JG Myers

To Save America Stopping Obamas Secular Socialist Machine By Newt Gingrich:

To Save America Newt Gingrich, 2011-01-04 The message of this extraordinary election in November 2010 is clear enough the American citizenry has rejected the secular dogma socialist policies and machine driven politics that comprise the Obama agenda Now the question is whether President Obama and his Democratic Party will accept the will of the people and change the destructive course upon which they have set this country First and foremost Republicans must fight to dislodge the secular socialist machine whose methods and goals are described in this book This machine has driven America so deeply into debt and has so fundamentally changed the relationship between the American citizenry and our government that our children's future is now imperiled We cannot assume that after the 2010 election the machine will simply accept the will of the people After all the very purpose of a political machine is to thwart the will of the people *To Save America*

Newt Gingrich, 2010-05-17 Argues that the Obama administration is committed to a secular socialist ideology that threatens traditional American values citing examples of big government corruption and offering strategies for replacing failed policies

The Necessity of Secularism Ronald A. Lindsay, 2014-12-01 For the first time in human history a significant percentage of the world's population no longer believes in God This is especially true in developed nations where in some societies nonbelievers now outnumber believers Unless religion collapses completely or undergoes a remarkable resurgence countries across the globe must learn to carefully and effectively manage this societal mix of religious and irreligious For in a world already deeply riven by sectarian conflict this unprecedented demographic shift presents yet another challenge to humanity Writing in an engaging accessible style philosopher and lawyer Ronald A Lindsay develops a tightly crafted argument for secularism specifically that in a religiously pluralistic society a robust thoroughgoing secularism is the only reliable means of preserving meaningful democracy and rights of conscience Contrary to certain political pundits and religious leaders who commonly employ the term secularism as a scare word Lindsay uses clear concrete examples and jargon free language to demonstrate that secularism is the only way to ensure equal respect and protection under the law for believers and nonbelievers alike Although critical of some aspects of religion Lindsay neither presents an antireligious tirade nor seeks to convert anyone to nonbelief reminding us that secularism and atheism are not synonymous Rather he shows how secularism works to everyone's benefit and makes the definitive case that the secular model should be feared by none and embraced by all xml namespace prefix o ns urn schemas microsoft com office office Life Is Short Compared to Eternity Richard

Traylor, 2010-11 Who was and is Jesus Christ What is the gospel of Jesus Christ Is the Bible trustworthy How can the gospel of Jesus Christ benefit you Apologetics What are the central teachings of Islam atheism and secular socialism and why do these fail to measure up to Biblical Christianity Polemics What are the major yet to be fulfilled biblical prophecies and how will these affect you Prophecy The Bible says that God created you in His image that God loves you and wants to have a personal relationship with you How can you know God and have a personal relationship with Him How can you grow and

mature spiritually Spiritual Growth How can you share your faith with others Witnessing and Evangelism How can you help other believers grow and mature spiritually Discipling Come along with me and consider the answers to these and other questions that have eternal significance to you This will be an exciting journey as you discover God s plan for an abundant life for you now and forever if you place your faith in the gospel of Jesus Christ Steep Lawrence Rosenthal,Christine Trost,2012-08-14 In the Spring of 2009 the Tea Party emerged onto the American political scene In the wake of Obama s election as commentators proclaimed the death of conservatism Tax Day rallies and Tea Party showdowns at congressional town hall meetings marked a new and unexpected chapter in American conservatism Accessible to students and general readers Steep The Precipitous Rise of the Tea Party brings together leading scholars and experts on the American Right to examine a political movement that electrified American society Topics addressed by the volume s contributors include the Tea Party s roots in earlier mass movements of the Right and in distinctive forms of American populism and conservatism the significance of class race and gender to the rise and successes of the Tea Party the effect of the Tea Party on the Republican Party the relationship between the Tea Party and the Religious Right and the contradiction between the grass roots nature of the Tea Party and the established political financing behind it Throughout the volume authors provide detailed and often surprising accounts of the movement s development at local and national levels In an Epilogue the Editors address the relationship between the Tea Party and the Occupy Wall Street movement *Liberty Means Freedom for All* Steven H. Propp,2012-11-16 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science Its an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his sett led view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rands philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christi an Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved Look Closer David R.

