Alternative Investments Instruments Performance Benchmarks And Strategies:

Alternative Investments H. Kent Baker, Greg Filbeck, 2013-03-06 A comprehensive guide to alternative investments that reveals today's latest research and strategies. Historically low interest rates and bear markets in world stock markets have generated intense interest in alternative investments. With returns in traditional investment vehicles relatively low, many professional investors view alternative investments as a means of meeting their return objectives. **Alternative Investments Instruments Performance Benchmarks and Strategies** can put you in a better position to achieve this difficult goal. Part of the Robert W. Kolb Series in Finance, **Alternative Investments** provides an in-depth discussion of the historic performance benchmarks and strategies of every major alternative investment market. With contributions from professionals and academics around the world, it offers valuable insights on the latest trends, research, and thinking in each major area. Empirical evidence about each type of alternative investment is featured, with research presented in a straightforward manner. Examines a variety of major alternative asset classes from real estate, private equity, and commodities to managed futures, hedge funds, and distressed securities. Provides detailed insights on the latest research and strategies and offers a thorough explanation of historical performance benchmarks and other critical information. Blends knowledge from the conceptual world of scholars with the pragmatic view of practitioners in this field. Alternative investments provide a means of diversification, risk control, and return enhancement and as such are attractive to many professional investors. If you're looking for an effective way to hone your skills in this dynamic area of finance, look no further than this book.

The Evolution of Sustainable Investments and Finance Francesco Gangi, Antonio Meles, Lucia Michela Daniele, Nicola Varrone, Dario Salerno, 2021-03-19 Over the last decade socially responsible investments SRIs have become paramount to both professionals and academics In the aftermath of the financial crisis of 2007 8 practitioners have become much more involved in new financial models that integrate returns and positive social and environmental impacts The authors argue that previous irresponsible financial models are anachronistic and propose a new relationship between stakeholder and shareholder Starting from the mainstreaming of SRI this book recovers the social function of banks and the innovative role of crowdfunding and venture capital models The book offers a unified perspective for firm and funder making it a timely and invaluable read for scholars and practitioners interested in sustainable development and social impact finance

The Financialization of Agri-Food Systems Hilde Bjorkhaug, André Magnan, Geoffrey Lawrence, 2018-10-09 Financialization is the increased influence of financial actors and logics on social and economic life and is one of the key drivers transforming food systems and rural economies around the world The premise of

this book is that the actions of financial actors and their financial logics are transforming agri food systems in profound ways It is shown that although financialization is a powerful dynamic some recent developments suggest that the rollout of financialization is contradictory and uneven in different spaces and markets The book examines cases in which state regulation or re regulation and social movement resistance are setting roadblocks or speed bumps in the path of financialization resulting in a cooling off of investment as well as the other side of the argument where there is evidence of a heating up The authors address not only the limits to financialization but also the mechanisms through which financial entities are able to penetrate and re shape agri food industries This book provides both a comparative analysis of financialization blending and empirical findings with conceptual insights It explores the connection between financialization food systems and rural transformation by critically examining the concept of financialization and how food and farming are being financialized the impacts of financialization in the food industry and financialization in farming and forestry along with the impacts this has on rural people and communities This is a timely book bringing together concrete case studies from around the globe to reveal the operations and impacts of finance capital in the space of agri food
