Picture Titles Ruth Bernard Yeazell, 2015-09-29 How the practice of titling paintings has shaped their reception throughout modern history A picture s title is often our first guide to understanding the image Yet paintings didn t always have titles and many canvases acquired their names from curators dealers and printmakers not the artists Taking an original historical look at how Western paintings were named Picture Titles shows how the practice developed in response to the conditions of the modern art world and how titles have shaped the reception of artwork from the time of Bruegel and Rembrandt to the present Ruth Bernard Yeazell begins the story with the decline of patronage and the rise of the art market in the seventeenth and eighteenth centuries as the increasing circulation of pictures and the democratization of the viewing public generated the need for a shorthand by which to identify works at a far remove from their creation The spread of literacy both encouraged the practice of titling pictures and aroused new anxieties about relations between word and image including fears that reading was taking the place of looking Yeazell demonstrates that most titles composed before the nineteenth century were the work of middlemen and even today many artists rely on others to name their pictures A painter who wants a title to stick Yeazell argues must engage in an act of aggressive authorship She investigates prominent cases such as David s Oath of the Horatii and works by Turner Courbet Whistler Magritte and Jasper Johns Examining Western painting from the Renaissance to the present day Picture Titles sheds new light on the ways that we interpret and appreciate visual art

Trucks in the 1980s: The Photos of David Wakefield Nick Ireland, 2015-07-20 Many would argue that the 1980s were a better time for truck drivers than nowadays there were no cell phones there was less traffic on the road CB radio was all the rage and stickers were the simple heart of truck customizing However the transport industry is constantly evolving and companies must adapt their vehicles to keep pace with the developments As a result vehicle design and liveries regularly change Many of the companies around in the 1980s have expired and been forgotten Most of the trucks from that time are long gone to the great scrapyard in the sky David Wakefield has been working in the transport industry for over 30 years and has been taking photographs of trucks since the early 1980s He has amassed thousands of high quality images producing one of the most comprehensive photographic collections of the time but many of his photographs have never been previously published In this vivid compilation Nick Ireland has collated 300 of David s

images from the 1980s in order to preserve them and make them publicly available for the first time The book features trucks from all over the world and it is a must have for current and former truckers who will enjoy being reminded of the good old days as well as anyone else with an interest in transport history Subject History Transportation Photography *Finding Images Online* Paula Berinstein,1996 Learn to use the vast resources of online systems and the Internet to locate view download reformat share and print images Today cyberspace is exploding with millions of digital images many of them in the public domain Learn how to efficiently tap this resource with the help of Finding Images Online *The Duesenberg Caper* Roger Corea,2015-09 A vacation in beautiful Sicily turns deadly when young schoolteachers Andrew Robinson and his wife Ada find themselves commissioned to solve one of the oldest mysteries in the classic car world the whereabouts of the priceless 1935 Duesenberg SJ Emmanuel formerly owned by King Victor Emmanuel of Italy that has been missing for decades 13th International Symposium on Automotive Lightning - ISAL 2019 - Proceedings of the Conference Tran Quoc Khanh,2019-09-19 *Aesthetic Communication* O.