Coon,2013-12-17 In recent years the media landscape in the United States has followed a pattern similar to that of the physical landscape by becoming increasingly suburbanized Although it is a far cry from reality the fantasy of a perfect suburban life still exists in the collective imagination of millions of Americans This dream of suburban perfection is built around a variety of such ideologically conservative values and ideals as the importance of tradition the centrality of the nuclear family the desire for a community of like minded neighbors the need for clearly defined gender roles and the belief that with hard work and determination anyone can succeed Building on the relationships between suburban life and American identity Look Closer examines and interprets recent narratives that challenge the suburban ideal to reveal how directors and producers are mobilizing the spaces of suburbia to tell new kinds of stories about America David R Coon argues that the myth of suburban perfection popularized by postwar sitcoms and advertisements continues to symbolize a range of intensely debated issues related to tradition family gender race and citizenship Through close examinations of such films as American Beauty The Truman Show and Mr Mrs Smith as well as such television series as Desperate Housewives Weeds and Big Love the book demonstrates how suburbia is used to critique the ideologies that underpin the suburban American Dream

Politics without Stories David Ricci,2016-10-27 Conservatives use great stories to prescribe government policy Liberals engage the world via science and pragmatism rendering liberalism less inspiring This book examines this difference

Censored 2013 Mickey Huff,Andy Lee Roth,2012-10-30 Every year since 1976 Project Censored our nation s oldest news monitoring group a university wide project at Sonoma State University founded by Carl Jensen directed for many years by Peter Phillips and now under the leadership of Mickey Huff has produced a Top 25 list of underreported news stories and a book Censored dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship Seven Stories Press has been publishing this yearbook since 1994 featuring the top stories listed democratically in order of importance according to students faculty and a national panel of judges Each of the top stories is presented at length alongside updates from the investigative reporters who broke the stories Beyond the Top 25 stories additional chapters delve further into timely media topics The Censored News and Media Analysis section provides annual updates on Junk Food News and News Abuse Censored Deja Vu signs of hope in the alternative and news media and the state of media bias and alternative coverage around the world In the Truth Emergency section scholars and journalists take a critical look at the US NATO military industrial media empire And in the Project Censored International section the meaning of media democracy worldwide is explored in close association with Project Censored affiliates in universities and at media organizations all over the world A perennial favorite of booksellers teachers and readers everywhere Censored is one of the strongest life signs of our current collective desire to get the news we citizens need despite what Big Media tells us

Keeping the Republic: Power and Citizenship in American Politics, 6th Edition The Essentials Christine Barbour,Gerald C. Wright,2013-01-15 Keeping the Republic s lively discussion of who gets what and how develops students

critical thinking abilities in the intro American government course Every section and every feature in the book has one goal in mind to get students to think critically and be skeptical of received wisdom Serving as a true aid to teachers each chapter is designed to build students analytical abilities By introducing them to the seminal work in the field and showing them how to employ the themes of power and citizenship this proven text builds confidence in students who want to take an active part in their communities and government to play their part in keeping the republic and to consider the consequences of that engagement

Keeping the Republic: Power and Citizenship in American Politics, 5th Brief Edition Christine Barbour, Gerald C. Wright, 2012-12-20 A consistent and compelling narrative is crucial to student engagement with any book But sadly so many brief editions are mere cut and paste versions of their comprehensive selves Not the case with Keeping the Republic's brief edition Carefully condensed by Barbour and Wright this text gives your students all the continuity and crucial content of the full version just in a more concise value oriented package And now your students benefit from a new full color interior design Photos jump off the page and colorful charts tables and maps enhance students data literacy Repeatedly praised for engaging students to think critically about who gets what and how in American politics Barbour and Wright show them how institutions and rules determine who wins and who loses in the political arena The authors carefully craft each graphic boxed feature and vignette to develop students analytic capabilities By introducing them to the seminal work in the field and showing them how to employ the themes of power and citizenship this proven text builds confidence in students who want to take an active part in their communities and government so they play their part in keeping the republic

