The Love Queen of the Amazon Cecile Pineda,2001 This hilarious novel is a feminist spoof on the mostly male magical realists of the Boom generation **Amazon Origins** R. H. Kent,2017-04-28 In the dark recesses of history women were considered property of first their father and then their husbandan established tradition for hundreds of years Just what would have to happen for one woman to decide that enough was enough And on her journey through life as she gathered like minded women with her how did they manage to become the legendary Amazons in a time when men ruled the world Reading this book you dont just observe the story you experience it *The Amazon* Nikolai Semenovitch Leskov,1949

Midwiving Subjects in Shakespeare's England Caroline Bicks,2017-07-05 At the intersections of early modern literature and history Shakespeare and Women s Studies Midwiving Subjects explores how Shakespearean drama and contemporary medical religious and popular texts figured the midwife as a central producer of the body s cultural markers In addition to attending most Englishwomen s births and testifying to their in extremis confessions about paternity the midwife allegedly controlled the size of one s tongue and genitals at birth and was obligated to perform virginity exams impotence tests and emergency baptisms The signs of purity and masculinity paternity and salvation were inherently open to interpretation yet early modern culture authorized midwives to generate and announce them Midwiving Subjects then challenges recent studies that read the midwife as a woman whose power was limited to a marginal and unruly birthroom community and instead uncovers the midwife s foundational role not only in the rituals of reproduction but in the process of cultural production itself As a result of recent changes in managed healthcare and of increased attention to uncovering histories of women s experiences midwives past and present are currently a subject of great interest This book will appeal to readers interested in Shakespeare as well as the history of women and medicine *Nina Knows the Night* Jon Batson,2009-12-03 Nina knows the night follows the adventures of Nina Richardson a mild mannered law school dropout who becomes a kick butt heroine after innocently acquiring a metal case filled with military like weapons Determined to knock out the growing crime in her formerly posh urban neighborhood now run down she discovers her superpowers to be her own inner strength and purpose Page 4 of cover **Bulletin** University of Michigan.
