Although written specifically for training contexts, the book will also interest practicing clinicians who wish to extend their skill set to include interventions related to those informed by attachment theory.

The Handbook of Systemic Family Therapy, The Profession of Systemic Family Therapy Richard B. Miller, Ryan B. Seedall, 2020-10-19. This first volume of the *The Handbook of Systemic Family Therapy* includes extensive work on the theory, practice, research, and policy foundations of the profession of CMFT and its roles in an integrated health care system. Developed in partnership with the American Association for Marriage and Family Therapy (AAMFT), it will appeal to clinicians such as couple, marital, and family therapists, counselors, psychologists, social workers, and psychiatrists. It will also benefit researchers, educators, and graduate students involved in CMFT.

Handbook of Attachment-Based Interventions Howard Steele, Miriam Steele, 2019-09-10. The first volume to showcase science-based interventions that have been demonstrated effective in promoting attachment security, this is a vital reference and clinical guide for practitioners. With a major focus on strengthening caregiving relationships in early childhood, the Handbook also includes interventions for school-age children at risk, adolescents, and couples, with an emphasis on father involvement in parenting. A consistent theme is working with children and parents who have been exposed to trauma and other adverse circumstances. Leading authorities describe how their respective approaches are informed by attachment theory and research, how sessions are structured and conducted, special techniques used, such as video feedback, the empirical evidence base for the approach, and training requirements. Many chapters include illustrative case material.

The Suicidal Crisis Igor Galynker, 2023. The Suicidal Crisis has everything clinicians need to evaluate the risk of imminent suicide. What sets it apart is its clinical focus on those at the highest risk. The book includes individual case studies of acutely suicidal individuals, detailed instructions on how to conduct risk assessments, test cases with answer keys, and empirically validated Suicidal Crisis risk assessment scales.