The Politics of American Foreign Policy Peter Hays Gries, 2014-04-16 This eye opening analysis explains how and why America's culture wars and partisan divide have led to dysfunctional US policy abroad The Atlantic In this provocative book Peter Gries challenges the view that partisan elites on Capitol Hill are out of touch with a moderate American public Dissecting a new national survey Gries shows how ideology powerfully divides Main Street over both domestic and foreign policy and reveals how and why with the exception of attitudes toward Israel liberals consistently feel warmer toward foreign countries and international organizations and desire friendlier policies toward them than conservatives do The Politics of American Foreign Policy weaves together in depth examinations of the psychological roots and foreign policy consequences of the liberal conservative divide the cultural socio racial economic and political dimensions of American ideology and the moral values and foreign policy orientations that divide Democrats and Republicans Within this context the book explores why Americans disagree over US policy relating to Latin America Europe the Middle East East Asia and international organizations such as the UN

[White Storm](#) Martin Gelin, 2025-01-21 A piercing examination of America's struggle with racism and why this now threatens the survival of the nation's democracy When the U S Capitol was stormed in 2021 it was an attack on the very idea of America as a pluralist democracy It was also a reminder that the worst threat to the United States today doesn't come from any foreign despot but from domestic racism In *The White Storm* the journalist and author

Martin Gelin looks back at two decades as a political correspondent and three centuries of American history to understand this moment of crisis In the vein of Alexis de Tocqueville or Tony Judt fellow Europeans who traveled America searching for answers to its political contradictions this is a journey across time and space from Thomas Jefferson s Monticello to the slave plantations of Louisiana from mass prisons in rural Arizona to memorials for lynching victims in Alabama The book reveals how every step forward for Black Americans is met with a fierce backlash from white Americans taking two recurring forms violent extremism and a flight from the commons The white backlash always grows in proportion to the black advances After Joe Biden was declared the winner of the 2020 presidential election a Black man at a polling station in Detroit said We used to pick cotton now we pick presidents It is precisely this Black agency that white nationalists refuse to accept The White Storm reveals how racism has permeated almost every significant conflict in America s past Now it threatens American democracy itself *Care of Souls, Care of Polis* Ryan LaMothe,2017-07-25 In the fields of pastoral care and pastoral theology there are times when a book signals a paradigm shift This is one such book LaMothe develops a political pastoral theology that is used to examine critically political economic and societal structures and practices In the first part of the book LaMothe argues that care and pastoral care are political concepts which along with the notion of justice can be used as a hermeneutical framework to assess macropolitical and macroeconomic realities Included in this section is the notion of civil and redemptive discourse necessary for the survival and flourishing of persons and polis The last section of the book examines U S Empire capitalism class classism and other pressing political issues using the hermeneutical lens of care

So You Want to Be My President? The ULTIMATE Voter's Guide Barry Goodfield,2011-09-29 **The "S" Word** John Nichols,2011-03-21 During the Cold War it became a dirty word in the United States but socialism runs like a red thread through the nation s history an integral part of its political consciousness since the founding of the republic In this unapologetic corrective to today s collective amnesia John Nichols calls for the proud return of socialism in American life He recalls the reforms lauded by Founding Father Tom Paine the presence of Karl Marx s journalism in American letters the left leanings of founders of the Republican Party the socialist politics of Helen Keller the progressive legacy of figures like Chaplin and Einstein Now in an updated edition The S Word makes a case for socialist ideas as an indispensable part of American heritage A new final chapter considers the recent signs of a leftward sea change in American politics in the face of increasing and historic levels of inequality Today corporations like other rich individuals pay fewer taxes than they did in the 1950s while our infrastructure crumbles and the seas rise The S Word addresses a nation that can no longer afford to put capital before people **Society without God, Second Edition** Phil Zuckerman,2020-07-21 An updated edition showcasing the social health of the least religious nations in the world Religious conservatives around the world often claim that a society without a strong foundation of faith would necessarily be an immoral one bereft of ethics values and meaning Indeed the Christian Right in the United States has argued that a society without God would be hell on earth In Society without God

Second Edition sociologist Phil Zuckerman challenges these claims Drawing on fieldwork and interviews with more than 150 citizens of Denmark and Sweden among the least religious countries in the world he shows that far from being inhumane crime infested and dysfunctional highly secular societies are healthier safer greener less violent and more democratic and egalitarian than highly religious ones Society without God provides a rich portrait of life in a secular society exploring how a culture without faith copes with death grapples with the meaning of life and remains content through everyday ups and downs This updated edition incorporates new data from recent studies updated statistics and a revised Introduction as well as framing around the now more highly developed field of secular studies It addresses the dramatic surge of irreligion in the United States and the rise of the nones and adds data on societal health in specific US states along with fascinating context regarding which are the most religious and which the most secular **Getting Right with Reagan** Marcus M.

