Translating Rimbaud's Illuminations

Clive Scott, 2006 Translating Rimbaud s Illuminations is a critique of the assumptions which currently underlie our thinking on literary translation It offers an alternative vision extending the parameters of literary translation by showing that such translation is itself a form of experimental creative writing It also provides a reassessment of Rimbaud s creative impulses and specifically his prose poems the Illuminations In the expanding field of translation studies a brilliant and demanding book such as this has a valuable place In addition it also provides some fascinating hands on translation work of a very practical kind Published as a sequel to the author s Translating Baudelaire UEP 2000 it will become part of the canon

Postcolonial Echoes and Evocations Derek O'Regan, 2006 This work is a sedulous enquiry into the intertextual practice of Maryse Condé in *Moi Tituba sorcière noire de Salem* 1986 *Traversée de la mangrove* 1989 and *La Migration des cœurs* 1995 the texts of her oeuvre in which the practice is the most elaborate and discursively significant Arguing that no satisfactory reading of these novels is possible without due intertextual reference and interpretation the author analyses salient intertexts which flesh out and in the case of *Traversée de la mangrove* shed considerable new light on meaning and authorial discourse Whether it be in respect of canonical William Faulkner Emily Brontë Nathaniel Hawthorne postcolonial Aimé Césaire Jacques Roumain or other Anne Hébert Saint John Perse writers the author explores Condé's intertextual choices not only around such themes as identity resistance métissage and errance but also through the dialectics of race culture male/female centre periphery and past/present As both textual symbol and enactment of an increasingly creolised world intertextuality constitutes a pervasively powerful force in Condé's writing the elucidation of which is indispensable to evaluating the significance of this unique fictional oeuvre

Poetry, Politics, and the Body in Rimbaud Robert St. Clair, 2018-08-30 Bodies abound in Rimbaud's poetry in a way that is nearly unprecedented in the nineteenth century poetic canon lazy creative rule-breaking bodies queer bodies marginalized and impoverished bodies revolting and revolutionary historical bodies The question that *Poetry Politics and the Body* seeks to answer is What does this corporeal density mean for reading Rimbaud What kind of sense are we to make of this omnipresence of the body in the Rimbaudian corpus from first to last from the earliest poems in verse celebrating the sheer simple delight of running away from wherever one is and stretching one's legs out under a table to the ultimate flight away from poetry itself In response this book argues that the body appears often literally as a kind of gap/breach or aperture through which Rimbaud's poems enter into contact with history and a larger body of other texts Simply put the body is privileged lyrical material for Rimbaud a figure for human beings in their exposed finite creatureliness and in their unpredictable agency and interconnectedness Its presence in the early work allows us not only to contemplate what a strange sensuous thing it is to be embodied to be both singular and part of a collective it also allows the poet to diagnose and the reader to perceive a set of seemingly intractable real socio-economic political and symbolic problems Rimbaud's bodies are in other words utopian bodies/sites where the historical and the lyrical the ideal and the material do not so much cancel each other out as become caught up in one another
