about others but in this volume the phrase refers not to members of observed cultures but to significant others spouses lovers and others with whom anthropologists have deep relationships that are both personal and professional The essays in this volume look at the roles of these spouses and partners of anthropologists over the late nineteenth and early twentieth centuries especially their work as they accompanied the anthropologists in the field Other relationships discussed include those between anthropologists and informants mentors and students cohorts and partners and parents and children The book closes with a look at gender roles in the field demonstrated by the marriage in the late nineteenth century of the male Anthropological Society of Washington to the Women's Anthropological Society of America Revealing relationships that were simultaneously deeply personal and professionally important these essays bring a new depth of insight to the history of anthropology as a social science and human endeavor **Doing It with the Cosmos** Elayne Wareing Fitzpatrick, 2001-10-31 DOING IT WITH THE COSMOS HENRY MILLER'S BIG SUR STRUGGLE FOR LOVE BEYOND SEX explores the evolving pantheistic vision and agonizing personal relationships of this rogue elephant of American literature After years of exclusive conversations with people who knew Miller when he lived in Big Sur the author concludes that contrary to a popular mindset Miller was not an apostle of

gratuitous playboy sex On the contrary his books detail the mans tortuous efforts to integrate impulsive urges that were wholly beyond control into a higher more spiritual form of love that may or may not include sex His message We dont have to make the earth a paradise It is one We have only to make ourselves fit to inhabit it Love is not a game its a state of being This book is a unique introduction to one of Americas most controversial literary greats tracing his spiritual development from its shaky beginnings in Paris through its expansion in Greece to its culmination in Big Sur The book not only serves as a manual of happiness it is a caveat for people planning to play house together Millers ultimately joyful Nature wisdom is an antidote for what ails an entire generation of restive sex and violence inundated Americans **New Arrivals in Californiana** ,1984

The Gale Encyclopedia of Native American Tribes: California, Pacific Northwest, Pacific Islands Sharon Malinowski,1998 Although there have been a number of recent reference titles on the history and culture of Native Americans Gale s encyclopedia offers exceptional scope clarity and content Covering almost 400 North American tribes each essay contains information on both the historical and contemporary issues for the tribe All entries begin with an introduction about the tribal roots historic and current location population data and language family This is followed by segments covering the history religious beliefs language buildings means of subsistence clothing healing practices customs oral literature and current tribal issues Several black and white illustrations and bibliographies for further research are included A cumulative index of tribes relevant nonnative peoples historic dates and battles treaties legislation associations and religious groups adds value Outstanding Reference Sources the 1999 Selection of New Titles American Libraries May 1999 Comp by the Reference Sources Committee RUSA ALA Tracks Along the Left Coast Andrew Schelling,2017-05-15 Tracks Along the Left Coast more than accomplishes its self appointed task of celebrating de Angulo s legacy Rain Taxi Schelling s biography of Jaime de Angulo cattle puncher medical doctor bohemian buckeroo among other things presents a fascinating full bodied portrait of a man and an era as well as delving deep into California s Native history De Angulo s isn t a household name but in Schelling s work the man called by Ezra Pound the American Ovid comes blazing to life in all his singular brilliance Stephen Sparks Literary Hub California with its scores of native languages contains a wealth of old time stories a bedrock of the literature of North America Jaime de Angulo s linguistic and ethnographic work his writings as well as the legends that cloak the Old Coyote himself vividly reflect the particulars of the Pacific Coast In each retelling through each storyteller stories are continually revived and that is precisely what Andrew Schelling has done in Tracks Along the Left Coast weaving together the story of de Angulo s life with the story of the land and the people languages and cultures with whom it is so closely tied *Bibliographic Index* ,1989

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of A Wild Coast And Lonely Big Sur Pioneers eBooks, including some popular titles.

FAQs About A Wild Coast And Lonely Big Sur Pioneers Books

What is a A Wild Coast And Lonely Big Sur Pioneers PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a A Wild Coast And Lonely Big Sur Pioneers PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a A Wild Coast And Lonely Big Sur Pioneers PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a A Wild Coast And Lonely Big Sur Pioneers PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a A Wild Coast And Lonely Big Sur Pioneers PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