Witcher,2019-11-29 Republicans today often ask What would Reagan do The short answer probably not what they think Hero of modern day conservatives Ronald Reagan was not even conservative enough for some of his most ardent supporters in his own time and today his practical often bipartisan approach to politics and policy would likely be deemed apostasy To try to get a clearer picture of what the real Reagan legacy is in this book Marcus M Witcher details conservatives frequently tense relationship with Ronald Reagan in the 1980s and explores how they created the latter day Reagan myth Witcher reminds us that during Reagan s time in office conservative critics complained that he had failed to bring about the promised Reagan Revolution and in 1988 many Republican hopefuls ran well to the right of his policies Notable among the dissonant acts of his administration Reagan raised taxes when necessary passed comprehensive immigration reform signed a bill that saved Social Security and worked with adversaries at home and abroad to govern effectively Even his signature accomplishment invoked by Mr Gorbachev tear down this wall was highly unpopular with the Conservative Caucus as evidenced in their newspaper ads comparing the president to Neville Chamberlain Appeasement is as Unwise in 1988 as in 1938 Reagan s presidential library and museum positioned him above partisan politics emphasizing his administration s role in bringing about economic recovery and negotiating an end to the Cold War How this legacy as Reagan himself envisioned it became the more grandiose version fashioned by Republicans after the 1980s tells us much about the late twentieth century transformation of the GOP and as Witcher s work so deftly shows the conservative movement as we know it now *Harvard Law Review: Volume 129, Number 4 - February 2016* Harvard Law Review,2016-02-09 The February 2016 issue Number 4 features these contents Article Constitutional Bad Faith by David E Pozen Book Review No Immunity Race Class and Civil Liberties in Times of Health Crisis by Michele Goodwin FTC regulation of data security voting rights disparate impact and the Texas voter ID law and fair labor primary beneficiary and unpaid interns The issue includes analysis of Recent Regulations on Dodd Frank and mandatory pay disclosure and on Clean Air Act regulation of carbon emissions from existing power plants Also included are a Recent Event comment on the killing of a non university affiliate by campus police and a Recent Book comment on Richard

McAdams 2015 book *The Expressive Powers of Law* Finally the issue includes several brief comments on Recent Publications The Harvard Law Review is offered in a quality digital edition featuring active Contents linked footnotes active URLs legible tables and proper ebook and Bluebook formatting The Review is a student run organization whose primary purpose is to publish a journal of legal scholarship It comes out monthly from November through June and has roughly 2500 pages per volume Student editors make all editorial and organizational decisions This is the fourth issue of academic year 2015 2016

How to Be Secular Jacques Berlinerblau, 2012-09-11 Why secularism isn't the same thing as atheism and why it's crucial for preserving liberty and democracy for all Americans regardless of their beliefs Founding father Thomas Jefferson believed that religion is a matter which lies solely between man and his God but these days many people seem to have forgotten this ideal Conservatives claim America is a Christian nation and urge that laws be structured around religious convictions Hardcore atheists meanwhile seek to undermine and attack religion at all levels Surely there must be a middle ground In *How to Be Secular* Jacques Berlinerblau issues a call to the moderates those who are tired of the belligerence on the fringes that we return to America's long tradition of secularism which seeks to protect both freedom from and for religion He looks at the roots of secularism and examines how it should be bolstered and strengthened so that Americans of all stripes can live together peacefully Jacques Berlinerblau mounts a careful judicious and compelling argument that America needs more secularists The author's argument merits a wide hearing and will change the way we think and talk about religious freedom Randall Balmer author of *Thy Kingdom Come* How the Religious Right Distorts Faith and Threatens America
