

Fool around.

Take
a fling on the
best economy buy
in the business.

CITATION® LS/LSE

You simply can't buy more sled for the money. Because from the tip of its flexible plastic nose piece to its cushiony Torque Reaction slide suspension, the Citation LS is all new, all Ski-Doo—and light years ahead of the competition.

Tough, torquey, yet feather weight, this well-mannered, beautifully balanced, exceptionally snow-worthy sled has everything it takes to show a novice a good time—plus the enthusiastic power, responsive handling and solid stability it takes to play rough with the pros.

With its all-steel monocoque frame, new 15" by 102" internal drive track, 28½" ski stance, custom-designed 248.4 cm³ Rotax® engine with calibrated exhaust, oil injection and CD ignition,

the Citation LS is a full-sized sled. It's also the only single cylinder sled available in a factory installed electric start model. And it's yours at a price other people pay for a toy.

So take one home to the kids. Or take one out for a fling. When you ride a new Citation LS, you can fool around to your heart's content—because we didn't when we designed it.
