**The Water Dragon** Andrew Woodward,2013-03-15 It's Hong Kong in August and DI John Chambers is feeling the heat. The trail of the murder suspect he followed to Hong Kong has gone cold; his boss wants him back in London and another dead body has turned up in Mong Kok. Meanwhile his attraction to Detective Lucy Li isn't helping his usually impressive powers of deduction. Hong Kong 2011. A killer documents the elaborate preparations, murders and subsequent media coverage of the gruesome crimes. DI Chambers seconded to the Hong Kong police teams up with local Detective Li to search for the prime suspect. In the process they inadvertently discover links between a seemingly random spate of deaths. The victims include a young man bludgeoned to death in Kowloon Park's aviary, a minor Triad found drowned in his bathtub in Mong Kok surrounded by dead rats and the body of an ex soldier discovered near a secluded beach on Lantau Island close to a herd of feral water buffalo. Can Chambers and Li discover the killer's identity before it's too late? Will the maniac dare to claim another victim at the Chinese New Year celebrations that mark the beginning of the year of the Water Dragon.

**The Silverbird's Sign** Andrew Woodward,2013-03-12 March 2012 a body with multiple stab wounds is found unceremoniously dumped in a derelict courtyard in a nondescript dusty town somewhere in the heart of Africa. Meanwhile a man wakes in an unfamiliar room in an unrecognisable place and with no recollection of how he got there. He must figure out what's happening and do it quickly and why does he have the unshakeable feeling that someone is coming to get him. In his possession is one clue that might clarify his predicament: two unknown phone numbers scribbled on a scrap of paper. Over 5000 miles away in Hong Kong Detective Lucy Li has made a breakthrough in figuring out the identity of the Triad killer in a double murder case. When her informant assures her that the killer is hiding out at a monastery on an outlying island, Li believes an arrest is finally imminent. But what is the connection between the mu in Hong Kong and the dead man in Africa? DI Chambers may have the answer to the conundrum but he's on the run, the prime suspect in a murder case and no one—not even Li—knows his whereabouts. With time running out he needs to solve the case and prove his innocence but before Chambers gets a chance he's in for a very nasty surprise.

**The Fire Walker** Andrew Woodward, 2012-07-23 A chance meeting with a face from the past in a West London pub convinces DI John Chambers to head north to Scotland to play golf at the hallowed Old Course in St Andrews and the offer to leave London couldn't come at a better time. Recently suspended from the Met police pending an inquiry into his unauthorised role in the case of *The Water Dragon* in Hong Kong, Chambers' career is hanging in the balance. But before he can get his clubs out of the bag he just has the seemingly routine task of locating a distant relative who has disappeared after a night out in Glasgow. However, Chambers' trip north of the border soon turns sinister as his search takes him to the normally peaceful villages of coastal Fife. When the discovery of several naked, disfigured bodies are linked directly to Chambers, he

quickly turns from hunter to hunted On the run and trying to save his career Chambers needs to find his relative and try to catch a serial killer His investigations uncover a secret history of smuggling disturbing ancient witch executions and a hedonistic royal drinking club but what if anything do they have to do with the sudden spate of mutilated corpses And what is the reason for his travelling companion s increasingly erratic behaviour
