Stanton, 2017-09-19 A portrait of the American recon platoon of the 101st Airborne Division describes their sixty day fight for survival during the 1968 Tet Offensive tracing their postwar difficulties with acclimating into a peacetime America that did not want to hear their story *The Making of Reverse Discrimination* Ellen Messer-Davidow, 2021-07-14 In *The Making of*

Reverse Discrimination Ellen Messer Davidow offers a fresh and incisive analysis of the legal judicial discourse of *DeFunis v Odegaard* 1974 and *Regents of the University of California v Bakke* 1978 the first two cases challenging race conscious admissions to professional schools to reach the US Supreme Court While the voluminous literature on *DeFunis* and *Bakke* has focused on the Supreme Court's far from definitive answers to important constitutional questions Messer Davidow closely examines each case from beginning to end She investigates the social surrounds where the cases incubated their tours through the courts and their aftereffects Her analysis shows how lawyers and judges used the mechanisms of language and law to narrow the conflict to a single white male applicant and a single white dominated university program to dismiss the historical sociological statistical and experiential facts of systemic racism and thereby to assemble reverse discrimination as a new object of legal analysis In exposing the discursive mechanisms that marginalized the interests of applicants and communities of color Messer Davidow demonstrates that the construction of facts the reasoning by precedent and the invocation of constitutional principles deserve more scrutiny than they have received in the scholarly literature Although facts precedents and principles are said to bring stability and equity to the law Messer Davidow argues that the white centered narratives of *DeFunis* and *Bakke* not only bleached the color from equal protection but also served as the template for the dozens of anti affirmative action projects lawsuits voter referenda executive orders that conservative movement organizations mounted in the following years **Facets of the Vietnam War in American Media** Heinz-Dietrich Fischer

Vietnam, 2013-10-01 This collection of images from the Associated Press Saigon bureau is the ultimate photographic record of the drama and tragedy of the Vietnam War To cover the Vietnam War the Associated Press gathered an extraordinary group of superb photojournalists in its Saigon bureau creating one of the great photographic legacies of the 20th century Collected here are images that tell the story of the war that left a deep and lasting impression on American life These are pictures that both recorded and made history Author and journalist Pete Hamill who reported from Vietnam in 1965 celebrates the achievement of these courageous photojournalists in a moving introductory essay The Vietnam War Geoffrey C. Ward, Ken Burns, 2017-09-05 NATIONAL BESTSELLER Based on the celebrated PBS television series the complete text of an engrossing history of America's least understood conflict a significant milestone that will no doubt do much to determine how the war is understood for years to come The Washington Post More than forty years have passed since the end of the Vietnam War but its memory continues to loom large in the national psyche In this intimate history Geoffrey C Ward and Ken Burns have crafted a fresh and insightful account of the long and brutal conflict that reunited Vietnam while dividing the United States as nothing else had since the Civil War From the Gulf of Tonkin and the Tet Offensive to Hamburger Hill and the fall of Saigon Ward and Burns trace the conflict that dogged three American presidents and their advisers But most of the voices that echo from these pages belong to less exalted men and women those who fought in the war as well as those who fought against it both victims and victors willing for the first time to share their memories of Vietnam as it really was A magisterial tour de force The Vietnam War is an engrossing history of America's least understood conflict Congressional Record United States. Congress, 1967 **Public Affairs** William M. Hammond, 1996 Public Affairs The Military and the Media 1968 1973 the sequel volume to William M Hammond's Public Affairs The Military and the Media 1962 1968 continues the history and analysis of the relationship between the press and the military during the final years of the Vietnam conflict Relying on official records and histories news media sources and interviews and significant secondary works Hammond has carefully and capably traced the many turns that public affairs policies and campaigns took to protect military secrets without diminishing the independence of news correspondents Massive amounts of information were forthcoming without endangering U S forces but neither the press nor the government was totally satisfied with the system Doubts and criticisms loomed large giving rise to tensions and disagreements With some exceptions the military and the news media became enemies What happened in Vietnam between the military and the news media was symptomatic of what had occurred in the United States as a whole Hammond's well written account raises the issues and problems that can confront an open society at war documenting events and precedents that will continue to affect military media relations during future operations It offers important lessons for Soldiers newsmen policymakers and the public at large **The Joint Chiefs of Staff and the War in Vietnam, 1960-1968** Graham A. activities related to developments in Vietnam during the period 1960-1963 when the United States expanded its initial military commitment to Southeast Asia. In 1960 the United States increased its military advisory strength in South Vietnam in response to increased Communist infiltration and to more sustained guerrilla attacks in the south and its contingency planning effort to deploy regular US forces to both Laos and South Vietnam to counter any threat by Communist Army units from the north or from China. President Kennedy's call for a new emphasis upon guerrilla warfare at first received only lukewarm support from the Joint Chiefs of Staff. After the failed Bay of Pigs episode very early in the Kennedy administration the President lost faith in the advice of the Joint Chiefs of Staff and appointed General Maxwell Taylor to serve as his intermediary with the Joint Chiefs until he assumed the Chairman responsibilities in October 1962. The Kennedy administration's policy was marked by clashes between factions in the Defense Department including the Joint Chiefs of Staff, the State Department and the White House. By 1963 these differences involved the support the US should provide for the Republic of Vietnam under its President Ngo Dinh Diem. The history ends with the killing of Diem by a coup followed by the coincidental murder of President Kennedy a short time later.

