The Curious Case of Dr. Castaneda's Twelve Pages of Field Notes F. Lawrence Fleming,2023-01-05 My previous book about the author Carlos Castaneda Making Sense of the Life and Works of Carlos Castaneda F Lawrence Fleming published 2018 was an attempt to show that although evidence appears to show that Castaneda did actually work with a Yaqui Indian sorcerer the publications concerning his fieldwork were largely fraudulent In this present book I shall attempt to show what sort of person the character don Juan in the books by Carlos Castaneda may have been in real life and how his remarkable personal philosophy can be inferred from what I assert is Castaneda s grossly corrupted version of the teachings of Don Juan in his published works

Fantasies of the Master Race Ward Churchill,1998 Chosen an Outstanding Book on the Subject of Human Rights in the United States by the Gustavus Myers Center for the Study of Human Rights In this volume of incisive essays Ward Churchill looks at representations of American Indians in literature and film delineating a history of cultural propaganda that has served to support the continued colonization of Native America During each phase of the genocide of American Indians the media has played a critical role in creating easily digestible stereotypes of Indians for popular consumption Literature about Indians was first written and published in order to provoke and sanctify warfare against them Later the focus changed to enlisting public support for civilizing the savages stripping them of their culture and assimilating them into the dominant society Now in the final stages of cultural genocide it is the appropriation and stereotyping of Native culture that establishes control over knowledge and truth The primary means by which this is accomplished is through the powerful publishing and film industries Whether they are the tragically doomed noble savages walking into the sunset of Dances With Wolves or Carlos Castaneda s Don Juan the exotic mythical Indians constitute no threat to the established order Literature and art crafted by the dominant culture are an insidious political force disinforming people who might otherwise develop a clearer understanding of indigenous struggles for justice and freedom This book is offered to counter that deception and to move people to take action on issues confronting American Indians today

My Life as a Colombian Revolutionary María Eugenia Vásquez Perdomo, 2005 In *My Life as a Colombian Revolutionary* Mar a Eugenia V squez Perdomo presents a gripping account of her experiences as a member of M 19 one of the most successful guerrilla movements in Colombia's tumultuous modern history V squez's remarkable story opens with her happy childhood in a middle class provincial household in which she was encouraged to be adventurous and inquisitive As an eighteen year old university student in Bogot Mar a Eugenia embraced radical politics and committed herself to militant action to rid her country of an abusive government Dedicated and daring V squez took part in some of the M 19's boldest operations in the 1970s and 1980s and became one of its leaders She was able to avoid detection for nearly twenty years in the movement because she was both clever and considered too attractive to be a guerrillera Her vivid narrative brings to life the men and women who were her comrades and conveys their anxiety and exhilaration as they carried out their actions When she tells of her love affairs with some of M 19's top leaders she cannot separate romance from camaraderie or escape a sense of impending tragedy If V squez gave us only a rare insider's account of youth culture and a guerrilla movement in a Latin American country this would be a book well worth reading But she also gives us an unsparing analysis of what it meant to be a woman in the movement and how much her commitment to radical politics cost her Author note Mar a Eugenia V

squez Perdomo is Director Fundaci n Mujer y Futuro NGO Woman and Future Foundation working in coordination with the UN High Commissioner for Refugees UNHCR on the project Mujer y Derechos Women and Rights which serves women forcibly displaced by the armed conflict The Spanish language edition of this book published as Escrito para no morir was awarded the Colombian National Prize for Testimonial Literature in 1998 Lorena Terando is Assistant Professor of Translation at the University of Wisconsin Milwaukee

Cosmic Fragments Asif A. Siddiqi, 2025-05-20 Looking beyond the well trodden celebratory narratives of space exploration and the powerful nostalgia of lunar landings *Cosmic Fragments* focuses instead on the moral ambiguities of spaceflight Beyond the fetishization of machines men and manifest destiny and the Cold War tensions of the space race lies a history rife with violence racial inequity colonial ambitions and catastrophe This volume yields new insights on the crucial role of environmental damage Indigenous dispossession population displacements infrastructural entanglements and narratives of decline in space exploration situated within larger questions in the history of science technology and the environment Each chapter explores histories of space travel across nations and regions to better understand the destructive power of infrastructure waste and exploitative legal regimes at the height of the space age Drawing from postcolonial science studies science and technology studies and anthropology contributors suggest that phenomena designed to disenfranchise and dislocate such as the displacement of Indigenous peoples were deeply imbedded in the coloniality of space travel By confronting and challenging problematic early accounts rooted in the cultural mores of settler colonialism *Cosmic Fragments* offers a fundamental repositioning of the history of spaceflight
