Tales Out of School Jo Keroes, 1999 Jo Keroes s scope is wide she examines the teacher as represented in fiction and film in works ranging from the twelfth century letters of Abelard and Heloise to contemporary films such as Dangerous Minds and Educating Rita And from the twelfth through the twentieth century Keroes shows the teaching encounter is essentially erotic Tracing the roots of eros from cultural as well as psychological perspectives Keroes

defines erotic in terms broader than the merely sexual She analyzes ways in which teachers serve as convenient figures on whom to map conflicts about gender power and desire To show how portrayals of men and women differ she examines pairs of texts using a film or a novel with a woman protagonist Up the Down Staircase for example as counterpoint to one featuring a male teacher Blackboard Jungle or The Prime of Miss Jean Brodie balanced against Dead Poets Society The portrayals of teachers like all images a culture presents of itself reveal much about our private and social selves Keroes points out authentic accounts of authoritative women teachers who are admired and respected by colleagues and students alike Real teachers differ from the stereotypes we see in fiction and film however Male teachers are often portrayed as heroes in film and fallibly human in fiction whereas women in either genre are likely to be monstrous or muddled and are virtually never women of color Among other things Keroes demonstrates the tension between reality and representation reveals society s ambivalence about power in the hands of women

Understanding Pat Conroy Catherine Seltzer, 2015-04-15 An insightful look at the life and work of the extraordinary popular Southern writer Pat Conroy s novels and memoirs have indelibly shaped the image of the South in the American imagination His writing has rendered the physical landscape of the South Carolina lowcountry familiar to legions of readers and has staked out a more complex geography as well one defined by domestic trauma racial anxiety religious uncertainty and cultural ambivalence In Understanding Pat Conroy Catherine Seltzer engages in a sustained consideration of Conroy and his work The study begins with a sketch of Conroy s biography which while fascinating in its own right is employed here to illuminate many of the motifs and characters that define his work and to locate him within southern literary tradition Seltzer then explores each of Conroy s major works tracing the evolution of the themes within and among each of his novels including The Great Santini The Lords of Discipline The Prince of Tides Beach Music and South of Broad and his memoirs among them The Water Is Wide and My Losing Season Seltzer s insightful close readings of Conroy s work are supplemented by interviews and archival material shedding new light on the often complex dynamics between text and context in Conroy s oeuvre More broadly Understanding Pat Conroy explores the ways that Conroy delights in troubling the boundaries that circumscribe the literary
