Indoctrination Colin Gunn (Filmmaker), Joaquin Fernandez (Filmmaker), 2012 Companion book to documentary film *IndocriNation*

Home Schooling Frederick M. Lawrence, 2007 From left to right on the political spectrum there is at least one note of agreement the nation's school system has not delivered universal quality education Accordingly debate has raged over how to rectify this situation Should the government increase funding encourage privatisation some of both Another option though has emerged and is seemingly gaining popularity home schooling Citing both substandard education and displeasure with school environments and curricula many parents have decided to teach their own children Supporters say it is well within their rights to raise their children as they see fit and that at home learning is superior to the public system Detractors claim that home schooled children are deprived of social interaction and the broad based education provided by the system Neither side wants to cede ground making the issue of home schooling an integral part of a wider national debate on education In this book the specific topic of home schooling is presented from all relevant sides to give a complete picture of the present status of the issue and its potential for future resolution Following this overview is a thorough and carefully selected bibliography of literature about home schooling from all viewpoints Easy access to his important resource is then provided via author title and subject indexes

95 Theses for a New Reformation Aaron Hebbard, 2017-10-09 Five hundred years ago Martin Luther wrote his Ninety Five Theses inaugurating the Protestant Reformation and with it exemplified an unflinching devotion to return to the Word of God as the ultimate authority Today the church is also in desperate need for reformation a new reformation to correct her shortcomings and meet the challenges of the day Some might see everything as fine some might see everything as hopeless and others might simply dismiss the church as irrelevant too impotent to reform herself much less to strengthen the disintegrating family or address the downward spiraling culture with a prophetic voice 95 Theses for a New Reformation confronts the necessity for reformation today head on Over thirty of today's pastors theologians and church leaders analyze ninety five current problems search the Scriptures for solutions and make sound biblical appropriations to implement into the life of the church family and culture On this 500th anniversary of the Protestant Reformation let us pray that the Lord will again revive his church for his own glory and for the purification of Christ's beloved bride the church And let us prepare ourselves to respond with urgency to God's call to action by reforming the church family and culture Contributors include John Frame John MacArthur R C Sproul Peter J Leithart and James White

There are thousands of books and curriculum choices for parents these days Let us make it simple for you Have you given your children God's curriculum It should go without saying that there is a good deal of wisdom and knowledge to be found in the Book of Proverbs It was the original curriculum produced about 3 000 years ago intended as the basic education for a young man or young woman Could this wisdom be just as relevant and just as important now even after being displaced by a thousand new and improved systems of thought At the very least Christian parents should be most interested in providing this compendium of knowledge to their children from their earliest years Our children should be able to internalize and apply the principles found in the Book of Proverbs from their earliest years If our children will be rooted in all 1 000 plus lessons found in Proverbs before they reach adulthood they should begin to work through them as early as 8 or 9 years of age Features of this lesson book include provides an excellent simple introduction to the Proverbs for the 9 12 year old child may also serve as a Companion for the Proverbs Bible Study Guide Series provided by Generations with Vision or used independently contains lessons that follow a Read Think Hide and Apply method includes series of exercises for every chapter in the Book of Proverbs includes Answer Keys **What Does the Bible Say about That?** Kevin Swanson, 2011-10 In this exciting new worldview curriculum for children Kevin Swanson presents the very basics of a biblical worldview for children At some point every child needs to see the forest from the trees This introduction to a biblical worldview will help kids make sense of the world around them and it shows them the big picture of God's truth in the Bible Presented in a simple engaging way this study guide provides a basic introduction to truth ethics origins causality anthropology sociology family church civil government education economics defense crime and charity Workbook assignments games puzzles and more are included at the end of each chapter Recommended for ages 9 *Proverbs Study Guide III* Kevin Swanson, 2011 Families and schools spend billions of dollars each year on curriculum for children Most of the time they forget to include God's curriculum the Book of Proverbs In this three thousand year old compendium of wisdom God lays out a full education program in a surprisingly practical form He takes the most important lessons concerning science government business psychology human relationships banking epistemology metaphysics and ethics and wraps them into simple character lessons for young men and women Significantly the faculty who must present these lessons in God's Book of Wisdom is none other than fathers and mothers This third and final study guide in the Book of Proverbs covers chapters 24-31 Spiral bound 305 Pages *Psalms 4* Kevin Swanson, 2014 What does our relationship with God look like How do we communicate with God How do we walk with Him The Book of Psalms presents the Christian life in vivid color It teaches the language of worship It leads us through the emotional jungle of life It equips us for battle The believer may not read Leviticus every day but he must know that the Psalms are for every day Jesus Christ had the words of the Psalms on His lips as He hung on the cross and His followers will live and die with the Psalms This is why we must teach our children the Psalms If these precious ones will walk
