Passive Income Ideas The concept of making money when you sleep has drawn a crowd to the pursuit of passive income Theoretically you put in some time and money in the start then relax and let the money pour in when you focus on other things This appears like a dream become a

reality but it's mostly only a dream. In today's workforce relying on one income source is risky. Job protection is rarely guaranteed and a little extra cash is useful always. By using your primary income source to cover basic expenses you may use extra income streams to pay off debts, reduce your economic burden or avoid going further into debt when you are able to pay for larger purchases up front rather than with a credit card or loan. Conversely, passive income is cash that continues to pay out following the initial work is done. Traditionally, income that were considered passive generally included money earned from investments in shares or profit acquired by a person who had invested in accommodations property but wasn't involved in the management or day to day functions of that property. This book covers Passive Income, Dropshipping, Affiliate Marketing, Blogging, Dividend Stocks, Merch By Amazon, Programs Amazon FBA, Ebook, Online Courses, Freelancing, As A Virtual Assistant AND MORE.