The Vietnam War Files Jeffrey P. Kimball, 2004. The new evidence uncovers a number of behind the scenes plays such as Nixon's secret nuclear alert of October 1969 and sheds more light on Nixon's goals in Vietnam and his and Kissinger's strategies of Vietnamization, the China card and triangular diplomacy. The excerpted documents also reveal significant new information about the purposes of the linebacker bombings, Nixon's manipulation of the POW issue and the conduct of the secret negotiations in Paris as well as other key topics, events and issues. All of these are effectively framed by Kimball whose introductions to each document provide historical context.

The Ultimate Protest Ray E. Boomhower, 2024-03-15. The Ultimate Protest. Malcolm W. Browne. Thich Quang Duc and the News Photograph That Stunned the World examines how the most unlikely of war correspondents, Malcolm W. Browne, became the only Western reporter to capture Buddhist monk Thich Quang Duc's horrific self-immolation on June 11, 1963. Quang Duc made his ultimate sacrifice to protest the perceived anti-Buddhist policies of the Catholic-dominated administration of South Vietnam's president Ngo Dinh Diem. Biographer Ray E. Boomhower's *The Ultimate Protest* explores the background of the Buddhist crisis in South Vietnam in the spring of 1963 that led to Quang Duc's self-sacrifice as well as the worldwide reaction to Browne's photograph, how it affected American policy toward Diem's government and the role the image played in the violent coup on November 1, 1963 that deposed Diem and led to his assassination. The book also delves into the dynamics involved in covering the Vietnam War in the early days of the American presence and the pressures placed on the journalists to stop raising doubts about how the war was going. Browne and his colleague David Halberstam shared the 1964 Pulitzer Prize for

international reporting for their work in Vietnam

Vietnam at War Phillip B. Davidson, 1991 Weaving together the histories of three distinct conflicts Phillip B Davidson follows the entire course of the Vietnam War from the initial French skirmishes in 1946 to the dramatic fall of Saigon nearly thirty years later His connecting thread is North Vietnamese General Vo Nguyen Giap a remarkable figure who with no formal military training fashioned a rag tag militia into one of the world s largest and most formidable armies By focusing on Giap s role throughout the war and by making available for the first time a wealth of recently declassified North Vietnamese documents Davidson offers unprecedented insight into Hanoi s military strategies an insight surpassed only by his inside knowledge of American operations and planning Eminently qualified to write this history Davidson who served as chief intelligence officer under Generals Westmoreland and Abrams tells firsthand the story of our tragic ordeal in Indochina and brings his unique understanding to bear on topics of continuing controversy offering a chilling account for example of when and where the U S considered using nuclear weapons The most comprehensive and authoritative history of the conflict to date Vietnam at War sparkles with a rare immediacy and brings to life in compelling fashion the war that tore America apart We witness the chaos in Saigon when fireworks celebrating the Tet holiday are suddenly transformed into deadly rocket and machine gun fire We sit in on high level meetings where General Westmoreland plans operations or simply engages in some tough headknocking with subordinates And in the end we learn that even the seemingly limitless resources of the U S military could not match the revolutionary grand strategy of the North Vietnamese With its easy movement from intimate memoir to trenchant military analysis from the conference rooms of generals to the battle scarred streets of Hue this is military history at its most gripping A monumental engrossing and unforgettable chronicle Vietnam at War is indispensable for anyone hoping to understand a conflict that still rages in the American psyche

Dak To and the Border Battles of Vietnam, 1967-1968 Michael A. introspective assessment of the conditions that have led to the bifurcated world we live in today Utilizing a traditional Waltzian three images analysis the book examines the conditions that prompted the Quad countries US Japan India and Australia to securitize their relations with their important trading partner China over the past decade 2012 2022 Against a backdrop of rapidly growing disparities and increasingly untenable political economic conditions at home the last decade witnessed the emergence of a populist styled right wing conservative movement on a global scale China s rapid economic ascent coupled with its asymmetrical influence with its trading partners intensified anxieties as China closed the gap in capabilities with the United States further exacerbating international insecurities Paradoxically this situation has arisen due to China s remarkable success in becoming a de facto rather than de jure member of the San Francisco system in the second half of the Cold War through a very successful adaptation of capitalist reforms The adjustments brought about by the Quad countries are in reality realpolitik manoeuvres dressed in Cold War rhetoric in a collective effort to isolate China and diminish its influence within the San Francisco system and the wider region Unless the Quad countries can recalibrate their relations and adapt to a significantly more influential China the region s insecurities are likely to intensify as the conditions fueling nationalisms persist and globalization becomes increasingly bifurcated leading to a possible collapse of the San Francisco system itself This book takes a no holds barred approach in challenging conventional wisdoms and policy centric narratives and puts forth a forwarding looking argument that community building development and peace should remain the dominant goals for all regional countries going forward
